

Florida Department of Transportation

CHARLIE CRIST
GOVERNOR

2198 Edison Ave.
Jacksonville, FL 32204

STEPHANIE C. KOPELOUSOS
SECRETARY

Jacksonville Area Florida Department of Transportation Lane Closings

November 7 through November 13

I-10/I-95 interchange reconstruction project

I-95 southbound within the project limits WILL BE TOTALLY CLOSED nightly from 10 p.m. to 5 a.m. from Monday, November 9 through Wednesday, November 11. Detour signs will be posted. The movement to I-95 northbound from Stockton Street is closed until approximately the winter of 2011. Lane closings may occur at various locations within the project limits on I-10 and I-95 and on the side streets between 10 p.m. and 5 a.m. The anticipated completion time for this project is early 2011.

I-10 resurfacing and widening project between Lane Avenue and Halsema Road

I-10 eastbound WILL BE TOTALLY CLOSED BETWEEN THE MARIETTA INTERCHANGE AND CHAFFEE ROAD on Monday, November 16 from 10 p.m. to 5 a.m. Detour signs will be posted. The I-10 westbound off ramp to Chaffee Road WILL BE TOTALLY CLOSED on Monday, November 9 between 8 p.m. and 5 a.m. Detour signs will be posted. Single lanes in both directions on I-10 may be closed next week at various locations within the project limits between 6:30 p.m. and 6 a.m. from Monday, November 9 through Thursday, November 12. Single lanes on Chaffee Road near I-10 may be closed in both directions nightly from 7:30 p.m. to 5 a.m. from Sunday, November 8 to Thursday, November 12. This project is scheduled to be completed in the spring of 2012.

I-10 pavement improvement project between Stockton Street and Lane Avenue

Lanes are scheduled to be closed nightly in both directions between 6:30 p.m. and 5:30 a.m. from Monday, November 9 through Friday, November 13. This project is scheduled for completion in the spring of 2012.

I-95/ S.R. 9A east interchange reconstruction near the Jacksonville International Airport

I-95 southbound and ramps within the project limits WILL BE TOTALLY CLOSED on various nights between 9 p.m. and 5 a.m. from Monday, November 9 through Friday, November 13. Detour signs will be posted. The new flyover ramp from I-95 south to S.R. 9A east should be finished in the fall of 2010.

I-95 north of Pecan Park Road

One northbound lane will be closed on Sunday, November 15 from 8 a.m. to 4 p.m. One southbound lane will be closed on Monday, November 16 from 9 a.m. to 3 p.m. Roadway maintenance will be occurring.

I-295 between Commonwealth Avenue and Pritchard Road

One northbound lane is scheduled to be closed on Thursday, November 22 between 8 p.m. and 5 a.m. for roadway maintenance activities.

I-295 at Collins Road

I-295 southbound WILL BE TOTALLY CLOSED on Monday, November 9 between 11 p.m. and 5 a.m., and I-295 northbound WILL BE TOTALLY CLOSED on Tuesday, November 10 between 11 p.m. and 5 a.m. Construction of an overpass is occurring, and detour signs will be posted.

I-95 at Old St. Augustine Road

One northbound lane is scheduled to be closed on Friday, November 23 between 9 p.m. and 3 a.m. for roadway maintenance activities.

Hart Bridge repainting and structural repair project

Full bridge closings will occur Monday through Thursday nights from 7 p.m. to 6 a.m. and on weekends from 7 p.m. on Friday until 6 a.m. on Monday. Single lane closings will occur during non-rush hour times. Northbound lane closings can occur between 9 a.m. and 7 p.m. and southbound lane closings can occur between 9 a.m. and 3:30 p.m. This work should be finished in early 2011.

Atlantic Boulevard bridge over the San Pablo River (ICW)

One eastbound lane will be closed daily between 9:30 a.m. and 3:30 p.m. on Tuesday, November 10 for a routine bridge inspection.

Beach Boulevard widening project between Hodges Boulevard and San Pablo Road

No lane closings are scheduled for next week, but brief traffic stoppages may occur at the intersections of Discovery Way and San Pablo Road. This project should be finished in the summer of 2011.

University Boulevard near Spring Park and Barnes roads

One westbound lane will be closed on Monday, November 9 from 10 a.m. to 12:30 p.m. for roadway maintenance.

Hendricks Avenue near Ridgeland Road about one mile north of University Boulevard

One southbound lane will be closed daily between 9 a.m. and 3 p.m. on Monday, November 9 and Tuesday, November 10 for roadway maintenance.

J. Turner Butler Boulevard widening between Kernan Boulevard and San Pablo Road

Single lanes will be closed in both directions from 9 a.m. to 3 p.m. daily from Monday, November 9 through Friday, November 13. **Delays will occur, and alternate routes should be considered.** The project should be finished by late November.

S.R. 9A/Heckscher Drive interchange improvement project

Lane closings may occur at various locations within the project limits next week on S.R. 9A, Heckscher Drive and New Berlin Road. Lane closings are allowed between 7 p.m. and 6 a.m. New Berlin Road at the railroad crossing near S.R. 9A is closed until this fall. This project should be completed in November.

S.R. 9A resurfacing between North Main Street and New Berlin Road

Single lanes in both directions and various ramps within the project limits will be closed nightly next week from Sunday, November 8 through Friday, November 13. Lane closings will occur between 7 p.m. and 5:30 a.m., and ramp closing times are between 9 p.m. and 5 a.m. This project will be finished in the summer of 2010.

S.R. A1A resurfacing project between 9th Avenue North and the Duval/St. Johns county line

Single lanes may be closed in both directions at various locations within the project limits from Monday, November 9 through Thursday, November 12 between 7 p.m. and 6 a.m. This project should be finished by the end of the year.

S.R. A1A resurfacing project from Mayport Road to the ferry landing area

Single lanes will be closed nightly from 7 p.m. to 6 a.m. from Sunday, November 8 through Thursday, November 12. The project should be completed this fall.

Atlantic Boulevard/A1A resurfacing and improvements from Mayport Road to 9th Avenue North

Single lanes at various locations within the project limits will be closed from Monday, November 9 through Friday, November 13 from 9 a.m. to 3:30 p.m. and between 7 p.m. and 6 a.m. This project will be finished in the summer of 2010.

Atlantic Boulevard resurfacing project between Kings Avenue and University Boulevard

Single lanes in both directions near Bartram Road and Art Museum Drive will be closed daily from 9 a.m. to 3:30 p.m. from Monday, November 9 through Friday, November 13. This project should be finished in the spring 2010.

S.R. 211 (Grand Avenue) over the Ortega River

Various lanes will be closed on Monday, November 9 from 9 a.m. to 4 p.m. for a routine bridge inspection. Two-way traffic will be maintained using flaggers.

103rd Street at Samaritan Way near S.R. 23

Single lanes will be closed daily in both directions during non-peak hours (Monday through Friday) through Friday, November 20 for median work and roadway modification.

Blanding Boulevard resurfacing from the Duval County line and Kingsley Avenue (Clay County)

Single lanes will be closed in both directions from Sunday, November 8 through Saturday, November 14 between 9:30 p.m. and 5:30 a.m. nightly. The southernmost median opening next to the Orange Park Mall near Wells Road is closed until approximately the first week in November for construction activities. The project should finish this fall.

U.S. 17/Doctors Inlet Bridge widening between Milwaukee Avenue and Creighton Road (Clay County)

Single southbound lane closings are scheduled to be closed from Sunday, November 8 through Saturday, November 14 from 8 p.m. to 6 a.m. and single northbound lanes will be closed during the same dates from 7 p.m. to 5 a.m. The projected completion time for this project is the winter of 2010.

U.S. 17 resurfacing between C.R. 220 and Creighton Road (Clay County)

Night lane closings are scheduled from Sunday, November 8 through Saturday, November 14. Northbound lane closings will occur from 7:30 p.m. to 5:30 a.m., and southbound lane closings will occur from 8 p.m. to 7:30 a.m. This project is scheduled to be finished in the winter of 2009.

Black Creek Bridge replacement project on S.R. 21 in Middleburg (Clay County)

Single lane closings in both directions may occur between 8 p.m. and 6 a.m. from Monday, November 9 through Friday, November 13. This project should be finished in the spring of 2010

S.R. 21 widening project between Old Jennings Road and Knight Boxx Road (Clay County)

Lanes are scheduled to be closed next from Monday, November 9 through Friday, November 13. Northbound lane closings can occur from 10 a.m. to 5 p.m., and southbound lane closings can occur from 11 a.m. to 2 p.m. This project is scheduled to be finished in the spring of 2011.

Peoria Road (C.R. 224A) road widening project from College Drive to Moody Avenue (Clay County)

Daytime lane closings are scheduled for next week. The project should be finished in the late fall.

S.R. 23 resurfacing project between Old Jennings Road and Kindlewood Drive (Clay County)

Single lanes may be closed on various nights next week (Monday through Friday) between 8 p.m. and 6 a.m. Two-way traffic will be maintained without detours. This project should be finished in early 2010.

I-95 interchange modification at C.R. 210 (St. Johns County)

Southbound lane closings on I-95 will occur next week (Monday through Thursday) between 5:30 a.m. and 3 p.m. This project will be finished in the spring of 2010.

C.R. 2 between C.R. 121 and the Florida/Georgia state line (Nassau County)

Daytime lane closings will occur for a widening and resurfacing project. This project should be finished by the end of this year.
