

Monthly Investment Performance Analysis

City of Jacksonville Employees' Retirement System

Period Ended: March 31, 2022

General Market Commentary

- Global equity markets posted mixed results in March. International equity market returns were relatively flat during the month, although emerging markets pulled back slightly. On the other hand, domestic equity markets rebounded moderately, experiencing low single digit positive returns.
- Headlines continued to be dominated by geopolitical tensions seen in Ukraine and Russia, persistent high inflation, and supply-chain disruptions. However, strong corporate earnings and employment data helped mitigate investors' concerns during the month.
- The Federal Open Market Committee (FOMC) voted to increase the fed funds rate by 0.25% at the March meeting, its first increase since 2018. Policymakers expect an additional 6 interest rate hikes to occur during 2022, as the FOMC attempts to combat the heightened inflation. Rising interest rates, increasing spreads, and heightened inflation have been headwinds for the fixed income asset class, which posted another month of negative returns in March.
- Equity markets posted positive returns in March as the S&P 500 (Cap Wtd) Index returned 3.71% and the MSCI EAFE (Net) Index returned 0.64%. Emerging markets returned -2.26% as measured by the MSCI EM (Net) Index.
- The Bloomberg US Aggregate Bond Index returned -2.78% in March, underperforming the -2.53% return by the Bloomberg US Treasury Intermediate Term Index. International fixed income markets returned -3.73%, as measured by the FTSE Non-US World Gov't Bond Index.
- Public real estate, as measured by the FTSE NAREIT Eq REITs Index (TR), returned 6.51% in March and 9.62% over the trailing five-year period.
- The Cambridge US Private Equity Index returned 47.16% for the trailing one-year period and 20.02% for the trailing five-year period ending September 2021.
- Absolute return strategies, as measured by the HFRI FOF Comp Index, returned 0.58% for the month and 1.25% over the trailing one-year period.
- Crude oil's price increased by 4.76% during the month, and has increased by 69.51% YoY.
