- **COJ Franchise Fee:** The City of Jacksonville Franchise Fee went into effect on April 1, 2008 by a City Ordinance that was passed in November 2007. The Ordinance directs JEA to collect the fee on behalf of the City, which receives all of the revenue produced by the fee. The franchise fee is a 3 percent fee on the electric, water, irrigation and sewer usage of JEA customers living in the city of Jacksonville. For more information, visit [www.coj.net](http://www.coj.net) or call 630-CITY (2489).
- **Solid Waste Fee:** In May, 2008 bills for the new solid waste fee will arrive from the Tax Collector. The solid waste fee will be \$3 per month per [dwelling unit](#) from April to September, 2008. The fee will increase to \$4 per month per dwelling unit on October 1, 2008. For a single-family detached home, the May 2008 bill will reflect a solid waste charge of \$30 for nine months of solid waste fee charges, from April 1 to December 31, 2008 (\$3.00 x 6 months + \$4.00 x 3 months). Starting in 2009, bills will arrive in April and reflect charges for the whole calendar year (January through December). Jacksonville residents have not been charged solid waste fees in the past although Jacksonville spends more than \$42 million annually to collect garbage (about \$11 per household each month). The city instituted the solid waste fee to ensure government would continue to provide that service. Collection schedules and waste haulers are planned to remain the same as before the fee went into effect. For more information, visit [www.coj.net](http://www.coj.net) or call 630-CITY (2489).
- **Stormwater Fees:** In May, 2008, bills for the new Stormwater Fee will arrive from the Tax Collector. The bill will reflect six months of stormwater fee charges, from July 1 to December 31, 2008. Starting in 2009, the bills will arrive in April and reflect charges for the whole calendar year (January through December). Residents' fees are based on the amount of impervious area on the property. Impervious area does not allow water to percolate directly into the ground, for example the house, patio, driveway and shed. The average homeowner will pay \$5 per month, or \$30 for the first bill and \$60 annually. [501\(c\)\(3\) organizations and those meeting certain income criteria are eligible to be exempt from the stormwater fee.](#) Other property owners may be eligible for fee discounts through [adjustments](#) or [credits](#). For more information, visit [www.coj.net](http://www.coj.net) or call 630-CITY (2489).

## Guest Speakers

**Craig Teal**, FDOT Consultant, gave a PowerPoint presentation on the Jacksonville Regional Transportation Center. It will be a new Transportation HUB for all modes of transportation. It will be built in phases. The boundaries will from the North bank East of I-95, East of McCoy's Creek, South of Adams Street and East of Lee Street. It plans to have the following:

- o Skyway Module consisting of: parking, bus rapid transit stations, retail and pedestrian plaza.
- o JTA Bus Facility Module consisting of: JTA bus bays, parking, elevated pedestrian bridge connection, and retail.
- o Inter-city Bus Module consisting of: Greyhound bus facility (agreement but no funding yet), terminal building, loading and unloading for 18 buses, layover and maintenance, bus parking for 17 buses, bus wash, fuel and dump facilities and modifications to the McDaniel Building.
- o JTA Office and Regional Transportation Management Center Facility Module consisting of: office building with 60, 000 square feet, Regional Transportation Management Center and central facility for the security system and public announcement system.
- o They are working on an agreement with Amtrak/Commuter rail to occupy the Grand Ballroom in the Prime Osborn Convention Center as well as have above ground walkway platforms.

These are proposals if the funding is available. It is expected to cost approximately \$150 million dollars. Currently there is no funding for Greyhound or Amtrak. Phase one is expected to start in July 2009 and be completed in Jan. 2011. Members had numerous questions on the following: Is JTA considering other alternatives other than using oil, will the parking be run by the city or a private company. Craig Teal can be reached at 386-961-7703 or [craig.teal@dot.state.fl.us](mailto:craig.teal@dot.state.fl.us)

Member Solomon made a Motion for the NW CPAC not to support this project. A second was made by Member Hall. Discussion began with members stating that the city does not have the budget to support this project. The skyway goes no where and no-one rides it yet the city is still supporting it. They now want to put buildings around it. If the skyway went to the stadium then it would be useful. Member Burnett wanted to get more information at a future meeting. Member Solomon tabled this motion.

**Denise Ostertag**, Recreation and Community Services Department, gave a presentation on the Adult Services Division and what they offer:

- There are 9 Senior Centers in the NW Planning District: Charlie Joseph, Clanzel Brown, Hammond, Leroy Clemons, Lincoln Vila, Louis Dinah, Moncrief, Riverview and Wallace Small Centers. All centers just started a walking program in conjunction with the Department of Health. The centers focus on the body, mind and spirit. They do have a nutritious hot meal available for those 60 and over along with transportation to the centers.

  - o Crafters Needed for – Community Service Projects (CSPG) i.e. cards for servicemen and women

**Rick McCann** with Tetra Tech gave an overview of the environmental work they have done. They have submitted an RFP to the city to be considered to clean up the cities ash sites. They will be working with SWS, Second Chance Help Center, and Prince Trucking. If they are awarded the contract they will be looking to hire other services such as fencing, concrete work, moving services, painting, surveying and security. All companies have to be registered with the city and be certified. A six minute video on how they would remove the ash near foundations and trees was shown. Members had numerous questions on the process. Rick McCann can be reached at 636-6125 or [rick.mccann@tetrattech.com](mailto:rick.mccann@tetrattech.com)
