WASTE MANAGEMENT

www.wm.com

Waste Management, Inc. is North America's leading provider of integrated environmental solutions. We partner with our customers and communities to manage and reduce waste from collection to disposal while recovering valuable resources and creating clean, renewable energy. At Waste Management, we care about the planet. We feel a responsibility to leave it to future generations in better shape than we were given it, which is why we are involved with organizations like KJB. We are proud to be a corporate partner of Keep America Beautiful and a local partner of Keep Jacksonville Beautiful.

www.aicw.org

The mission of the Florida Inland Navigation District is to perform the functions of the "local sponsor" of the Atlantic Intracoastal Waterway project in Florida, a State/Federal navigation project. In this capacity the District provides all lands required for the navigation project including rights of way and lands for the management of dredged materials removed from the waterway channel during dredging activities.
