# SOUTHEAST CITIZENS PLANNING ADVISORY COMMITTEE MEETING SUMMARY November 23, 2009

6:30 p.m. at St. Luke's Hospital, 4201 Belfort Rd., Main Hospital, Auditorium C, Jacksonville, FL. 32216

## Call to Order

**Jim Hill, SE CPAC Chair,** called the meeting to order at 6:30p.m.

### **Speakers**

Jean Tranquille, Chief of Patrol East, JSO, introduced himself and informed the group that he is glad to be back working with District / Zone 2. Previously Chief Tranquille was the Assistant Chief for Zone 2, then after a few years he changed positions and had the opportunity to work with Homeland Security for the City of Jacksonville. Chief Tranquille then was promoted to Chief of Patrol East which includes Zones 1, 2 &3. The Chief did point out that many of the crime issue in district / zone 2 has remained the same. The current hot issue is auto burglaries; remember to keep all valuable out of sight and lock your doors. As the holiday season approaches auto burglaries will increase. Please use good judgment while you are out doing your Christmas shopping; try to shop in pairs, park in a well-lit area, keep your purchases out of sight. JSO will be adding 500 man hours to their schedule for the holiday season. These officers are needed to enhance the peak shopping season starting on Black Friday. JSO is also starting a new program called the Problem Solving Unit. This unit will focus on looking at chronic problems to determine if there is simple solution to these problems, such as increased lighting, building renovation, increased undercover work or social services. After the cause of the problem has been identified the recommendation / solution will be implemented.

**Bobby Deal, Zone 3 Assistant Chief, JSO**, introduced himself to the CPAC and shared some background / work experience with the group. Assistant Chief Deal also encouraged everyone to get involved with ShAdCo and shared some crime statistics for the district. We were informed that the overall crime in the district was down, but the district is experiencing a lot of juvenile crime, mostly truancy and curfew offences. The Southeast district also has the highest amount of crimes targeting Hispanics. Please remember that you can communicate with JSO through Twitter and Facebook for you neighborhood crime watch programs.

**Wyman Duggan, Chair, Charter Review Commission**, explained that this commission makes recommendations to the Council and the members of the legislature representing Duval County concerning those provisions in the Charter and other special acts of the Legislature affecting the Consolidated City of Jacksonville. Some of the items that the Charter is currently working on / looking at / reviewing are: the pension funds, the various authorities, public schools, JSO, elections, etc. Every 10 years since 1968 the commission is re-formed with 15 members to review "how we are doing." Within eight months from the date of its first meeting the commission presents to the Council any recommendations for amendment to the Charter. After the presentation

to the Council, the memberships, duties and powers of that appointed Commission cease.

Some of the issues that the commission is focusing on at this time are:

- 1. Education reform should the school board be appointed or elected? Should failing schools have/be a charter school?
- 2. Constitutional Officers should they be appointed or elected. Currently the Florida Constitution requires to have our 5 Constitutional Officers (Clerk of the Court, Tax Collector, Property Appraiser, Supervisor of Elections and Sheriff) elected.
- 3. Independence of Authorities are the local authorities (JEA, JIA, JTA, JAA) too independent? Do they contribute enough money or pay enough taxes to the city?
- 4. Electoral Reform should City Council Members terms be staggered? Some feel that there are often too many new Council members coming into office at one time, if the terms were staggered we would have a higher percentage of seasoned members active at various times. Should the City Council and Mayoral elections move from May to November?

The recommendations to these issues and others will be submitted to City Council by February 2010.
