**Keep Jacksonville Beautiful**

*It Belongs  
to You*

**Our mission is to support community beautification, enhance community pride and improve the quality of life in Jacksonville through outreach, educational activities and programming.**

## How We Help

**Beautification:** Each year Keep Jacksonville Beautiful partners with a variety of organizations, businesses and private citizens to coordinate projects, annual city-wide and neighborhood cleanups of our community's beaches, river, and roads. Through the Adopt-A-Road program, we collect more than 480,000 pounds of litter each year and encourage personal responsibility for the cleanliness of our roadways. Ask about how you can get involved with beautifying our community!

**Outreach:** To raise awareness, support beautification and reduce tolerance for litter and graffiti, Keep Jacksonville Beautiful sponsors

educational programming for children, a speakers' bureau, community events and cleanups and printed educational fliers on the proper disposal of trash. We participate in over 65 events annually and touched more than 89 schools (that's 100,000 elementary students!) in the first year of our Don't Trash Jacksonville DVD campaign.

**Advocacy:** In addition to keeping our city clean, Keep Jacksonville Beautiful serves as an advocate to those who are concerned about the quality of our environment. We take a stand on local issues such as litter and sign ordinances, with the goal of protecting citizens' rights to live in a clean and pleasing environment.

# Join us!

Businesses, individuals, community clubs or organizations can support Keep Jacksonville Beautiful through personal involvement and/or financial investment. Simply complete and return this form to get involved!
