

2009 American Recovery and Reinvestment Act
Duval County Opportunities

Program Area	Name	Federal Funding Level	Allocation Method	Purpose	Decision Maker	Eligible Applicants	Status
Commerce and Economic Opportunity	Economic Development Administration (EDA) Recovery Act	\$150,000,000.00	Grant	This federal funding opportunity (FFO) pertains to applications for funding under EDA's Public Works and Economic Adjustment Assistance programs only. EDA will give priority consideration to those applications that will significantly benefit regions "that have experienced sudden and severe economic dislocation and job loss due to corporate restructuring," as stipulated under the Recovery Act.	EDA	State governments; County governments; City/township governments; Special district governments; Public and state controlled institutes of higher education; Federally recognized Native American tribal governments; Non-profits, other the institutions of higher education; Private institutions of higher education	Due: June 30, 2010
Education	Higher Education-Teacher quality enhancement	\$100,000,000.00	Discretionary, Competitive grants	To improve teacher recruitment, preparation, and support and to reduce shortages of qualified teachers in high-need school districts.	Office of Postsecondary Education	Higher education institutions; Local education agencies	Due: October 6, 2009
Education	Teacher Incentive Fund (TIF)	\$200,000,000.00	Grants (Discretionary)	To develop and implement performance-based teacher and principal compensation systems in high-need schools. Gains in student academic achievement, classroom evaluations conducted multiple times during each school year and other factors will be used to determine compensation. This incentive will encourage educators to take on additional responsibilities and leadership. Performance indicators pertaining to performance-based teachers and principal compensation systems will be evaluated. Administrative use, 1%.	Department of Education	Local education authorities; Non-profits; State education agencies	Due: Fall 2009
Education	Title II—Educational Technology State Grant	Nationally: \$650,000,000.00 Florida's Share: \$30,000,000.00	Formula Grant	The four-fold purpose is: (1) to fully integrate technology into the curricula and instruction for all students to enhance teaching and learning; (2) to help ensure that students and teachers in high poverty, high need schools have access to educational technology compared to that of students and teachers in other schools; (3) to provide professional development opportunities for teachers, principals, and school administrators to develop capacity to effectively integrate technology into teaching and learning; (4) to ensure the percentage of students who meet state technology literacy standards by the end of the 8th grade. Current distribution is 50% entitlement and 50% competitive.	State to local schools	TBD	Due: Fall 2009
Education	Enhancing Education through Technology	\$650,000,000.00	Formula grants	To improve student achievement through the use of technology in elementary and secondary schools.	Department of Education	State education agencies	Due: September 30, 2009
Education	Innovation Fund	\$650,000,000.00	Grants (Discretionary)	To provide funding for academic achievement awards which recognize schools that have made achievement gains that allow them to expand their work, to work in partnership with the private sector, and to identify and document best practices.	Department of Education; Office of the Secretary	School districts; Non-profit partnerships with 1-2 schools; School districts; State agencies	Due: September 30, 2009
Education	Qualified School Construction Bonds	\$22,000,000,000.00	Bonds	The act creates bonds for the construction, rehabilitation, or repair of public school facilities, or for the acquisition of land on which a public school facility will be constructed. Allocations will be divided amongst states and certain large school districts.	State or Local Government	School Districts	Due: September 30, 2009
Education	Impact Aid Construction	\$59,400,000.00	Grant	Under Section 8005(b)(4) of the Recovery Act, an LEA (Local Educational Authority) is eligible to receive a grant under this competition if the LEA timely submitted an application eligible for funding under either Section 8002 (Payments for Federal Property) or Section 8003 (Basic Support Payments) for FY 2008; and has a total assessed value of real property available that may be taxed for school purposes (referred to hereinafter as assessed value) of less than \$100 million or has an average assessed value per pupil that is less than the state average assessed value per pupil. Applicants may submit only one application for one facility within the LEA.	Department of Education	Local Educational Authority	Due: October 8, 2009
Education	Education for the Disadvantaged	\$13,000,000,000.00	Formula, grants	To help school districts mitigate the effect of the reduction in local revenues and state support for education. States will pass through the money by formula or grant to local education authorities (LEA) for the FY 2010 and FY 2011 school years. LEA receiving funds must file a school-by-school per pupil education expenditure report of state and local resources to the State of Florida Department of Education by December 1, 2009. States must report the information to the Secretary of Education by March 31, 2010.	Department of Education	State to local education authorities	Due: December 1, 2009
Education	Race to the Top Fund	\$4,350,000,000.00	Grants (Competitive)	To encourage and reward states that are creating the conditions for education innovation and reform and implementing ambitious plans in four core education reform areas: Adopting internationally-benchmarked standards and assessments that prepare students for success in college and the workplace; Recruiting, developing, retaining, and rewarding effective teachers and principals; Building data systems that measure student success and inform teachers and principals how they can improve their practices; and Turning around lowest-performing schools. The overarching goals are to: Drive substantial gains in student achievement; Improve high school graduation rates and prepare students for success in college and careers; Close achievement gaps.	Department of Education	States	Due: Late 2009

2009 American Recovery and Reinvestment Act
Duval County Opportunities

Program Area	Name	Federal Funding Level	Allocation Method	Purpose	Decision Maker	Eligible Applicants	Status
Energy	Energy Efficiency and Conservation Block Grants	\$450,000,000.00	Grants (Competitive)	To assist states, local governments, and tribes in reducing fossil fuel emissions and total energy use, in improving energy efficiency in the transportation, building, and other appropriate sectors, in funding financial incentives, and in grants for retrofits, for transportation conservation, for building codes, for energy distribution technologies, and for landfill gas capture.	Office of Energy Efficiency and Renewable Energy	States; Local Governments; Indian tribes	Due: Early October 2009
Energy	Local Energy Assurance Planning (LEAP)	\$15,000,000.00	Grant	This initiative will create jobs at the local level and allow cities to have well-developed, standardized energy assurance and resiliency plans that they can rely on during energy emergencies and supply disruptions. City governments will address energy supply disruption risks and vulnerabilities in their plans to lessen the devastating impact that such incidents have on the economy and the health and safety of citizens. The LEAP initiative focuses on developing new, or refining existing plans to integrate new energy portfolios (renewables, biofuels, etc.) and new applications, such as Smart Grid technology, into energy assurance and emergency preparedness plans. Better planning efforts will help contribute to the resiliency of the energy sector, including the electricity grid, by focusing on the entire energy supply system, which includes refining, storage, and distribution of fossil and renewable fuels.	National Energy Technology Laboratory	City or township governments	Due: October 8, 2009
Energy	Miscellaneous Energy Provisions	\$2,500,000,000.00	Formula	To support the accelerated hiring of expert staff for research, for development, for demonstration, and for deployment activities. Fund distribution: bio-mass, \$800 million; geothermal activities, \$400 million; communications technology, \$50 million; transportation electrification, \$400 million; Alternative Fueled Vehicles Pilot Grant program, \$300 million; Energy Star/Energy Efficient Appliance Rebate Program, \$300 million.	Office of Energy Efficiency and Renewable Energy	States; Local government; Higher education institutes; Non-profit; For-profit	Energy Star/Energy Efficient Rebate program due: Oct. 15, 2009 (State only)
Energy	State Energy Sector Partnerships and Training	\$190,000,000.00	Grant	A sector strategy is a workforce development approach that targets the needs of a specific industry sector. Sector strategies are designed and implemented by a range of institutions and groups working collaboratively, including community and faith-based organizations, business and industry groups, educational institutions such as community and technical colleges, the public workforce system, labor-management partnerships, and others. Grant funds will be used to provide training, job placement, and related activities that reflect a comprehensive statewide energy sector strategy.	Employment and Training Administration	State Workforce Investment Boards	Due: October 20, 2009
Energy	Fossil Energy Research and Development	\$3,400,000,000.00	Grants (Competitive)	To create carbon capture and energy efficiency improvement projects, fossil energy research/development, Clean Coal Power Initiative Round III funding, site characterization for geologic formations, training and research, and program direction	Office of Electricity Delivery and Energy Reliability	Open	Due: September 30, 2010
Environmental	Coastal	\$5,000,000.00	Grant	For habitat restoration projects that address high priority wetland, upland, or riparian habitats in selected geographic areas. Projects must provide direct benefits to Federal Trust species (i.e., migratory birds, threatened and endangered species, inter-jurisdictional fish, certain marine mammals, and species of international concern). You must contact your local Coastal Program coordinator for information about funding. (http://www.fws.gov/coastal)	U. S. Fish and Wildlife Service	Federal, state, interstate and intrastate agencies; Local and tribal governments; Public non-profit institutes and organizations (conservation organizations, watershed councils, land trusts, schools and institutions of higher learning, etc.); Private landowners (individuals and businesses)	Due: September 30, 2009
Environmental	Partners for Fish and Wildlife Program	\$9,000,000.00	Grant	To provide technical and financial assistance to private landowners interested in restoring, enhancing and managing fish and wildlife habitats on their own lands. These funds are available for habitat restoration projects that address high priority wetland, upland, or riparian habitats in selected geographic areas. Projects must provide direct benefits to Federal Trust species (i.e., migratory birds, threatened and endangered species, inter-jurisdictional fish, certain marine mammals, and species of international concern). You must contact your local Partners for Fish and Wildlife Program coordinator for more information (http://www.fws.gov/partners)	U. S. Fish and Wildlife Service	Private landowners; Tribal governments; Local governments; State governments; Educational institutions and organizations	Due: September 30, 2009
Environmental	Recovery Act - Fish Passage	\$2,800,000.00	Grant	To provide technical and financial assistance to partners interested in restoring, enhancing, and managing fish and wildlife habitats. Funds are available for habitat restoration projects that address high priority aquatic habitats. Projects must provide direct benefits to Federal Trust species (i.e., migratory birds, threatened and endangered species, interjurisdictional fish, certain marine mammals, and species of international concern). You must contact your Regional Coordinator for more information about funding and technical assistance availability: http://www.fws.gov/fisheries/fwco/fishpassage/contacts.html	U. S. Fish and Wildlife Service	Private landowners; Tribal governments; Local governments; State governments; Educational institutions and organizations	Due: September 30, 2009

2009 American Recovery and Reinvestment Act
Duval County Opportunities

Program Area	Name	Federal Funding Level	Allocation Method	Purpose	Decision Maker	Eligible Applicants	Status
Environmental	Recovery Act - National Fish Habitat Action Plan	\$2,000,000.00	Grant	To provide technical and financial assistance to partners interested in restoring, enhancing, and managing fish and wildlife habitats. Funds are available for habitat restoration projects that address high priority aquatic habitats. Projects must provide direct benefits to Federal Trust species (i.e., migratory birds, threatened and endangered species, inter-jurisdictional fish, certain marine mammals, and species of international concern). You must contact your Regional Coordinator for more information about funding and technical assistance availability: http://www.fws.gov/fisheries/twco/nfbap/	U. S. Fish and Wildlife Service	Private landowners; Tribal governments; Local governments; State governments; Educational institutions and organizations	Due: September 30, 2009
Environmental	Recovery Act Funds-- Environmental Internships	\$5,000,000.00	Grant	Through on-site activities located at a variety of field stations, including wildlife refuges, fish hatcheries, and ecological services offices, individuals or groups will be introduced to natural resource careers through "hands-on" work with, and training by, natural resource professionals employed by the U. S. Fish and Wildlife Service (USFWS). The goal is to help develop a new generation of enthused and effective conservationists and ecologists. Each selected individual or group is given the opportunity to serve a seasonal on-site assignment, usually scheduled between June 1st and September 30th. During the assignments, individuals or groups are introduced to various real-world conservation and rehabilitation activities such as invasive species management, habitat restoration, wildlife management, and public education and interpretation, mixed with informal and formal training sessions directed by USFWS. The USFWS hereby invites submission of proposals from all potential sources willing and able to cooperatively administer a program for identifying and recruiting individuals or groups for assignments at various USFWS sta	U. S. Fish and Wildlife Service	State governments; County governments; City or township governments; Special district governments; Independent school districts; Private, public and/or state controlled institutions of higher education; Native American tribal governments; Public housing authorities/Indian housing authorities; Non-profits; Individuals; For-profits and small businesses	Due: September 30, 2010
Healthcare	Recovery Act-Health Care Sector and Other High Growth and Emerging Industries	\$220,000,000.00	Grant	For projects that provide training and placement services to help workers pursue careers within the industries described in the Background section, Part B of this SGA. The purpose of the high growth and emerging industries grants funded through this SGA is to teach workers the necessary skills for, and help them pursue careers in, health care and other high growth and emerging industry sectors	Employment and Training Administration	Public entities; Private non-profit entities	Due: October 5, 2009
Healthcare	ARRA State Grants to Promote Health Information Technology Planning and Implementation Projects	\$564,000,000.00	Cooperative Agreement	To advance appropriate and secure health information exchange (HIE) across the health care system. Awards will be made in the form of cooperative agreements to states or qualified State Designated Entities (SDEs). The purpose of this program is to continuously improve and expand HIE services over time to reach all health care providers in an effort to improve the quality and efficiency of health care. Cooperative agreement recipients will evolve and advance the necessary governance, policies, technical services, business operations and financing mechanisms for HIE over a four year performance period. This program will build off of existing efforts to advance regional and state level HIE while moving towards nationwide interoperability. States (including territories) or their non-profit SDEs may apply, as designated by the state. No more than one award will be made per state. States may choose to enter into multi-state arrangements.	Office of Public Health and Science	State Governments	Due: October 16, 2009
Healthcare	ARRA Health Information Technology Extension Program: Regional Centers	\$598,000,000.00	Cooperative Agreement	This announcement seeks applications from qualified entities to serve as Regional Centers within the Extension Program.	Office of Public Health and Science	Non-profit Organizations	Due: August 3, 2010
Healthcare	Communitites Putting Prevention to Work	\$373,000,000.00	Grant	The CDC will support intensive community approaches to chronic disease prevention and control in selected communities (urban and rural), to achieve the following prevention outcomes: Increased levels of physical activity; Improved nutrition (e.g. increased fruit/vegetable consumption, reduced salt and trans fats); Decreased overweight/obesity prevalence; Decreased smoking prevalence and decreased tenn smoking initiation; and Decreased exposure to secondhand smoke.	Centers for Disease Control and Prevention	Large cities (more than 1 million served); Urban areas; Tribal communities State-coordinated small cities & rural areas	Due: December 1, 2009
Housing and Community Development	Public Housing Capital Fund	\$4,000,000,000.00	Formula (Competitive)	To provide funding for development, for financing and for modernization of public housing. No supplementing of expenditures from other sources. Formula funds will be allocated by March 17, 2009. Competitive funds will be allocated by September 30, 2009. Funds must be 100% obligated within one year and 60% expended within two years. Failure to comply with 100% obligation requirements will result in recapturing of all remaining unobligated funds. Recipients will be prioritized based on which capital projects can be awarded on bid-based contracts within 120 days from the receipt of funds. If there are capital projects already underway or included in a five-year Critical Infrastructure Protection (CIP) those get priority. No operating costs or rental assistance may be applied, though .5% can be used for administrative costs.	Department of Housing and Urban Development (HUD)	Public Housing Agencies	Due: September 30, 2009
Housing and Community Development	Assisted Housing Stability and Energy and Green Retrofit	\$250,000,000.00	Loans, Grants (competitive)	To provide funding for energy improvements for housing assisted under the Section 8, Section 202 (Elderly), and Section 811 (Disabled) programs. Note: Section 8, regular project-based assistance program, is supplemented with \$2 billion in the same account, to provide full-year payments to participating landlords. Recipients must expend funds within two years of receipt. There are special requirements	Department of Housing and Urban Development (HUD) -- Office of Affordable Housing Preservation	Private and non-profit organizations participating in Section 8, Section 202, Section 811 programs	Due: February 16, 2011
Workforce and Human Services	Pathways Out of Poverty Information is not currently available. Please check back later.	\$150,000,000.00	Grant	Funds are intended to integrate training and supportive services into cohesive programs that will help target populations find pathways out of poverty and into economic self-sufficiency through employment in the energy efficiency and renewable energy industries.	Employment and Training Administration	National entities or local entities	Due: September 29, 2009

**Information should be available May 2009.

2009 American Recovery and Reinvestment Act
Duval County Opportunities

Program Area	Name	Federal Funding Level	Allocation Method	Purpose	Decision Maker	Eligible Applicants	Status
Education	Academic Research Infrastructure Program: Recovery and Reinvestment	\$2,000,000,000.00	Grant	This investment will advance the science & engineering research enterprise at many institutions by enhancing the nation's existing research facilities where sponsored &/or unsponsored research activities & research training take place to enable next-generation research infrastructure that integrates shared resources across user communities. This program will: update existing research facilities at institutions of higher education (including graduate & undergraduate institutions, including community colleges) & other non-profit research organizations; enable academic departments, disciplinary & cross-disciplinary units, or multi-organization consortia to renovate research facilities through the addition or augmentation of cyber-infrastructure, other than general-purpose computing systems or data storage systems, to create environments that enhance research & integrate research with education. Improve access to & increase use of next-generation research facilities for researchers, educators and students. Assist research organizations, including those that have historically received limited federal research & development funds, to Not to be used by: foreign organizations; research arms of for-profit firms; federally	National Science Foundation (NSF)	Universities and two-and four-year colleges (including community colleges) accredited in, and having a campus located in the United States, its territories and possessions; Independent non-profit research museums; independent non-profit research institutions and laboratories; Non-profit research consortia located in the U.S., its territories and possessions (with a 501(c)(3) tax status)	No longer available as of: August 24, 2009
Education	Early Head Start Expansion	\$619,000,000.00	Grant	To support an increase in the enrollment of additional children as well as create new teaching and other positions within Early Head Start (EHS) programs. Financial assistance will be competitively awarded to provide child and family development services to low-income families with infants and toddlers ages birth to three years and pregnant women who are not currently being served by a Head Start of EHS program. Funds may be used for training and technical assistance.	Administration for Children and Families	State governments; Local governments; Independent school districts; Public and state controlled institutions of higher education; Federally recognized Indian tribal governments; Public housing authorities/Indian housing authorities; Other Indian tribal organizations; Non-profits, other than institutions of higher education; Private institutions of higher education; For-profit organizations (not small business); Small Businesses; Faith-based organizations; Others	No longer available as of: July 9, 2009
Education	Education and Human Resources	\$100,000,000.00	Grants	To provide additional funding for education and human resources. Robert Noyce Scholarship Program (\$60 million) for undergraduate (science, technology, engineering and math majors) or graduate students holding those degrees that commit to teaching in high-need K thru 12 schools after graduation. \$25 million to math and science partnerships. \$15 million to Master of Science (MS) degree programs.	TBD	Universities/students; Non-profit institute; Consortia	Pending*
Education	Education for the Homeless Children and Youth	\$70,000,000.00	Formula grants	To ensure that homeless children, including preschoolers and youths, have equal access to free and appropriate public education. States must identify the number of homeless students during the 2007-2008 school year relative to the number of homeless children nationally during the same year. States will award sub grants to local education agencies on a formula based or competitive basis using the number of identified homeless children in each school district.	Department of Education	State to local education authorities	No longer available as of: June 30, 2009
Education	Equipment Assistance Grants for School Food Authorities	Nationally: \$100,000,000.00 Florida's Share: \$5,403,280.00	Formula Grant	For equipment assistance to school food authorities (SFAs) participating in the National School Lunch Program (NSLP). Funds will be allocated based on each state's school meals administrative expense allocation. Local SFAs may then competitively apply for NLSP equipment assistance grants. Priority will be given to SFAs for equipment in schools that have at least 50% of the students eligible for free or reduced-price meals. equipment assistance grant requests may include new equipment, renovation of equipment or replacement of equipment. The application process will focus on equipment: that lends itself to improving the quality of school foodservice meals that meet dietary guidelines; that improves the safety of foodservice in the school meal programs; that improves the overall energy efficiency of the school foodservice operations; and that allows SFAs to support expanded participation in a school meal program. (See OMB Circular A-87 for equipment definition.)	State to local schools	Local School Food Authorities	No longer available as of: June 8, 2009
Education	Federal Work Study	\$18,200,000.00	Formula grants	To provide funds to assist students, who work part-time, in financing the costs of postsecondary education.	Office of Federal Student Aid	Higher education institutions apply to allocate funds to students	Funding Starting: July 1, 2009
Education	Health Care Information Enterprise Integration Research Centers	TBD	Grants (competitive)	To establish multidisciplinary centers for health care information enterprise integration that will generate innovative approaches to health care information enterprise integration by conducting cutting-edge, multidisciplinary research on the system challenges for health care delivery and by developing and using health information technologies and other complementary fields.	Office of National Coordinator for Health Information Technology (ONCHIT)	Universities/Colleges; Consortia	No longer available as of: June 11, 2009

*Information is not currently available. Please check back later.

2009 American Recovery and Reinvestment Act
Duval County Opportunities

Program Area	Name	Federal Funding Level	Allocation Method	Purpose	Decision Maker	Eligible Applicants	Status
Education	Historic Preservation Grants for Historically Black Colleges and Universities	\$15,000,000.00	Grants (competitive)	To provide funding for historic preservation grants with no matching requirements.	National Park Service/Historic preservation fund	Qualified Historically Black Colleges	No longer available as of: June 3, 2009
Education	Impact Aid	\$100,000,000.00	Grants (Discretionary)	To provide funding to undertake emergency renovations and modernization projects. Allows school districts with "shovel ready" facility projects including those that address health and safety and Americans with Disabilities Act (ADA) compliance issues among others.	Department of Education	Local education authorities	No longer available as of: March 20, 2009
Education	Individuals with Disabilities Act Part B, Sec. 611	\$11,300,000,000.00	Grants	To assist states to provide special education and related services to eligible students with disabilities (ages 3-21) who are enrolled in special education programs. Funding will be FY 2010 and FY 2011.	Department of Education	State to local education authorities based on number of children with disabilities in the state	No longer available as of: April 20, 2009
Education	Individuals with Disabilities Act Part B, Sec. 619 (Preschool Grants)	\$400,000,000.00	Grant	To assist states to provide special education and related services to eligible students with disabilities (ages three to five) who are enrolled in special education programs, including two-year olds who turn three during the school year. Funding will be FY 2010 and FY 2011.	Department of Education	State to local education authorities based on population	No longer available as of: April 20, 2010
Education	Information Technology Professionals in Health Care	TBD	Grant	To provide assistance to higher education institutions or consortia by establishing or expanding medical health information education programs and by ensuring rapid and effective utilization and development preference to existing educational and training programs and programs designed to be completed in less than six months.	Department of Health and Human Services and National Science Foundation	Universities/Colleges; Consortia	Pending*
Education	Institute of Education Sciences	\$5,000,000.00	Discretionary, Competitive grants	The state data coordinator will implement statewide data systems that include postsecondary and workforce information.	Office of Postsecondary Education	Public or Private organizations; Agencies to improve data coordination	No organization in Duval County applying
Education	Longitudinal Data System	TBD	Grant	To carry out section 208 of the Educational Technical Assistance Act. This may be used for statewide data systems that include postsecondary and workforce information. Up to \$5,000,000 may be used for state data coordinators and for awards to public or private organizations or agencies to improve data coordination.	TBD	State education agencies	No longer available as of: August 3, 2009
Education	National School Lunch Program (NSLP)	\$100,000,000.00	Grants	To provide funding for the NSLP under the Richard B. Russell National School Lunch Act (except Section 21), the Child Nutrition Act of 1966 (except Sections 17 and 21) and to carry out a grant program for the NSLP equipment assistance.	State of Florida	Public schools; Non-profit private schools; Residential child care institutions	No longer available as of: May 8, 2009
Education	Qualified Zone Academy Bonds	\$1,400,000,000.00	Bonds	Bonds issued in 2009/2010 to finance renovations, equipment purchases, developing course material, training teachers and personnel in a qualified zone academy.	State or Local Government	School Districts	No organization in Duval County applying
Education	School Improvement	\$3,000,000,000.00	Formula, grants	Funding for academic assessment, local education authorities and school improvement.	Department of Education	Local education authorities	Pending*
Education	State Allocations for Education	\$48,000,000,000.00	Formula	States will receive allocation of 61% based on population (ages 5-24); 39% based on total population. Then they will distribute 81.8% of the funding received to support elementary, secondary, and higher education at 2006 levels for the rest of Fiscal Year (FY) 2009, FY 2010, FY 2011. The 18.2% of funding left can be allocated for public safety or other government services or directed to local education agencies for school modernization. Funds cannot be used on school entertainment facilities or to purchase vehicles, or for buildings that hold religious services.	Department of Education; Office of the Secretary	States	See below for more information
Education	State Incentive Grants	\$4,300,000,000.00	Grants (Discretionary)	To reward States that have made significant progress in achieving equity in teacher distribution, establishing longitudinal data systems, and enhancing assessments for English language learners and students with disabilities. School districts with Title I allocations must receive 50% of the funding.	Department of Education, Office of the Secretary	States	Pending*
Education	Title I	\$10,000,000,000.00	Formula, grants	To distribute funding to schools and school districts with a high percentage of students from low-income families. Some funding must be used for early childhood programs.	Department of Education	States to local education schools who have 40% low-income students	No longer available as of: April 24, 2009
Energy	Advanced Research Projects Agency - Energy (ARPA-E)	\$150,000,000.00	Grant	For a transformation concept or new technology that can make a significant contribution towards reduction in GHG emissions, enhancement of energy security, restoration of science leadership or quick implementation of the economic recovery package. Funding is not for incremental progress on current technologies. A minimum of 90% of the work, as defined by total project costs, must be performed on U.S. soil, which includes the United States proper and its territories.	Department of Energy	For-profit entities; Academic Institutions; Research foundations; Non-profit entities; Collaborations; Consortia	No longer available as of: June 2, 2009
Energy	Clean Energy Tax Credits for Homes/Businesses	TBD	Tax Credit	The Act provided greater tax credits for clean energy projects at homes and businesses and for the manufacturers of clean energy technologies. For homeowners, the Act increases a 10% tax credit for energy efficiency improvements to a 30% tax credit, eliminates caps for specific improvements (such as windows and furnaces), and instead establishes an aggregate cap of \$1,500 for all improvements placed in service in 2009 and 2010. For residential renewable energy systems, the Act removes all caps on the tax credits, which equal 30% of the cost of qualified solar energy systems, geothermal heat pumps, small wind turbines, and fuel cell systems.	U.S. Department of Energy and IRS	TBD	Pending*
Energy	Clean Renewable Energy Bonds	\$1,600,000,000.00	Bonds	Money used to finance facilities that generate electricity from the following sources: wind, biomass, geothermal, small irrigation, hydropower, landfill gas, marine renewable, or trash combustion. State/local/tribal governments, 30%; public power providers, 30%; electric co-operatives, 30%.	N/A	State; Local; Indian tribes; JEA; Other	Pending*

**Information should be available May 2009.

Updated:
9/24/2009

2009 American Recovery and Reinvestment Act
Duval County Opportunities

Program Area	Name	Federal Funding Level	Allocation Method	Purpose	Decision Maker	Eligible Applicants	Status
Energy	Electricity Delivery and Energy Reliability	\$4,500,000,000.00	TBD	To modernize the nation's electric grid. Fund distribution: worker training, \$100 million; implement smart grid interoperability framework, \$10 million.	Office of Electricity Delivery and Energy Reliability	Open	Pending*
Energy	Energy Conservation Bonds	\$2,400,000,000.00	Bonds	Bonds used for state, municipal and tribal government programs or to fund initiatives designed to reduce greenhouse gas emissions. Bonds may be issued in loans and grants for capital expenditures to implement green community projects, to programs in which utilities provide ratepayers energy efficient property and to recoup the costs of the property over time.	N/A	State; Local Indian tribes	Pending*
Energy	Energy Efficient Information and Communication Technology	\$50,000,000.00	Discretionary Grant	To develop new technologies to dramatically improve energy efficiency in information communications technology (ICT) with an emphasis on new technologies that can be commercialized within the next three to five years, and to demonstrate through field testing highly energy efficient, emerging technologies that are ready for or are in the initial stage of commercial introduction.	Golden Field Office	Open	No longer available as of: July 21, 2009
Energy	Energy Efficiency and Conservation Block Grants	\$3,200,000,000.00	Formula, grants	To assist states, local governments, and tribes in reducing fossil fuel emissions and total energy use, in improving energy efficiency in the transportation, building, and other appropriate sectors, in funding financial incentives, and in grants for retrofits, for transportation conservation, for building codes, for energy distribution technologies, and for landfill gas capture. Loans, \$2.8 billion; Grants, \$400 million	Office of Energy Efficiency and Renewable Energy	States (28% of formula); Local Governments (28% of formula-resident/daytime office population); Indian tribes (2% of formula)	No longer available as of: June 25, 2009
Energy	Energy Efficiency Technology and Research	\$300,000,000.00	Discretionary	To provide funding for research, development, test and evaluation projects, including pilot projects, and for energy efficient manufacturing enhancements. Funds are for improvements in energy generation and efficiency, in transmission, in regulation, in storage, in military installations and within operational forces, to include research and development of energy from fuel cells, wind, solar, and other renewable energy sources, including bio-fuels and bio-energy. Army, Navy, Air Force. Defense Wide. \$75 million	Office of the Assistant Secretaries for Research, Development and Acquisition	Government laboratories and facilities; Universities; Non-profits; Contractors (funding given directly to military installations)	Pending*
Energy	Energy Training Partnership	\$100,000,000.00	Grant	Energy Training Partnership funds are intended to provide training and placement services for workers that prepare them to enter the energy efficiency and renewable energy industries, as well as green occupations within other industries.	Employment and Training Administration	Private non-profit organizations that are National labor-management organizations with local networks or Statewide or local non-profit partnerships	No longer available as of: September 4, 2009
Energy	Innovative Technology Loan Guarantee Program	\$6,000,000.00	Competitive Loan Subsidy	To promote the use of renewable technology to produce electricity and transportation fuels. It will cover credit subsidy for loan guarantees. It will add a new loan guarantee to the program originally authorized in the Energy Policy Act of 2005 by adding Section 1705: Temporary Program for Rapid Deployment of Renewable Energy and Electric Power Transmission to be reviewed on September 30, 2011. Davis-Bacon wage requirements.	Office of Electricity Delivery and Energy Reliability	Competitive: Open	Pending*
Energy	Recovery Act: Community Renewable Energy Deployment	\$21,450,000.00	Grant	Projects should address the technical, economic, and policy barriers to implementing a combination of renewable energy technologies into one integrated solution for a community to reduce its carbon footprint. Projects should support and enable the deployment goals across the portfolio of EERE's renewable energy program, with the intent of creating examples that can be further replicated by other communities, nationally and internationally. Eligible renewable energy technologies for purposes of this FOA include but are not limited to, electric or thermal energy generated from solar, wind, biomass, landfill gas, ocean (including tidal, wave, current, and thermal), geothermal, or new hydroelectric generation capacity achieved from increased efficiency or additions of new capacity at an existing hydroelectric project, as defined in EPCA 2005.	Golden Field Office	State governments; County governments; City or township governments; Native American tribal governments (Federally recognized)	No longer available as of: September 3, 2009
Energy	Recovery Act - Geothermal Technologies Program: Ground Source Heat Pumps	\$50,000,000.00	Grant	To increase the deployment of ground source heat pumps through new commercialization strategies that incorporate: 1) innovative commercial-scale or residential community technology demonstration projects; 2) data gathering and analysis related to system costs, performance, and installation techniques; and 3) a national geothermal heat pumps (GHP) certification standard. DOE's objective is to promote ground source heat pumps via the following three Topic Areas: 1. Technology Demonstration Projects; 2. Data Gathering and Analysis; and 3. National Certification Standard. See full announcement for detailed description of Topic Areas.	Golden Field Office	Unrestricted	No longer available as of: August 6, 2009
Energy	Recovery Act - High Penetration Solar Deployment	TBD	Grant	Objectives are to: 1) develop the needed modeling tools and database of experience with high penetration scenarios of PV on a distribution system, 2) develop monitoring, control and integration systems to enable cost-effective widespread deployment of small modular PV systems and 3) demonstrate the integration of PV and energy storage into Smart Grid applications. This will accelerate the placement of high levels of PV penetration into existing or newly designed distribution circuits. The achievement of these goals will facilitate increased growth of grid-tied PV installation, thus supporting the Solar Energy Technology Program (SETP) mission to accelerate widespread commercialization of clean solar energy technologies in the U.S.	Golden Field Office	Unrestricted	No longer available as of: July 30, 2009

9/24/2009

2009 American Recovery and Reinvestment Act
Duval County Opportunities

Program Area	Name	Federal Funding Level	Allocation Method	Purpose	Decision Maker	Eligible Applicants	Status
Energy	Recovery Act (ARRA) - Industrial Energy Efficiency	TBD	Grants	To fund cost-shared development of transformational industrial processes & technologies that reduce the energy intensity (million BTUs per unit system output) or greenhouse gas emissions (carbon equivalent) of the system by a minimum of 25% while providing a return on investment of 10% or greater. To support of the Energy Efficiency & Renewable Energy (EERE) mission to strengthen America's energy security, environmental quality & economic vitality in public-private partnerships that enhance energy efficiency & productivity. To improve national security, climate & environment & economic competitiveness by transforming the way U.S. industry uses energy & set a goal to drive a 25% reduction in U.S. industrial energy intensity by 2020 in support of EPA 2005. The planned solicitation will select & fund concept definition Research & Development (R&D) studies to develop transformational manufacturing processes & technologies that meet the grand challenges of energy-intensive industries. Industrial collaboration is strongly recommended & cost sharing is required.	National Energy Technology Laboratory	Unrestricted	No longer available as of: July 14, 2009
Energy	Recovery Act: Regional Sequestration Technology Training	\$6,970,000.00	Grant	Carbon capture and storage (CCS) technologies offer great potential for reducing CO2 emissions and mitigating global climate change. Deploying these technologies will require a significantly expanded workforce trained in the various specialties that are currently under-represented in the U.S. Applications are sought from companies, trade groups, and other organizations that can develop regional sequestration technology training to facilitate transfer of knowledge and technologies required for site development, operations, and monitoring of commercial CCS projects. This training will focus on the applied engineering and science of CCS for site developers, geologists, engineers, and technicians. In addition, these training activities will provide a technology transfer platform for CO2 sequestration related technology information and insights on a basin scale level to the sequestration industry in a concise, meaningful format that stimulates timely, informed technology decisions.	National Energy Technology Laboratory	Unrestricted	No longer available as of: July 22, 2009
Energy	Recovery Act - Systems Level Technology Development, Integration, and Demonstration for Efficient Class 8 Trucks (Super Truck) and Advanced Technology Powertrains for Light-Duty Vehicles	TBD	Grant	To develop & demonstrate a 50% improvement in overall freight efficiency on a heavy-duty Class 8 tractor-trailer in ton-miles per gallon. This improvement will be achieved through the application of advanced vehicle system technologies & advanced engine technologies. At least 20% of the improvement will be through the development of an engine capable of achieving 50% Brake Thermal Efficiency (BTE). Over the 3 - 5 year period of this activity, the selected participants will develop, test & ultimately demonstrate these advanced technologies on a full-scale vehicle. A pathway to compliance with prevailing federal safety & environmental regulations must be shown. Candidate vehicle system technologies may include reductions in aerodynamic drag, vehicle mass, & rolling resistance, & other technologies as appropriate. Electrical or mechanical drive train hybridization, including energy storage/regeneration & main engine idle and other ancillary load reduction, may also be considered. For more information, visit www.grants.gov & search Funding Opportunity Number: DE-FOA-0000079	National Energy Technology Laboratory	Unrestricted, except other Federal agencies, Federally Funded Research and Development Center (FFRDC) Contractors, and non-profit organizations described in section 501(c)(4) of the Internal Revenue Code of 1986 that engaged in lobbying activities after Dec. 31, 1995	No longer available as of: September 9, 2009
Energy	Recovery Act - Smart Grid Investment Grant Program	\$190,000,000.00	Grant	To stimulate the rapid deployment and integration of advanced digital technology that is needed to modernize the nation's electric delivery network for enhanced operational intelligence and connectivity. The electric delivery network for smart grid modernization encompasses the electric transmission and distribution infrastructure that interconnects large generation at one end and consumers' electric loads at the other end, as well as all components and systems in between, including distributed energy resources.	Headquarters	Unrestricted	No longer available as of: August 6, 2009
Energy	Renewable Energy Tax Credits	TBD	Tax Credit	Facility owners could choose to receive a grant equal to 30% of the tax basis (that is, the reportable business investment) for the facility, so long as the facility is depreciable or amortizable. The grants are also available for renewable energy facilities that would normally earn a business energy credit of 10% - 30%, including systems using fuel cells, solar energy, small wind turbines, geothermal energy, micro turbines, and combined heat and power (CHP) technologies. To earn a grant, the facility must be placed in service in 2009 or 2010. The grants will be paid directly from the U.S. Treasury. A separate measure in the Act removed limitations on the business credit based on how the systems are financed and also removes a business credit limit on small wind energy systems.	TBD	TBD	Pending*
Energy	State Energy Program	\$3,100,000,000.00	Formula	To promote energy conservation and reduce rate of energy demand	State of Florida; Department of Energy	TBD	No longer available as of: March 23, 2009
Energy	Wild land Fire Management	\$500,000,000.00	Project Grants	To provide funding for hazardous fuels reduction, forest health protection, rehabilitation and hazard mitigation activities on federal land including ecosystem improvements	Forest Service	State; Local	Only Ducks Unlimited was considered.

*Information is not currently available. Please check back later.

**Information should be available May 2009.

9/24/2009

2009 American Recovery and Reinvestment Act
Duval County Opportunities

Program Area	Name	Federal Funding Level	Allocation Method	Purpose	Decision Maker	Eligible Applicants	Status
Environmental	Clean Diesel Emerging Technologies Program Grants	\$20,000,000.00	Grant	For projects that can be commenced quickly, reduce diesel emissions and maximize job preservation and/or creation and economic recovery through the use, development and commercialization of emerging technologies. An emerging technology is a device or system that reduces emissions from diesel engines or diesel engine powered vehicles or equipment that has not been certified or verified by the Environmental Protection Agency (EPA) or the California Air Resources Board (CARB), but for which an approvable application and test plan have been submitted for verification. Only those technologies that have been approved and placed on EPA's Emerging Technology List, qualify as emerging technologies for the purpose of this funding solicitation.	EPA	TBD	No longer available as of: May 5, 2009
Environmental	Clean Water State Revolving Fund Loan Program (CWSRF)	\$132,286,300.00	Loan	For wastewater, storm water and non-point source infrastructure construction projects. Projects must secure a place on the CWSRF priority list, must meet the CWSRF program's basic funding criteria, and be "shovel-ready" such that they can be under construction before February 17, 2010. Wastewater and storm water projects must be sponsored by local government; non-point source projects may be sponsored by private entities. To apply for funds, submit a Request for Inclusion (RFI) on the CWSRF priority list form. Funds will be allocated based on priority score order and a "segment cap" of \$10 million per project sponsor until the funds are exhausted. See Section 62 503.600 (6) of the CWSRF rule for information on the priority system. A priority list adoption hearing is scheduled for May 13, 2009; readiness to proceed requirements must be met by April 29, 2009 to qualify for the priority list. If all ARRA funds are not obligated at that hearing, additional hearings will be scheduled as needed.	Department of Environmental Protection (DEP)	Local government; Private entities	Pending*
Environmental	Hazardous Substance Superfund	\$600,000,000.00	Project Grants, co-op agreements	To provide supplemental funding for Superfund.	Environmental Protection Agency; Office of Superfund Remediation & Technology; Office of Solid Waste and Emergency Response	City of Jacksonville monitored	Pending*
Environmental	Leaking Underground Storage Tank Trust Fund (LUSTTF) Program	\$600,000,000.00	Formula, grants	To provide supplemental funding for LUSTTF cleanup activities.	Environmental Protection Agency, Office of Superfund Remediation & Technology, Office of Solid Waste and Emergency Response	City of Jacksonville monitored	Pending**
Environmental	National Clean Diesel Funding Assistance Program Grant	\$156,000,000.00	Grant	For projects that can be commenced quickly, reduce diesel emissions, maximize job preservation and/or creation and will promote economic recovery through a variety of diesel emission reduction strategies. Eligible diesel emissions reduction solutions including: verified emission control technologies including retrofit devices, cleaner fuels and engine upgrades; verified idle reduction technologies; certified engine repowers; and vehicle or equipment replacement. Eligible vehicles, engines, and equipments may include: buses, medium-duty trucks, heavy-duty trucks, marine engines, locomotives, and non-road engines or vehicles. Non-road engines/vehicles include: those used in construction, handling of cargo (including at a port or airport), agriculture, mining, or energy production (including stationary generators and pumps).	Environmental Protection Agency (EPA)	TBD	No longer available as of: April 28, 2009
Environmental	Non-Defense Environmental Cleanup	\$483,000,000.00	TBD	TBD	TBD	TBD	Not Applicable--No projects in Duval County
Environmental	Smart Way Clean Diesel Finance Program Grants	\$30,000,000.00	Grant	For projects that can be commenced quickly, reduce diesel emissions and promote job preservation and/or creation and economic recovery through the creation of national, state, or local innovative financing program(s). Innovative financial projects include, but are not limited to, those where the loan recipient receives a specific financial incentive (i.e., better than regular market rates or conditions) for the purchase or lease of retrofitted vehicles or equipment.	Environmental Protection Agency (EPA)	TBD	No longer available as of: April 28, 2009
Environmental	State and Tribal Assistance Grants-Brownfield's Projects	\$100,000,000.00	Project Grants, co-op agreements	To provide supplemental funding for projects authorized by the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA).	Office of Brownfield's and Land Revitalization, Office of Solid Waste & Emergency Response, Environmental Protection Agency	State; Local; Indian tribes; Quasi-governmental authorities; Universities and colleges; Industry; Public/private institutions; Individuals	No longer available as of: April 20, 2009

*Information is not currently available. Please check back later.

**Information should be available May 2009.

9/24/2009

2009 American Recovery and Reinvestment Act
Duval County Opportunities

Program Area	Name	Federal Funding Level	Allocation Method	Purpose	Decision Maker	Eligible Applicants	Status
Environmental	State and Tribal Assistance Grants: Diesel Emission Reduction Act (DERA) grants	\$300,000,000.00	Project Grants	To provide supplemental funding for projects and activities authorized under DERA	Office of Air and Radiation, Environmental Protection Agency	State; Local; Indian tribes; Port authority (with jurisdiction over transportation or air quality); Non-profit organizations that provide pollution reduction education; School districts; Metropolitan Planning Organizations (MPO)	No longer available as of: April 20, 2009
Finance/COJ Workforce	American Opportunity Tax Credit	\$2,500.00	Tax Credit	For 2009-2010 taxpayers will receive a new American Opportunity tax credit for qualified higher education expenses. The credit is refundable up to 40%.	N/A	Duval County taxpayers	Please see "What ARRA means to you" document on Economic Stimulus homepage
Finance/COJ Workforce	Modification to Tax-exempt Interest Expense Rules for Financial Institutions	\$30,000,000.00	Bonds	Financial institutions are not allowed to take a deduction for the portion of their interest expense that is allocable to the institution's investments in tax-exempt municipal bonds. For purposes of this interest disallowance rule, bonds that are issued by "qualified small issuers" are not taken into account as investments in tax-exempt municipal bonds. Under current law, a "qualified small issuer" is defined as any issuer that reasonably anticipates that the amount of its tax-exempt obligations (other than certain private activity bonds) will not exceed \$10 million. The Act increases this dollar threshold to \$30 million when determining whether a tax-exempt obligation issued in 2009 and 2010 qualifies for this small issuer exception. The small issuer exception would also apply to an issue if all of the ultimate borrowers in such issue would separately qualify for the exception 12 Act	N/A	Duval County taxpayers	Please see "What ARRA means to you" document on Economic Stimulus homepage
Finance/COJ Workforce	Parity for Transit Benefits	\$230.00	Tax Credit	The Act equalizes the tax-free benefit employers can provide for transit and parking from March 2009 through December 2010.	N/A	Local workforce	Please see "What ARRA means to you" document on Economic Stimulus homepage
Finance/COJ Workforce	Refundable Credit for Certain Government Employees	\$500.00	Tax Credit	For 2009, the Act provides a refundable \$250 credit (\$500 for taxpayers filing jointly who are both eligible for the credit) for retirees who receive a government pension or annuity from work not covered by Social Security and who weren't eligible to receive the One Time Economic Recovery Payment.	N/A	Duval County taxpayers	Please see "What ARRA means to you" document on Economic Stimulus homepage
Healthcare	Agency for Healthcare Research and Quality	\$400,000,000.00	Discretionary	To facilitate comparative effectiveness research (CER) used to conduct or support research to evaluate and compare the clinical outcomes, effectiveness, risk and benefits of two or more medical treatments and services that address a particular medical condition. Research must include women and minorities.	Department of Health and Human Services	Health and Human Service (HHS) Agencies; Other government agencies; Private sector with CER experience. (Apply with HHS)	Pending**
Healthcare	Construction of Research Facilities	\$360,000,000.00	Grants	To address National Institute of Standards and Technology (NIST) backlog of maintenance and renovation for construction of new facilities and laboratories. Only \$180 million available for Duval County.	National Institute of Standards & Technology	Non-profits; Higher education institutions	Pending**
Healthcare	Demonstration Program to Integrate Information Technology into Clinical Education	TBD	Grants (competitive)	To develop academic curricula integrating certified electronic health records (EHR) technology in the clinical education of health professionals. Entities must submit a strategic plan for integrating EHR technology in the clinical education of health. Funds must be used in collaboration with two more disciplines. Grant cannot be used to purchase hardware, software or services.	Department of Health and Human Services	Universities/Colleges with schools related to healthcare (medicine, dentistry, pharmacy, nursing, etc.)	Pending*
Healthcare	Electronic Health Records (EHR) Incentives for Acute Care Hospitals	\$17,000,000,000.00	Hospital Payment Schedule	To encourage adoption and meaningful continued use of electronic health records (EHR) through Medicare and Medicaid for hospitals based on discharge numbers. A hospital must meet all of the following requirements: Must demonstrate that the hospital used EHR technology in a meaningful manner during the relevant period; must demonstrate that the EHR technology is connected in a manner that provides for the electronic exchange of health information to improve the quality of health care, such as promoting care coordination; and must use the certified EHR technology to submit information on certain measures as required by the Secretary.	Department of Health and Human Services	Eligible hospitals	Pending*
Healthcare	Electronic Health Records (EHR) Incentives for Eligible Professionals	\$17,000,000,000.00	Physician Fee schedule	To encourage adoption and meaningful continued use of EHR through Medicare and Medicaid for hospitals and physicians as provided through additional payments made through a physician fee schedule.	Department of Health and Human Services	Eligible professionals	Pending*
Healthcare	Electronic Health Records (EHR) Incentives for Hospitals Affiliated with Medicare Advantage (MA) Plans	\$17,000,000,000.00	MA Payments	To encourage adoption of meaningful continued use of EHR.	Department of Health and Human Services	Hospitals	Pending*
Healthcare	Electronic Health Records (EHR) Incentives for Professionals Affiliated w/Medicare Advantage (MA) Plans	\$17,000,000,000.00	MA Payments	To encourage adoption and meaningful continued use of EHR. Eligible professionals in the MA context includes those employed by a MA, a partner in which 80% of the entity's patient care services, furnishes 20 hours/wk of patient care services, or a MA Health Maintenance Organization.	Department of Health and Human Services	See Purpose	Pending*
Healthcare	Health Resources and Services Administration	\$2,500,000,000.00	TBD	To improve the infrastructure of community health centers and address shortages in the health care workforce.	Department of Health and Human Services	Federally Qualified Community Health Centers	No longer available as of: March 16, 2009

*Information is not currently available. Please check back later.

**Information should be available May 2009.

9/24/2009

2009 American Recovery and Reinvestment Act
Duval County Opportunities

Program Area	Name	Federal Funding Level	Allocation Method	Purpose	Decision Maker	Eligible Applicants	Status
Healthcare	Immediate Funding to Strengthen Health Information Technology (HIT) Infrastructure	TBD	TBD	To invest in the infrastructure necessary to allow for and promote the electronic exchange and use of health information for each individual in the United States. These funds shall be used to support: (1) HIT architecture for nationwide electronic exchange and use of health information; (2) development and adoption of appropriate certified electronic health records (EHR); (3) training and dissemination of information on best practices to integrate HIT, including EHR, into providers' delivery of care; (4) infrastructure and tools for the promotion of telemedicine; (5) promotion of interoperability of clinical data repositories or registries; (6) promotion of technologies and best practices to enhance the protection of health information; and (7) improvement and expansion of public health departments' use of HIT.	Health Information Services (HIS)	TBD	Pending*
Healthcare	Major Research Equipment and Facilities Construction	\$400,000,000.00	TBD	To provide additional funding for research equipment and facility construction.	National Science Foundation (NSF, director)	Higher Education; Non-profit	Pending*
Healthcare	National Center on Minority Health and Health Disparities (NCMHD) Community participation in Health Disparities Intervention Research Planning Phase	\$7,000,000.00	Grant	Funding to support intervention research on health disparities that is jointly conducted by communities and researchers.	National Institutes of Health (NIH)	Public and state controlled institutions of higher education; Indian tribal governments; Non-profits, other than institutions of higher education; Private institutions of higher education	No longer available as of: June 30, 2009
Healthcare	National Center on Minority Health and Health Disparities (NCMHD) Dissertation Research Award to Increase Diversity	\$500,000.00	Grant	Funding is to support qualified pre-doctoral students to pursue research careers in any area relevant to the research mission of the NCMHD and simultaneously increase the diversity of this workforce.	National Institutes of Health (NIH)	Public and state controlled institutions of higher education; Private institutions of higher education	No longer available as of: June 30, 2009
Healthcare	National Center on Minority Health and Health Disparities (NCMHD) Exploratory Centers of Excellence	\$6,000,000.00	Grant	Funding provided for hiring staff, researchers, community members, and trainees with the goal of augmenting and expanding the capacity and infrastructure of the institution and community to engage in research improving the health of nation and for preparing the next generation of researchers. Activities should have high short-term impact and a high likelihood of enabling growth and investment in biomedical research and development, public health, and health care delivery. Funds can be used: to support establishing novel partnerships for community engagement/outreach efforts to eliminate health disparities; to establish new or enhance current research training infrastructure and capacity, including pipeline training programs, to prepare future biomedical, biobehavioral, and clinical researchers from minority, rural or low social and low economic status population; and to hire newly-recruited faculty to develop a research project within the context of the NCMHD Centers of Excellence (COE) program. Each COE must contain two cores. More information at: http://grants.nih.gov/grants/guide/rfa-files/RFA-MD-09-4	National Institutes of Health (NIH)	Public and state controlled institutions of higher education; Private institutions of higher education	No longer available as of: July 1, 2009
Healthcare	National Institutes of Health (NIH) Grants in Health and Science Research	\$200,000,000.00	Grant	For institutions/organizations proposing novel research in areas that address specific knowledge gaps, scientific opportunities, new technologies, data generation, or research methods that would benefit from an influx of funds to quickly advance the area in significant ways. Funds allocated to NIH specifically for comparative effectiveness research (CER) may be available to support additional grants. Projects receiving these funds will need to meet this definition of CER: "a rigorous evaluation of the impact of different options that are available for treating a given medical condition for a particular set of patients. Such a study may compare similar treatments, such as competing drugs, or it may analyze very different approaches, such as surgery and drug therapy." Such research may include the development and uses of clinical registries, clinical data networks, and other forms of electronic health data that can be used to generate or obtain outcomes data as they apply to CER.	NIH	City; County; State; Tribal Governments; Public/Private colleges and universities; Independent school districts; Non-profit and for-profit organizations; Small business	No longer available as of: April 27, 2009
Healthcare	National Institutes of Health, National Center for Research Resources	\$300,000,000.00	Grants (competitive)	To repair, renovate or construct extramural research facilities and to acquire shared instrumentation and other research equipment.	Department of Health and Human Services	TBD	No longer available as of: July 17, 2009
Healthcare	Pilot Testing through NIST	TBD	TBD	To coordinate with the Health Information Technology (HIT) Standards Committee to test standards and support the establishment of a voluntary testing program by accredited testing laboratories.	Office of National Coordinator for Health Information Technology (ONCHIT)	Non-federal laboratories	Pending*
Healthcare	Prevention and Wellness Fund	\$50,000,000.00	TBD	States will implement healthcare-associated infection reduction strategies and will report prevention priorities, with measurement goals, to Congress within 90 days.	Department of Health and Human Services	State monitored	Pending*
Healthcare	Research and Related Activities	\$2,500,000,000.00	TBD	To fund research and to modernize research facilities.	National Science Foundation (NSF, director)	TBD	Pending*

*Information is not currently available. Please check back later.

**Information should be available May 2009.

2009 American Recovery and Reinvestment Act
Duval County Opportunities

Program Area	Name	Federal Funding Level	Allocation Method	Purpose	Decision Maker	Eligible Applicants	Status
Healthcare	Research and Research Infrastructure Grand Opportunities (GO)	\$200,000,000.00	Grant	To support projects that address large, specific biomedical and biobehavioral research endeavors that will benefit from significant two-year funds without the expectation of continued national Institutes of Health (NIH) funding beyond two years. The research supported by the GO grants program should have high short-term impact and a high likelihood of enabling growth and investment in biomedical research and development, public health and health care delivery.	NIH	City; County; State; Tribal governments; Public/Private colleges and universities; Independent school districts; Non-profit and for-profit organizations; Small business; Eligible agencies of the federal government; Faith-based or community-based organizations; Hispanic-serving institutions; Historically black colleges and universities; Regional organizations	No longer available as of: May 29, 2009
Healthcare	Research to Address the Heterogeneity in Autism Spectrum Disorders (ASD)	\$57,000,000.00	Grant	The National Institutes of Health (NIH) supported by funds provided under the Act, solicits applications for the following topic areas relevant to research on the heterogeneity of ASD: measurement development, biomarkers/biological signatures, immune and central nervous systems interactions, genetics/genomics, environmental risk factors, model development, treatment and intervention, and services research.	NIH	City; County; State; Tribal Governments; Public/Private colleges and universities; Independent school districts; Non-profit and for-profit organizations; Small business; Eligible agencies of the federal government; Faith-based or community-based organizations; Hispanic-serving institutions; Historically black colleges and universities; Regional organizations	No longer available as of: May 12, 2009
Healthcare	Scientific and Technical Research Services	\$220,000,000.00	Grants	To provide funding for National Institute of Standards and Technology's (NIST) in-house research and development effort, competitive grants, additional research fellowships and advanced research and measurement equipment and supplies.	National Institute of Standards & Technology (NIST)	For-profit businesses; NIST industries	Pending*
Healthcare	State Planning and Implementation Grants to Promote HIT	TBD	Grants (competitive)	To facilitate and expand the electronic movement and use of health information among organizations according to nationally recognized standards. Requires match that increases over three-year period. Funds received through these grants must be used to conduct activities to facilitate and expand the electronic movement and use of health information among organizations according to nationally recognized standards. Eligible states and state-designated entities must submit a plan describing the activities to be carried out to facilitate and expand electronic health information exchange.	Department of Health and Human Services	States; State designated entities	Pending*
Housing and Community Development	Community Development Block Grant (CDBG)	\$1,000,000,000.00	Formula	To provide funding for standard allowable CDBG activities meeting low-income benefit requirements, including but not limited to – property acquisition; code enforcement; clearance/rehab/reconstruction/construction of buildings; public and social services (15% limit); planning and capacity building; development activities through nonprofits; economic development assistance; relocation; technical assistance; housing services and homeownership assistance. Duval County will receive \$1.8 million as of February 24, 2009.	Department of Housing and Urban Development	Communities that received funding in FY 2008	COJ July 2009
Housing and Community Development	Community Service Block Grant (CSBG) Training and Technical Assistance Program: Capacity-Building for Ongoing CSBG programs and Strategic Planning and Coordination Supported by ARRA	\$5,040,000.00	Cooperative Agreement	This opportunity has two parts: Part 1 is Capacity-Building for Ongoing CSBG Programs with an approximate funding of \$1,200,00; Part 2 is Strategic Planning and Coordination supported by ARRA with an approximate funding of \$3,840,000. Separate grant award for each project will be provided to ensure separate tracking of funds and activities. Applicants may apply for up to \$25,000 per 12-month budget period for Part 1; up to \$80,000 per 12-month budget period for Part 2. Parts 1 & 2 will be used to provide training and technical assistance on improving program quality (including financial management), management information and reporting systems, measurement of program results, and responsiveness to identified local needs. For this specific announcement, it has been determined that key technical assistance needs include statewide efforts designed to: ensure coordination of Community Action Program Recovery Act projects; inform communities of available services; document community results; and prepare communities to sustain the impact of Recovery Act funds.	Administration for Children and Families	Non-profits other than institutions of higher education	No longer available as of: June 12, 2009

9/24/2009

2009 American Recovery and Reinvestment Act
Duval County Opportunities

Program Area	Name	Federal Funding Level	Allocation Method	Purpose	Decision Maker	Eligible Applicants	Status
Housing and Community Development	Homeless Prevention Program	\$1,500,000,000.00	Formula	To provide funding for foreclosure prevention and re-housing, for case management and social services, for renovation, major rehabilitation, or conversion of buildings for use as emergency shelters or transitional housing, for shelter operating costs, and for related activities. Funding must be 60% expended within two years of fund availability, and 100% within three years. Housing and Urban Development (HUD) may recapture unexpended funds if the 60% is not expended. Funds can also be used for short- and medium-term rental assistance and prevention, for housing relocation, for stabilization, for housing search, for mediation and outreach to property owners, for credit repair, for security or utility deposits, for utility payments, for rental assistance for a final month at a location, for moving cost assistance, for case management, or other activities for homelessness prevention and for rapid re-housing of persons who have become homeless. 5% can be used for administrative costs. Data collection will be done in HUD's Homeless Management Information System.	Department of Housing and Urban Development	Local	Jacksonville Housing June 2009
Housing and Community Development	Lead Hazard Reduction Programs	\$100,000,000.00	Grants (competitive), co-op agreements	To provide funding to abate lead-based hazards in eligible privately-owned rental or owner-occupied housing, with various targeting factors by program. Awards made to all applicants that qualified for a grant under the FY 2008 Lead Hazard Reduction Program Notification of Funding Availability (NOFA), but did not receive one due to insufficient overall program funding. Remaining amounts are to be awarded under regular FY 2009 grant solicitation, including a detailed plan and strategy demonstrating capacity to carry out purposes. Recipients must expend at least 50% of the funds within two years of funding award, and 100% within three years-- unobligated funds subject to reallocation or recapture. Expedited environmental process allowed through delegation of National Environmental Policy Act (NEPA) review and approval to state or local governments, for grants under Healthy Homes Initiative, Operation Lead Elimination Action Plan, or Lead Technical Studies.	Department of Housing and Urban Development (Office of Healthy Homes and Lead Hazard Control)	States; Indian tribes; City; County; Local government	No longer available as of: July 17, 2009
Housing and Community Development	Neighborhood Stabilization Program (NSP)	\$2,000,000,000.00	Competitive	To provide funding for purchase, for rehabilitation, and for re-occupancy of foreclosed homes, including financing mechanisms, and for allowing land banking and demolition. Grant solicitations will be released 75 days after enactment (est. April 30, 2009). Applications will be due 75 days after grant solicitation (est. July 17, 2009). Funds must be obligated within one year; 50% of funding must be spent within two years; and 100% spent within three years. Project is targeting foreclosure rates or the areas with the highest number and percentage of foreclosures. Also projects concentrating investment on neighborhood stabilization.	Department of Housing and Urban Development (HUD)	States; Local; Non-profits	No longer available as of: September 1, 2009
Housing and Community Development	Neighborhood Stabilization Program 2 (NSP2)	TBD	Grant	Funds to be used to stabilize neighborhoods whose viability has been and continues to be damaged by the economic effects of properties that have been foreclosed upon and abandoned. Funds will be awarded under two competitions: neighborhood stabilization program and technical assistance.	U.S. Department of Housing and Urban Development (HUD)	State government; Unit of general local government; Non-profit entity or consortium of non-profit entities	No longer available as of: July 17, 2009
Housing and Community Development	Project Based Rental Assistance	\$17,119,878.00	TBD	The Section 8 Program was authorized by Congress in 1974 and developed by Housing and Urban Development (HUD) to provide rental subsidies for eligible tenant families (including single persons) residing in newly constructed, rehabilitated and existing rental and cooperative apartment projects.	HUD	Jacksonville Housing Authority (JHA)	JHA
Housing and Community Development	Public Housing Capital Fund Capital Recovery Competition Grants	\$995,000,000.00	Competitive	To carry out priority capital and management activities in public housing through these four established categories: Improvements addressing the needs of the elderly and/or persons with disabilities; public housing transformation; gap financing for projects that are stalled due to financing issues; and d. creation of energy efficient green communities.	U.S. Department of Housing and Urban Development (HUD)	Public Housing Agencies that own or operate low income public housing & are eligible to receive capital funding under Section 9 of the U.S. Housing Act of 1937 (42 U.S.C. 1437g)	No longer available as of: August 30, 2009
Housing and Community Development	Rural Community Facilities Program	\$130,000,000.00	Loans, Block Grants	To support \$1.234 billion in loans and grants authorized by Section 381E(d)(1) of the Consolidated Farm and Rural Development Act for rural community facilities including hospitals, health clinics, health and safety vehicles and equipment, public buildings, and child and elder care facilities.	Rural Housing Service	States; Regional; Private organizations; Non-profit	Not Applicable--Duval county is not considered rural
Housing and Community Development	Rural Housing Insurance Fund Program	\$200,000,000.00	Direct and Guaranteed Loans	To support the principal amount of direct and guaranteed loans as authorized by title V of the Housing Act of 1949 to be available from funds in the Rural Housing Insurance Fund.	Rural Housing Service	Farm owner; Local; Non-profit	Not Applicable--Duval county is not considered rural

2009 American Recovery and Reinvestment Act
Duval County Opportunities

Program Area	Name	Federal Funding Level	Allocation Method	Purpose	Decision Maker	Eligible Applicants	Status
Housing and Community Development	ARRA Strengthening Communities Fund - Nonprofit Capacity Building Program	\$34,000,000.00	Cooperative Agreement	Applications will be accepted for new cooperative agreements to experienced organizations to provide non-profit organizations serving as project partners, with capacity building training, technical assistance, and competitive financial assistance. The focus of this program is to build the capacity of funded projects' non-profit partners in order to address the broad economic recovery issues present in their communities, including helping low-income individuals secure and retain employment, earn higher wages, obtain better-quality jobs, and gain greater access to state and federal benefits and tax credits/ Lead organizations will assist non-profit organizations working in distressed communities with capacity building activities in five critical areas: organizational development; program development; collaboration and community engagement; leadership development; and evaluation of effectiveness. Capacity building activities are designed to increase an organization's sustainability and effectiveness, enhance its ability to provide social services, and create collaborations to better serve those in need.	Administration for Children and Families	State governments; County governments; City/Township governments; Special district governments; Public and State controlled institutions of higher education; Federally recognized Native American tribal governments; Native American tribal organizations (other than Federally recognized tribal governments); Non-profits, other than institutions of higher education; Private institutions of higher education; For-profit organizations other than small businesses; Small businesses; Faith-based and community organizations	No longer available as of: July 7, 2009
Housing and Community Development	ARRA Strengthening Communities Fund - State, Local & Tribal Government Capacity Building Program	\$12,000,000.00	Grant	For state, local and tribal governments to build their capacity to partner with community-based and faith-based non-profit organizations and to provide training and technical assistance to help the non-profit organizations to better serve those in need and to increase non-profit organizations' involvement in the economic recovery. Funds to be used to provide free capacity building services to non-profit organizations, such as a beneficiary benefits clearinghouse, outreach & education, facilitation of partnerships between and among non-profits and governments agencies, and training and technical assistance to improve awareness of and access to ARRA efforts/benefits & to improve organizational capacity to be active participants in ARRA efforts/benefits. Grantees will also use fund to build their own capacity to provide these services to non-profits.	Administration for Children and Families	State, local and tribal governments	No longer available as of: July 7, 2009
Housing and Community Development	Tax Credit Assistance Program (TCAP)	\$101,134,952.00	Formula	TCAP provides grant funding for capital investment in Low Income Housing Tax Credit (LIHTC) projects via a formula-based allocation to state housing credit allocation agencies. The housing credit agencies in each state shall distribute these funds competitively and according to their qualified allocation plan. Projects awarded LIHTC in Fiscal Year (FY) 2007, FY 2008, or FY 2009 are eligible for funding, but housing credit agencies must give priority to projects that are expected to be completed by February 2012.	HUD	State to local agencies	No longer available as of: July 24, 2009
Housing and Community Development	Weatherization Assistance Program	\$5,000,000,000.00	Formula	To make energy efficient improvements in the homes of low-income families to reduce their energy bills.	State of Florida, Department of Energy	States to local agencies	COJ July 1, 2009
Infrastructure and Transportation	Academic Research Infrastructure Program: Recovery and Reinvestment	\$2,000,000,000.00	Cooperative Agreement	This investment will advance the science and engineering research enterprise at many institutions by enhancing the Nation's existing research facilities where sponsored and/or unsponsored research activities and research training take place to enable next-generation research infrastructure that integrates shared resources across user communities. This program will: update existing research facilities at institutions of higher education (including graduate and undergraduate institutions, among which are included community colleges) and other non-profit research organizations; enable academic departments, disciplinary and cross-disciplinary units, or multi-organization consortia to renovate research facilities through the addition or augmentation of cyber infrastructure, other than general-purpose computing systems or data storage systems, to create environments that enhance research and integrate research with education. Improve access to and increase use of next-generation research facilities for researchers, educators and students. Assist research organizations, including those that have historically received limited Federal Funding may not be used by: foreign organizations; research arms of for-profit firms	National Science Foundation (NSF)	Universities and two-and four-year colleges (including community colleges) accredited in, and having a campus located in the United States, its territories and possessions; Independent non-profit research museums; independent non-profit research institutions and laboratories; Non-profit research consortia located in the U.S., its territories and possessions (with a 501(c)(3) tax status)	No longer available as of: August 24, 2009
Infrastructure and Transportation	ARRA Fire Station Construction Grant Program	\$210,000,000.00	Grant	Station Construction Grants (SCG) are to create or save jobs in recession-hit areas and achieve other purposes stated in ARRA, and achieve AFG goals of firefighter safety and improved response capability/capacity based on need through the construction, renovation or modification of fire stations.	Department of Homeland Security-- FEMA	Non-Federal Fire Departments; State and local governments that fund/operate fire departments that are eligible for SCG	No longer available as of: July 10, 2009

2009 American Recovery and Reinvestment Act
Duval County Opportunities

Program Area	Name	Federal Funding Level	Allocation Method	Purpose	Decision Maker	Eligible Applicants	Status
Infrastructure and Transportation	ARRA Transit Security Grant Program (TSGP)--Operational Packages	\$150,000,000.00	Grant	Will focus on the use of visible, unpredictable deterrence through the funding of Operational Packages for canine teams, mobile explosives detection screening teams, and anti-terrorism teams both due to their effectiveness in reducing risk to transit systems and their potential for job creation. In addition, funding will be provided for capital projects including Multi-User High-Density Key Infrastructure Protection, Single-User High-Density Key Infrastructure Protection, Key Operating Asset Protection, and Other Mitigation Activities.	Department of Homeland Security-- FEMA	Public Transportation Agencies	No longer available as of: June 15, 2009
Infrastructure and Transportation	ARRA Transit Security Grant Program --Capital Projects	\$150,000,000.00	Grant	Will focus on the use of visible, unpredictable deterrence through the funding of Operational Packages for canine teams, mobile explosives detection screening teams, and anti-terrorism teams both due to their effectiveness in reducing risk to transit systems and their potential for job creation. In addition, funding will be provided for capital projects including Multi-User High-Density Key Infrastructure Protection, Single-User High-Density Key Infrastructure Protection, Key Operating Asset Protection, and Other Mitigation Activities.	Department of Homeland Security-- FEMA	Public Transportation Agencies	No longer available as of: June 29, 2009
Infrastructure and Transportation	ARRA Port Security Grant Program (PSGP)	\$150,000,000.00	Grant	The Maritime Transportation Security Act of 2002, as amended, established the PSGP to implement Area Maritime Transportation Security Plans and facility security plans among port authorities, facility operators, and state and local government agencies required to provide port security services.	Department of Homeland Security-- FEMA	Port Authorities and Ferry Systems	No longer available as of: June 29, 2009
Infrastructure and Transportation	Assistance to Small Shipyards	\$100,000,000.00	Grants	To provide supplemental grants for assistance to qualified shipyards. Secretary will institute measures to ensure that funds are obligated within 180 days of distribution.	Maritime Administration (MarAd)	Qualified shipyards	No longer available as of: April 20, 2009
Infrastructure and Transportation	Capital Assistance for High Speed Rail Corridors and Intercity Passenger Rail Service	\$8,000,000,000.00	Grants (Discretionary)	To provide funding for intercity and high speed passenger rail capital projects. Secretary must submit strategic plan to House/Senate appropriation committees within 60 days after February 17, 2009, detailing how funds will be spent. In June 2009 guidance to applicants and instructions will be available. Waives the requirement that projects be in a state rail plan. Projects must comply with Davis Bacon wage laws, and Buy American provisions for steel, iron, manufactured goods on projects (Duval Delegation/CSX)	Federal Railroad Administration (FRA)	FDOT/FRA	Not Applicable--does not apply to anyone in Duval county
Infrastructure and Transportation	Capital Assistance for Transit	\$6,900,000,000.00	Formula	Discretionary grants, in the amount of \$100 million, have been set aside for capital improvements to public transit agencies that will assist in reducing energy consumption or reducing greenhouse gas admissions. Urbanized areas have been apportioned 80%. By August 2009, recipients must have 50% of funds obligated or redistributed by whatever the Florida Department of Transportation (FDOT) deems appropriate. Extension can be given. Disadvantaged Business Enterprise requirements apply to apportioned funds. Additional guidance is provided by http://www.fta.dot.gov/index_9118.html	Federal Transit Administration (FTA)	Florida Department of Transportation (FDOT); Designated recipients	Pending*
Infrastructure and Transportation	Capital Investment Grants	\$750,000,000.00	Grants (Discretionary)	To provide supplemental grants for New Starts and Small Starts of new fixed guide way systems or extensions to existing systems. Priority will be given to projects that are already in construction or able to obligate funds within 150 days of enactment. Disadvantaged Business Enterprise requirements apply.	Federal Transit Administration (FTA)	FDOT/Public-local transit authorities	No longer available as of: July 17, 2009
Infrastructure and Transportation	Facilities and Equipment	\$200,000,000.00	Grants (competitive)	To provide supplemental funding for facilities and equipment through September 30, 2010. Grant award procedures should be available in April. Federal Aviation Authority (FAA) power systems upgrades, \$50 million; modernize air traffic control centers, \$50 million; air traffic control tower replacements, \$80 million; installing airport lighting, navigation and landing equipment, \$20 million. Buy America clause	FAA	Airports and private entities	JIA
Infrastructure and Transportation	FEMA-State and Local programs-Firefighter Assistance Grants	\$210,000,000.00	Grants (competitive)	To provide funding for modifying, upgrading, or constructing non-federal fire stations. Program administration, 5%; maximum grant is \$15 million.	FEMA	TBD	No longer available as of: July 7, 2009
Infrastructure and Transportation	FEMA-State and Local programs-Port Security	\$150,000,000.00	Discretionary, Competitive	To provide funding for the protection of critical port infrastructure from terrorism, including risk management capabilities, domain awareness, training and exercises, and capabilities to prevent, detect, respond to, and recover from attacks involving improvised explosive devices and other non-conventional weapons.	FEMA	Port systems by invitation	No longer available as of: June 29, 2009
Infrastructure and Transportation	FEMA-State and Local programs-Public Transportation and Railroads Security	\$150,000,000.00	Grants	To provide funding for Public Transportation Security Assistance and Railroad Security Assistance under Sections 1406 and 1513 of the Implementing Recommendations of the 9/11 Commission Act of 2007.	FEMA	TBD	No longer available as of: June 16, 2009
Infrastructure and Transportation	Fixed Guide way Infrastructure Investment	\$750,000,000.00	Formula	Funds will be appropriated in March 2009. Recipients have until August 2009 to obligate 50% of the funds, and one year to obligate all funds. Disadvantaged Business Enterprise requirements apply.	Federal Transit Administration (FTA)	FDOT/Public-local transit authorities	No longer available as of: March 8, 2009
Infrastructure and Transportation	Grants-in-Aid for Airports	\$1,100,000,000.00	Grants (Discretionary)	To provide funding for eligible airport improvements and procurement, installation and commissioning of runway incursion devices and systems through September 30, 2010. Projects must be completed by February 17, 2011, and the awards should be dispensed by June 2009.	FAA	Airports	No longer available as of: June 17, 2009
Infrastructure and Transportation	Highway Infrastructure Investment to States and Metropolitan Planning Organizations (MPO)	\$27,500,000,000.00	Formula	States apportioned 50% using STP formula; apportioned 50% using Obligation ratio. Distribution of funds: territorial highways, \$45 million; construction of ferry boats/terminal facilities, \$60 million; on-the-job training, \$20 million; administrative oversight, \$40 million. Money will be dispersed by March 6, 2009. Priority should be given to projects that can be completed within three years and are in economically distressed areas. Additional guidance provided at: http://www.fhwa.dot.gov/economicrecovery/expedite.htm	Federal Highway Administration (FHWA)	FDOT/MPO	Pending*

9/24/2009

2009 American Recovery and Reinvestment Act
Duval County Opportunities

Program Area	Name	Federal Funding Level	Allocation Method	Purpose	Decision Maker	Eligible Applicants	Status
Infrastructure and Transportation	Highway Infrastructure Investment: Ferry Boats and Ferry Terminal Facilities	\$60,000,000.00	Discretionary, Competitive grants	To provide funding for capital expenditures for ferry boats and terminal facilities. Projects will be given priority that can be completed within two years. (Duval Delegation)	Federal Highway Administration (FHWA)	FDOT	No longer available as of: May 15, 2009
Infrastructure and Transportation	National Surface Transportation System	\$1,500,000,000.00	Discretionary, Competitive grants	To provide funding for projects of national or regional significance through September 30, 2011. Projects include: highway or bridge projects under Title 23 USC; new or small start public transportation projects under Title 49 USC; passenger and freight rail projects; port infrastructure investments, including projects that connect ports to other modes of transportation; and improved efficiency of freight movement.	Secretary of Transportation	States; Local; Transit agencies	No longer available as of: September 1, 2009
Infrastructure and Transportation	Recovery Act - Systems Level Technology Development, Integration, and Demonstration for Efficient Class 8 Trucks (Super Truck) and Advanced Technology Powertrains for Light-Duty Vehicles	TBD	Grant	To develop & demonstrate a 50% improvement in overall freight efficiency on a heavy-duty Class 8 tractor-trailer in ton-miles per gallon. This improvement will be achieved through the application of advanced vehicle system technologies & advanced engine technologies. At least 20% of the improvement will be through the development of an engine capable of achieving 50% Brake Thermal Efficiency (BTE). Over the 3 - 5 year period of this activity, the selected participants will develop, test & ultimately demonstrate these advanced technologies on a full-scale vehicle. A pathway to compliance with prevailing federal safety & environmental regulations must be shown. Candidate vehicle system technologies may include reductions in aerodynamic drag, vehicle mass, & rolling resistance, & other technologies as appropriate. Electrical or mechanical drive train hybridization, including energy storage/regeneration & main engine idle and other ancillary load reduction, may also be considered. For more information, visit www.grants.gov & search Funding Opportunity Number: DE-FWA-0000070	National Energy Technology Laboratory	Unrestricted, except other Federal agencies, Federally Funded Research and Development Center (FFRDC) Contractors, and non-profit organizations described in section 501 (c) (4) of the Internal Revenue Code of 1986 that engaged in lobbying activities after Dec. 31, 1995	No longer available as of: September 9, 2009
Infrastructure and Transportation	Recovery Act--Transit Investments for Greenhouse Gas and Energy Reduction	\$100,000,000.00	Grant	This program will provide grants to public transit agencies for capital investments that will assist in reducing the energy consumption or greenhouse gas emission of their public transit agencies.	Department of Transportation/Federal Transit Administration	Public Transit Agencies	No longer available as of: May 22, 2009
Infrastructure and Transportation	Rural Water and Waste Disposal Program	\$1,380,000,000.00	Direct Loans, Grants	To provide funding for rural waste, waste water and waste disposal programs to support \$3.7888 billion in loans and grants for water and waste disposal facilities in rural areas.	Rural Housing Service	Indian tribes; Local; Non-profit	Not Applicable--Duval county is not considered rural
Infrastructure and Transportation	Transportation Investment Generating Economic Recovery (TIGER)	\$1,500,000,000.00	Discretionary Grant	For capital investments in surface transportation infrastructure.	Department of Transportation	State or local government or transit agencies on a competitive basis	No longer available as of: September 15, 2009
Infrastructure and Transportation	Water and Water Related Resources	\$1,000,000,000.00	Grants (competitive), co-op agreements	To provide supplemental funding for water and water related resource activities and projects.	Bureau of Reclamation/Secretary of Interior	State; Local; Water districts	Pending*
Infrastructure and Transportation	Watershed and Flood Prevention Operations Program	\$290,000,000.00	Loans	To purchase and restore floodplain easements and investment in both structural and non-structural watershed infrastructure improvements.	National Resources Conservation Service (NRCS)	State; Indian tribes; Local; Soil and Water Conservation District (SWCD); St. Johns Water Management District (SJWMD)	Open May 2009
Infrastructure and Transportation	Watershed Rehabilitation Program	\$50,000,000.00	Loans	To rehabilitate aging flood control infrastructure.	NRCS	State; Indian tribes; Local; Soil and Water Conservation District (SWCD); St. Johns Water Management District (SJWMD)	Pending*
Public Outreach	Computers for Qualified Education Expenses in 529 plans	TBD	Credit	The Act expands the definition of "qualified higher expenses" under Section 529 of the Code to include expenses paid or incurred in 2009 or 2010 for the purchase of any computer technology or equipment or internet access and related services if such technology, equipment or services are to be used by the beneficiary of the Section 529 account and the beneficiary's family during any of the years the beneficiary is enrolled at an eligible institution. That means that funds can be withdrawn tax-free from Section 529 accounts for such use in 2009 or 2010.	N/A	Duval County taxpayers	Please see "What ARRA means to you" document on Economic Stimulus homepage
Public Outreach	Digital Television (DTV) Transition for DTV Walk-in Centers or Mobile Clinics	\$7,000,000.00	TBD	This request for quotation (RFQ) seeks proposals for DTV walk-in help centers or mobile clinics with disability access to provide these services: conducting hands-on demonstrations of how to install analog to digital converter box; providing a display area for printed literature regarding the DTV changes; and providing high-speed internet access to apply for converter box coupons and for other DTV information.	FCC	For-profit; Non-profit	No longer available as of: April 22, 2009
Public Outreach	Digital Television (DTV) Transition for Expert, Complex In-Home Digital Transition Services	\$14,000,000.00	TBD	This request for quotation (RFQ) seeks quotations for expert in-home digital transition services. Such services include, but are not limited to, the following: connecting up to two of a household's existing coupon-eligible analog-to-digital converter boxes to existing broadcast antenna(s) and analog TV(s); making significant adjustments to and movement of existing antennas; scanning and rescanning converter boxes to locate the maximum number of digital broadcast channels available; integrating an existing VCR into the installation; and providing guidance to the consumer on the operation of his or her converter box(as), including use of close captioning features. This solicitation prefers proposals that focus on providing DTV assistance to low-income individuals, minority communities, non-English speaking consumers, senior citizens, consumers living in rural areas or on tribal lands, and consumers with disabilities.	FCC	For-profit; Non-profit	No longer available as of: April 21, 2009

*Information is not currently available. Please check back later.

**Information should be available May 2009.

2009 American Recovery and Reinvestment Act
Duval County Opportunities

Program Area	Name	Federal Funding Level	Allocation Method	Purpose	Decision Maker	Eligible Applicants	Status
Public Outreach	Digital Television (DTV) Transition, Basic In-Home Installation Assistance	\$7,000,000.00	TBD	This request for quotation (RFO) seeks proposals for basic, in-home analog-to-digital converter box installation services. Such services are composed of the following: connecting up to two of a household's existing coupon-eligible analog-to-digital converter boxes to existing broadcast antenna(s) and analog TVs; providing a basic level of orienting/reorienting the household's antenna(s) and scanning/rescanning the converter box(as) in order to receive digital broadcast TV stations in the area; and providing basic guidance to the consumer on the operation of their converter box(es). This solicitation prefers proposals that focus on providing DTV assistance to low-income individuals, minority communities, non-English speaking consumers, senior citizens, consumers living in rural areas or on tribal lands, and consumers with disabilities.	FCC	For-profit; Non-profit	No longer available as of: April 13, 2009
Public Outreach	Digital to Analog Converter Box Program	\$650,000,000.00	Education Outreach, Household coupons	To provide additional implementation and administration of the analog-to-digital converter box coupon program, including addition coupons to meet new projected demands, consumer support, outreach, and administration.	National Telecommunications and Information Administration	General Public	Please see "What ARRA means to you" document on Economic Stimulus homepage
Public Outreach	Dollar Limitation on Certain Energy Credits	TBD	Tax Credit	There are no dollar limitations on certain energy credits for which individuals are eligible, including the credits for solar water heating property, small wind energy property, and geothermal pumps. Additional guidance at: www.energystar.gov	N/A	Duval County taxpayers	Please see "What ARRA means to you" document on Economic Stimulus homepage
Public Outreach	Exclusion of Unemployment Income	\$2,400.00	Tax Credit	Taxpayers gross income will not include the taxpayers first \$2,400 of unemployment compensation.	N/A	Duval County taxpayers	Please see "What ARRA means to you" document on Economic Stimulus homepage
Public Outreach	First-Time Homebuyer Credit	\$8,000.00	Tax Credit	The Act eliminates the repayment obligation for taxpayers that purchase homes on or after January 1, 2009; increases the maximum value of the credit to \$8,000; allows financing of the home purchase by mortgage revenue bonds (which was prohibited under the prior credit requirements); and extends the period for which home purchases are eligible through November 30, 2009. Like the pre-Act provision, the Act permits a taxpayer to claim the credit on the taxpayer's 2008 tax return for an eligible purchase in 2009. The Act requires a taxpayer to pay back the amount of the credit if the house is sold within three years of purchase. The Act does not eliminate the requirement that a homebuyer must be a "first time" homebuyer to qualify for the credit.	N/A	Duval County taxpayers	Please see "What ARRA means to you" document on Economic Stimulus homepage
Public Outreach	Low-income Housing Grants in Lieu of Tax Credits	TBD	Grants	Taxpayers can receive a grant from the U.S. Treasury Department in lieu of low-income housing tax credits from state housing agencies.	N/A	Duval County taxpayers	Please see "What ARRA means to you" document on Economic Stimulus homepage
Public Outreach	Making Work Pay Credit	\$800.00	Tax Credit	For 2009 and 2010, qualifying taxpayers (i.e., anyone that is not a non-resident alien, a dependent on another taxpayer's return, or an estate or trust) are eligible for the Making Work Pay credit, in an amount equal to the lesser of 6.2% of the taxpayer's earned income or \$400 (\$800 for taxpayers filing jointly). This credit begins to phase out for individual taxpayers with adjusted gross income of \$75,000 and joint filers with adjusted gross income of \$150,000. This credit begins in April 2009.	N/A	Duval County taxpayers	Please see "What ARRA means to you" document on Economic Stimulus homepage
Public Outreach	New Markets Tax Credit	\$1,500,000,000.00	Tax Credit	Enhances new markets tax credit by authorized.	N/A	Businesses	Please see "What ARRA means to you" document on Economic Stimulus homepage
Public Outreach	One Time Economic Recovery Payment	\$250.00	Tax Credit	The Act provides a one-time \$250 payment to persons who were eligible for the following government benefits within the three months prior to enactment of the new law: social security benefits; railroad retirement benefits; veterans' compensation or pension benefits; and supplemental security income benefits. This one-time payment reduces any allowable Making Work Pay credit.	N/A	Duval County taxpayers	Please see "What ARRA means to you" document on Economic Stimulus homepage
Public Outreach	Pell Grants	\$15,640,000,000.00	Grants	To provide need-based grants to low-income undergraduate and certain post-baccalaureate students to promote secondary education. Max 2009-2010 award is \$5,350.	Office of Federal Student Aid	College students	Please see "What ARRA means to you" document on Economic Stimulus homepage
Public Outreach	Plug-in Electric Drive Vehicle Credit	\$2,500.00	Tax Credit	Act modifies the tax credits for plug-in vehicles and accessories; applies to vehicle purchases made after December 31, 2009. In addition the credit allows for the conversion of a vehicle into a plug-in vehicle through a conversion kit. The amount is 10% of the cost not to exceed \$40,000. If the vehicle is purchased by a tax-exempt or government entity the credit can be claimed by the seller of the vehicle.	N/A	Duval County taxpayers	Please see "What ARRA means to you" document on Economic Stimulus homepage
Public Outreach	Sales Tax Deduction for Vehicle Purchases	\$2,970.00	Tax Credit	The Act provides taxpayers, who itemize deductions without deducting sales taxes in lieu of income taxes, with an itemized deduction for state and local sales and excise taxes paid on the purchase of new cars, light trucks, recreational vehicles, and motorcycles in 2009. Taxpayers who do not itemize also may claim the deduction as an increased standard deduction. The deduction is phased out for taxpayers with, adjusted gross income in excess of \$125,000 (\$250,000 for a joint return). Only taxes attributable to the portion of the purchase price that does not exceed \$49,500 may be deducted.	N/A	Duval County taxpayers	Please see "What ARRA means to you" document on Economic Stimulus homepage

2009 American Recovery and Reinvestment Act
Duval County Opportunities

Program Area	Name	Federal Funding Level	Allocation Method	Purpose	Decision Maker	Eligible Applicants	Status
Workforce and Human Services	Premium Assistance for COBRA continuation	TBD	N/A	Act provides premium assistance for COBRA continuation coverage for unemployed workers and their families. Assistance is a subsidy of 65% of costs for up to 9 months. Benefit is phased out for taxpayers with incomes above \$125,000.	N/A	Duval County taxpayers	Please see "What ARRA means to you" document on Economic Stimulus homepage
Workforce and Human Services	Premium Assistance for Consolidated Omnibus Budget Reconciliation Act (COBRA) Benefits	\$24,700,000,000.00	N/A	To provide a 65% subsidy for COBRA premiums to help the unemployed and their families maintain COBRA coverage. Income must not exceed \$125,000 for individuals and \$250,000 for families. Subsidy will be terminated for individuals who obtain employer-sponsored health care insurance or are eligible for Medicare; otherwise, the subsidy will be terminated after 9 months. Department of Labor (DOL) Secretary is to conduct outreach to employers, group health plan administrators, public assistance programs, states, and insurers to educate the public and provide enrollment assistance.	Department of Labor	Individuals involuntarily terminated between September 1, 2008 — December 31, 2009, and they elect COBRA coverage	Please see "What ARRA means to you" document on Economic Stimulus homepage
Workforce and Human Services	Recovery Act - Early Career Research Program	\$25,000,000.00	Competitive Grant	The Office of Science of the Department of Energy (DOE) hereby invites grant applications for support under the Early Career Research Program in the following program areas: Advanced Scientific Computing Research (ASCR); Biological and Environmental Research (BER); Basic Energy Sciences (BES); Fusion Energy Sciences (FES); High Energy Physics (HEP); and Nuclear Physics (NP). The purpose of this program is to support the development of individual research programs of outstanding scientists early in their careers and to stimulate research careers in the areas supported by the DOE Office of Science. The Principal Investigator must be an untenured Assistant Professor on the tenure track at a U.S. academic institution as of the deadline for the application. No more than 10 years can have passed between the year the Principal Investigator's Ph.D. was awarded and the year of the deadline for the application.	U.S. Department of Energy	Unrestricted; except other Federal agencies, Federally Funded Research and Development Center (FFRDC) Contractors, and nonprofit organizations described in section 501(c)(4) of the IRS Code of 1986 that engaged in lobbying activities after December 31, 1995.	No longer available as of: September 1, 2009
Workforce and Human Services	Recovery Act Internet Crime Against Children Research Grant	TBD	Grant	To encourage innovative and independent research and data collection to further our understanding of the scope and prevalence of technology and internet-facilitated crimes against children and to enhance the administration of justice through improved investigation of crime.	Office of Juvenile Justice and Delinquency Prevention	State governments; Local governments; Federally recognized Indian tribes; Non-profits having a 501(c)(3) status, other than institutions of higher education; Secular and faith-based organizations; For-profit organizations who agree to waive any profit/fee	No longer available as of: May 14, 2010
Workforce and Human Services	Recovery Act Limited Competition: Small Business Catalyst Awards for Accelerating Innovative Research	TBD	Competitive Grants	To accelerate innovation through high risk, high reward research and development (R&D) that has commercial potential and is relevant to the mission of the NIH. To support entrepreneurs of exceptional creativity, drawn from scientific and technological environments beyond NIH, who propose pioneering and possibly transformative approaches to addressing major biomedical or behavioral challenges with the potential for downstream commercial development. To encourage fresh research perspectives and approaches to serve the NIH. For projects that have the potential to generate high impact results (e.g., products, processes or services) and/or innovative research applications, research tools, techniques, devices, inventions, or methodologies. The outcomes of the research supported should have potential to lead to products that will improve public health and create significant value and economic stimulus. Priority may be given to those without a history of NIH Small Business Innovation Research (SBIR) or Small Business Technology Transfer (STTR).	National Institutes of Health (NIH)	Small Businesses	No longer available as of: September 1, 2009
Workforce and Human Services	Services for Older Blind Individuals	\$343,000,000.00	Formula grants	To support services for individuals age 55 or older who have feasible independent living goals, but whose severe visual impairment makes competitive employment difficult to obtain.	Office of Special Education and Rehabilitative Services; Rehabilitation Services Administration	State vocational rehabilitation agencies who serve blind individuals	Pending*
Workforce and Human Services	State Labor Market Information Improvement	\$50,000,000.00	Grant	Funds are available to collect, analyze, and disseminate labor market information, and to enhance the labor exchange infrastructure for careers within the energy efficiency and renewable energy industries. Applicants must propose strategies and approaches in the following focus areas: data collection and estimation activities related to green industries, occupations, and skill requirements; data dissemination activities; and related research activities. Applicants will include strategies for posting job openings to online job banks that will be highlighted for easy recognition as green jobs by job seekers. Grantees should focus on ensuring that workers trained for green jobs will be able to find employment in energy efficiency and renewable energy sectors after they finish training.	Employment and Training Administration	State Workforce Agency	No longer available as of: August 14, 2009
Workforce and Human Services	STOP Violence Against Women	\$175,000,000.00	Grant	To provide funding for law enforcement, prosecution, and victim services enhancements, such as training public safety and court related personnel, expanding specialized units, and enhancing technology.	Office of Violence Against Women	States; Local and non-profit allocation percentage for law enforcement & victim services	No longer available as of: March 24, 2009

*Information is not currently available. Please check back later.
