Program Strategy: Focusing on Felon Re-Entry		
Summary of Program: The Women Renewed Employment Reentry Program is designed to assist female ex-offenders transitioning back into the community from either prison or jail. Our objective is to provide 80 individual women with both hard and soft skills training/services including but not limited to: job readiness skills, adult basic education/GED, computer training, case management, mental health counseling, client assistance, and employment assistance. Of those 80 women receiving services, 10 women who are violent offenders will receive case management, 5 women will receive legal referrals, and 40 women will gain employment. Our goal is to provide stability and structure for each woman to become self-sufficient and a successful member of the community.		
Program Overall Status: Successes: The program continues to gain momentum and has assisted more women in gaining employment. We continue to facilitate our monthly support group in Community Transitional Center (CTC), which have allowed incarcerated women to not only know about our program, but understand they have a place to go to help enhance their quality of life when released. Challenges: Our greatest challenge at this point is housing and homelessness. We will continue to make additional partnerships within the community to assist our clients in rebuilding a stable foundation.
