Suite 200, St. James Building

Special Report #827

August 14, 2019

Honorable Members of the City Council City of Jacksonville

Pursuant to Chapter 106 of the Ordinance Code, attached are the required financial statements and narratives for the nine months ended June 30, 2019 for the City and its Independent Agencies. The various reporting entities prepared and submitted these unaudited reports to the Council Auditor's Office. These reports are not audited by the Council Auditor's Office, but rather are assessed for reasonableness. Thus, our report does not represent an audit or attestation conducted pursuant to Government Auditing Standards.

Additionally, the City Finance and Administration Department has provided a schedule that shows the original and revised employee caps by department and subfund and the number of filled full time positions at the close of the quarter (shown on pages 62 through 70).

Municipal Code Sections 106.421 through 106.423 require this quarterly financial report. To meet the reporting dates specified by law, the Director of Finance and Administration of the City and the Chief Financial Officer of each of its Independent Agencies were to submit their reports to the Council Auditor on or before July 30, 2019 and we are to submit the consolidated financial report by August 15, 2019.

The narrative reports from the reporting entities are generally sufficient for understanding the statements presented; however, we have commented to provide further clarification.

### **CITY OF JACKSONVILLE**

The General Fund/General Services District (GF/GSD) is presented in two different formats. Revenue is presented by category on page 23 of the report and expenditures are presented by department on page 24 of the report. Pages 26 through 27 show the GF/GSD as a whole and include balance sheet information.

### **General Fund / General Services District (Sub-fund 011)**

The Finance Department's report shows that the City is projected to experience an overall favorable budget variance of approximately \$17.8 million within the General Fund/General Services District (GF/GSD). Revenues are projected to be \$10.1 million more than budgeted and expenditures are projected to be \$7.7 million less than budgeted.

The latest Hurricane Matthew projection estimates the financial impact will be approximately \$50.4 million. As of July 31, 2019, the City incurred expenditures of \$31.5 million related to Hurricane

Matthew. It is important to note that only 87.5% of the total allowable expenses are subject to reimbursement, leaving the City to fund the remainder. A total of \$6.2 million has been appropriated from the GF/GSD to cover the City's estimated obligation.

The latest Hurricane Irma projection estimates the financial impact will be approximately \$76.4 million. As of July 31, 2019, the City incurred expenditures of \$61.5 million related to Hurricane Irma. It is important to note that only 87.5% of the total allowable expenses are subject to reimbursement, leaving the City to fund the remainder. The fiscal year 2018/19 approved budget included an appropriation of \$8.8 million from the GF/GSD to cover the City's estimated obligation.

### GF/GSD 011 – Revenues (pages 23 and 26)

The Finance Department's report projects a favorable variance of \$10,130,156 in GF/GSD revenues. This is mostly driven by projected favorable variances of \$6.1 million in Ad Valorem Taxes, \$2.9 million in Investment Pool/Interest Earnings, and \$2.7 million in Miscellaneous Revenue. The revenue variances are explained in further detail on pages 8-9.

### GF/GSD 011 – Expenditures (pages 24 and 26-27)

The GF/GSD expenditure variances are projected to net to an overall favorable variance of \$7,717,114. The largest drivers of the projected favorable variance are Internal Service Charges, Other Operating Expenses, and Debt Management Fund Repayments. Personnel costs, net of the lapse, are projected to incur an unfavorable variance of (\$1.6) million. Further explanation of these variances is provided on pages 9-10.

### <u>GF/GSD 011 – Expenditures by Department (page 24)</u>

The schedule on page 24 presents GF/GSD expenditures by department. The Office of Sports and Entertainment is no longer included on this schedule following the reorganization approved by Ordinance 2019-395-E, which moved that office into the Parks, Recreation and Community Services Department as a division. Four departments are projected to incur unfavorable variances: Employee Services, Fire and Rescue, Office of Ethics, Compliance and Oversight, and Jacksonville Citywide Activities. The unfavorable variances for these departments are explained in further detail on page 25.

The Office of the Sheriff is projected to experience a \$4.7 million favorable variance in expenditures, mostly due to a projected favorable variance of \$1.9 million in net personnel costs, \$1.6 million in Internal Service Charges (primarily fleet charges), and \$1.0 million in Other Operating Expenses. While total personnel costs are projected to incur a favorable variance of \$1.9 million, net of the lapse of \$3.6 million, overtime salaries are projected to incur an unfavorable variance of (\$12.9) million. As mentioned in the Finance Department's report, \$6.7 million of the projected unfavorable variance in overtime is due to JSO officers serving as school guardians until school guardians are hired. The Finance Department's report projects that the Duval County School Board will reimburse the City approximately \$2.2 million for providing this service. Based on these projections, the City would incur a net cost of approximately \$4.5 million this fiscal year for implementation of the State law.

Jacksonville Citywide Activities is projected to incur an unfavorable variance of (\$192,046). The non-departmental salary and benefits lapse of (\$3.2) million is partially offset by a projected favorable variance of \$2.2 million within the CIP Debt Service Repayment. CIP Debt Service Repayments are projected to be less than budgeted due to interest rates being lower than budgeted and less debt being issued than what was budgeted.

### **Other Funds**

Our review consisted of the GF/GSD and 22 other subfunds. We would like to draw attention to several of these subfunds. Of the 22 other subfunds reviewed, two are projected to incur unfavorable variances (Subfunds 4K1 and 511). Two subfunds presented in this report (Subfunds 441 and 461) are projected to experience favorable variances but both required General Fund loans in order to balance budgeted revenues and expenditures.

### **Building Inspection (Sub-fund 159)**

Subfund 159 is projected to experience a favorable budget variance of \$3,078,312 for the fiscal year due to projected favorable variances in both revenues and expenditures. The user fee revenue for building inspection services continues to exceed the City's actual cost of providing those services.

Effective July 1, 2019, Florida Statute 553.80(7) was amended to state that a local government may not carry forward an amount exceeding its average operating budget for the past four (4) years. The average operating budget of Subfund 159 for fiscal years 2015/16 through 2018/19 is \$16,642,146. Based on the third quarter projections from the Finance Department, available cash on September 30, 2019 will be \$21.5 million, prior to factoring in the proposed FY 2019/20 transfer from fund balance of \$5,079,100. While the transfer may bring the County into compliance, the City does need to review fees or be prepared to rebate fees since Section 553.80(7)(a)2 states, "a local government must use any excess funds that it is prohibited from carrying forward to rebate and reduce fees."

### Solid Waste Disposal (Sub-fund 441)

The schedule for Subfund 441 shows a projected favorable budget variance of \$965,656 for the fiscal year, mostly due to a projected favorable variance in expenditures. A budget transfer was posted in the third quarter to appropriate an additional \$300,000 for overtime salaries which addressed the projected unfavorable variance noted in the second quarter report. The fiscal year 2018/19 approved budget for Subfund 441 includes a General Fund Loan of \$8,597,621 which was required to balance budgeted revenues and expenditures to maintain service levels. The loan also allowed for the full repayment of the fiscal year 2017/18 General Fund loan of \$3,058,842.

### Stormwater Services (Sub-fund 461)

The schedule for Subfund 461 shows a projected favorable budget variance of \$692,723 for the fiscal year. The fiscal year 2018/19 approved budget for Subfund 461 includes a General Fund Loan of \$478,900 which was required to balance budgeted revenues and expenditures to maintain service levels. This loan allowed for the full repayment of the fiscal year 2017/18 General Fund

loan of \$2,324,997. Based on the third quarter projections, the Administration should monitor the performance of this subfund to determine if the General Fund Loan can be reduced.

### City Venues - City (Sub-fund 4K1)

The Finance Department's report shows a projected unfavorable variance of (\$650,186) for the fiscal year within Subfund 4K1, mostly due to projected shortfalls in the 2 Cent Tourist Development Tax revenue and supplemental rent payments from the Jaguars, a component of Miscellaneous Revenue. An agreement was made between the Administration and the Jaguars to reduce the annual supplemental rent payment by the cost of proposed improvements to a practice field at the stadium. Supplemental rent in the amount of \$342,847 was waived with the understanding that the Jaguars would use those funds to make the improvements in lieu of the City funding the improvements directly.

### Fleet Management - Operations (Sub-fund 511)

The Finance Department's report shows a projected unfavorable variance of (\$1.7) million in revenue and a projected favorable variance of \$1.1 million in expenditures, which results in a projected unfavorable variance of (\$537,381) for the fiscal year. Net personnel costs, fuel, and motor vehicle parts are all projected to experience favorable variances. Since Fleet Management uses a cost-plus method to bill customers, the projected favorable variance in total expenditures results in a projected unfavorable variance in customer billings, a component of Charges for Services. Fleet Management should monitor this activity to ensure all expenses are recovered through customer billings.

### Group Health (Sub-fund 571)

The Finance Department's report shows a projected favorable variance of \$11,655,704 for the fiscal year due to expenditures being less than budgeted. Claims paid, a component of Insurance Costs and Premiums, are projected to incur a favorable variance due to year-to-date actual claims experience of public safety employees.

### **INDEPENDENT AGENCIES**

### JEA

### **Energy System**

### Fuel Related Revenues & Expenses

For the nine months ending June 30, 2019, the Energy System schedule of Fuel Related Revenues and Expenses is balanced. Even though actual sales are currently projected to be slightly higher than last year, an unfavorable variance of (\$24,949,212) in fuel exists due to projected sales not meeting budgeted sales. JEA projects to transfer \$27,615,751 in previously earned (saved) revenue from the Fuel Rate Stabilization Fund to balance revenues and expenditures within the Fuel Fund. Should this projection materialize, the Fuel Rate Stabilization Fund would have an end of year

balance of \$46,760,539. This is below JEA's updated (December 2018) Fuel Pricing Policy target of approximately \$75 million. JEA anticipates growing the balance in FY 2020 based on fuel price hedges, anticipated future fuel prices, and anticipated purchased power rates.

### **Base Related Revenues & Expenses**

For the nine months ending June 30, 2019, the Energy System shows a Base Rate related surplus of \$540,017. Base Operating Income is projected to incur an unfavorable budget variance of (\$66,730,541). This is a combination of a projected unfavorable budget variance of (\$50,011,239) in Base Related Revenues and a projected unfavorable budget variance of (\$16,719,302) in Base Related Expenses. The variance in Base Related Expenses is being driven by a projected transfer (\$18 million) to Non-Fuel Purchased Power for Plant Vogtle, and a projected use of the Emergency Contingency (\$5 million) as a result of the upcoming hurricane season.

### Water & Wastewater System

For the nine months ending June 30, 2019, the Water & Wastewater System schedule of revenues and appropriations showed a surplus of \$1,952,516. Operating Revenues are projected to have an unfavorable budget variance of (\$16,195,854) due to projected sales being lower than budgeted. Operating Expenses are projected to have a positive budget variance of \$4,296,761 due to projected Operations and Maintenance charges being lower than budgeted and the budgeted emergency contingency of \$1,000,000 not being expended. Income Before Transfers is projected to have an unfavorable budget variance of (\$2,727,034) that will be offset by projected reductions in transfers to Operating Capital Outlay of \$5,744,790 and Environmental Capital Outlay of \$622,712.

### **District Energy System**

For the nine months ending June 30, 2019, the District Energy System schedule of revenues and appropriations showed a surplus of \$437,212. An unfavorable variance of (\$159,442) is projected in Operating Income. This is a result of a projected unfavorable budget variance of (\$544,244) in Operating Revenues due to lower than budgeted sales and earned discounts that were not budgeted which is partially offset by a projected favorable variance of \$384,802 in Operating Expenses. Income Before Transfers is projected to have a favorable budget variance of \$2,691,002 due to a Rate Stabilization – Debt Management Fund withdrawal. This withdrawal was used for additional Operating Capital Outlay. The District Energy System is projecting balanced revenues and expenses at year-end.

### **Jacksonville Transportation Authority**

The financial report of the Jacksonville Transportation Authority (JTA) for the nine months ending June 30, 2019 indicates no budgetary stress for JTA when looked at entity wide. The Bus Division reported negative Cash and Investments of (\$456,900) due to timing delays in receiving grant reimbursements from the Federal Transit Administration. Also, JTA Connexion (the CTC Fund) expenditures are projected to exceed budget by \$1,308,246 due to increased ridership services and as a result of JTA becoming the Community Transportation Coordinator for Clay County. JTA is receiving offsetting revenues to cover expenses related to Clay County operations; however, if the

projections hold true for the Connexion Division, JTA will need to pursue a budget amendment to increase appropriations.

### Jacksonville Port Authority

The Jacksonville Port Authority's (JPA) financial report for the nine months ended June 30, 2019 indicates no budgetary stress. JPA projects a favorable budget variance in Total Operating Revenues of \$17,421,195, primarily due to the inclusion of a \$16 million tenant lease prepayment that is reflected in Containers. JPA continues to experience higher Berth Maintenance Dredging expenditures and is projecting an unfavorable variance at year-end of (\$1,789,150) in this budget line. Overall, JPA is projecting year-end Net Income Before Transfers of \$26,363,644 with \$22,795,754 being transferred to Operating Capital Outlay (\$14,210,850 higher than budgeted) and a surplus of \$3,567,890.

On August 5, 2019, JPA's Board of Directors approved a budget amendment for submission to City Council to account for the increased berth maintenance dredging and transfer to Operating Capital Outlay.

### Jacksonville Aviation Authority

Jacksonville Aviation Authority's (JAA) financial report for the nine months ending June 30, 2019 indicates an end of quarter surplus of \$21,145,912 before a \$2,425,280 transfer to Operating Capital Outlay, a \$65,171 transfer to the Passenger Facility Charge (PFC) Reserve, and an \$18,655,461 transfer to Retained Earnings. Revenues are projected to experience a favorable budget variance of \$5,960,813 due primarily to increased Concessions and Fees and Charges related to enplanements which, when compared to last fiscal year to date, have increased 16.3%. The increase is partially offset by a projected unfavorable variance in Space and Facility Rentals of (\$1,994,714) related to incentives offered to the airlines for new services or new entrants to the airport. Expenditures are projected to experience a favorable budget variance of \$2,292,971 due primarily to not needing the entire operating contingency. If these projections hold true, this will result in a net favorable budget variance in net income before transfers of \$4,208,146 at year-end.

### Jacksonville Housing Finance Authority

Subfund 721 is projected to experience a favorable variance of \$919,195 for the fiscal year mostly due to revenue exceeding the budget, the result of four bond closings through the third quarter end.

### DEBT RATINGS

In an effort to monitor any significant changes in debt ratings on outstanding debt issued by the City and its Independent Agencies, we asked that the Director of Finance and any Independent Agencies who issue bonds provide rating information on a quarterly basis. There were no changes to the debt ratings of the City or its Independent Agencies during the third quarter.

Please refer to pages 20 and 21 for a detailed list of individual bond ratings.

### MEMORANDUM

TO:

Kyle Billy, CPA Council Auditor

FROM:

Patrick "Joey" Greive, CFA, CFP Chief Financial Officer / Director of Finance and Administration

### SUBJECT: Financial Summaries for the Nine Months Ending June 30, 2019

DATE: July 30, 2019

In accordance with code section 106.421, we are forwarding quarterly financial summaries for the nine months ending June 30, 2019 for the agreed upon subfunds of the Consolidated City of Jacksonville. The discussions in this memo focus on the anticipated year-end revenues and expenditures and not on balance sheet items except for fund's which may be in a negative cash position.

### 011 - GENERAL FUND - GSD:

As of June 30, the General Fund - GSD has a year-end projected overall favorable variance of \$17.8 million.

#### REVENUES

Overall, revenues are projected to outperform budget by \$10,130,156. Ad Valorem Taxes are projected to outperform budget by \$6,110,123. A June adjustment by Accounting for current and delinquent property taxes increased actuals by \$3,420,807.

Utility Service Tax is projected to underperform budget by \$1,268,144, the main driver of which is electric utilities service tax of \$1,398,338.

Communication Service Tax is projected to underperform budget by \$1,345,628.

State Shared Revenues are projected to underperform budget by \$156,016.

Investment Pool / Interest Earnings, projected at June actuals, are outperforming budget by \$2,862,875.

Miscellaneous Revenue is projected to outperform budget by \$2,737,320, the main driver of which is \$2,223,830 in JSO overtime reimbursement to be received from the Duval County School Board for the City's assistance with implementing the State law to station armed school guardians at every elementary school. The school board is having difficulties hiring armed school guardians, hence the need to supplement with overtime JSO officers. This revenue somewhat offsets JSO's projected \$6,719,740 in costs for using off-duty officers on overtime to protect various schools as well as screening and training potential school safety guardians. The net cost to the City for this assistance is \$4,495,910.

Debt Funding: Debt Management Fund has a favorable variance of \$403,568. This favorable variance is being driven by carried over FY 18 capital which will be funded by debt. Any projected FY 19 spending in the Capital Outlay – Debt Funded expense category will be offset by revenue actuals this in category. Because the budget for the revenue offset does not exist in FAMIS, this category shows a favorable variance.

#### EXPENDITURES

Overall, expenditures are projected to have a net favorable variance of \$7,717,114.

Personnel costs, net of the salary and benefit lapse, are projected to come in over budget by \$1,643,034. The primary driver of which is \$6,719,740 in projected overtime costs within JSO for the City's support with implementation of the State law to station armed school guardians at every elementary school. Currently JSO has off-duty officers on overtime stationed at various schools and is screening and training potential school safety guardians. It should be noted that JSO's overall departmental budget has a favorable variance, as detailed in the expenditures by department section of the memo.

Internal Service Charges have a net projected favorable variance of \$2,950,496. The main drivers of which are favorable variances in fleet charges of \$1,489,597 and IT computer system maintenance / security of \$1,203,160.

Professional and Contractual Services have a projected net favorable variance of \$797,302.

| All Other Accounts                                | 833,001   |

Debt Service has a projected net favorable variance of \$668,226, of that amount \$648,507 is related to interest.

Debt Management Fund Repayments have a projected favorable variance of \$2,277,953, of that amount \$1,431,932 is related to interest.

#### **OTHER GENERAL FUND SUBFUNDS:**

#### 015 – PROPERTY APPRAISER

The fund overall has a projected favorable variance of \$44,110. Revenues are projected to underperform budget by \$8,398, the main driver of which is investment pool / interest earnings. The negative actuals in interest earnings are due to a delay in the posting of the General Fund – GSD subsidy in the second and third quarters. Accounting has been made aware of the issue. Expenditures are projected to have a net favorable variance of \$52,508, the main drivers of which are favorable variances in personnel costs, net of the salary and benefit lapse, of \$39,867 and a \$27,496 favorable variance in Other Operating Expenses.

#### 016 - CLERK OF THE COURT

The fund overall has a projected favorable variance of \$132,767. Revenues are projected to outperform budget by \$106,592. Charges for Services are projected to outperform budget by \$75,048, the main driver of which are passport application fees of \$100,240. Investment Pool / Interest Earnings are projected to outperform budget by \$31,544. Expenditures are projected to have a net favorable variance of \$26,175.

#### 017 – TAX COLLECTOR

The fund overall has a projected favorable variance of \$522,859. Revenues are projected to outperform budget by \$518,965. The main drivers of which are projected favorable variances in delinquent tax sale revenue of \$309,627 and driver's license renewal fees of \$119,170, as seen in Charges for Services. Expenditures are projected to have a net favorable variance of \$3,894.

#### 01A – SPECIAL EVENTS

The fund overall has a projected favorable variance of \$134,419. Revenues are projected to outperform budget by \$25,313, the main driver of which is Investment Pool / Interest Earnings of \$25,940. Expenditures are projected to have a net favorable variance of \$109,106, the main driver of which is a favorable variance in Grants, Aids and Contributions of \$66,033 related to the Florida / Georgia game.

#### SPECIAL REVENUE FUNDS:

#### 159 – BUILDING INSPECTION

The fund overall has a projected favorable variance of \$3,078,312. Revenues are projected to outperform budget by \$1,911,807. Inspection Fees are projected to outperform budget by \$1,655,624, the main drivers of which are building inspection fees of \$775,405, plumbing inspection fees of \$200,000, mechanical inspection fees of \$200,000 and building permit review fees of \$300,000. Investment Pool / Interest Earnings are projected to outperform budget by \$240,684. Expenditures are projected to have a net favorable variance of \$1,166,505. Personnel costs, net of the salary and benefit lapse, has a projected unfavorable variance of \$350,964. Internal Service Charges are projected to have a \$747,865 favorable variance, the main driver of which is computer system maint / security of \$710,586. The favorable variance in Professional and Contractual Services of \$750,000 is due to a delay in awarding the document management contract. This item is proposed to be funded in FY20 with a fund balance appropriation which this favorable variance will create.

#### 191 – KIDS HOPE ALLIANCE

The fund overall has a projected favorable variance of \$387,766. Revenues are projected to outperform budget by \$201,463. The favorable variance of \$39,503 in Transfers From Other Funds is the return of prior year grant match funds. Expenditures are projected to have a net favorable variance of \$186,303. Personnel costs, net of the salary and benefit lapse, are projected to have a favorable variance of \$66,928.

#### ENTERPRISE FUNDS:

#### 412 – PUBLIC PARKING

#### **INTERNAL SERVICE FUNDS:**

#### **511 - FLEET MANAGEMENT - OPERATIONS**

The fund overall has a projected unfavorable variance of \$537,381. Revenues are projected to underperform budget by \$1,685,290, the main driver of which is a projected unfavorable variance in Charges for Services of \$1,598,406. Expenditures are projected to have a net favorable variance of \$1,147,909. Personnel costs, net of the salary and benefit lapse, are projected to have a favorable variance of \$604,323. Other Operating Expenses has a projected net favorable variance of \$548,341.

#### 521 - COPY CENTER / CENTRAL MAILROOM

The fund overall has a projected favorable variance of \$3,586. Revenues are projected to outperform budget by \$99,084. Expenditures are projected to have a net unfavorable variance of \$95,498. The main driver of which is postage of \$146,400, as seen in Other Operating Expenses.

#### 531 - ITD - OPERATIONS

The fund overall has a projected favorable variance of \$227,755. Revenues are projected to underperform budget by \$2,247,353, the main driver of which is a projected unfavorable variance in Charges for Services of \$2,281,807. Expenditures are projected to have a net favorable variance of \$2,475,108. Personnel costs, net of the salary and benefit lapse, are projected to have a favorable variance of \$230,467. Professional and Contractual Services have a projected favorable variance of \$1,030,748, the main drivers of which are software hosting services of \$889,950. Other Operating Expenses has a projected favorable variance of \$1,185,226, the main driver of which is telephone / data lines of \$480,441 and CAD licenses and maintenance of \$348,497.

#### 534 – RADIO COMMUNICATIONS

The fund appears to have a favorable variance of \$2,903,049, however the favorable variance in Debt Funding: Debt Management Fund should be removed from the calculation to get an accurate picture of the fund. Any FY 19 spending in Capital Outlay – Debt Funded will be offset by debt revenue, which will show as actuals in Debt Funding: Debt Management Fund, which is why the revenue and expense projections in these categories are the same (\$2,754,101). Because the revised budget for the revenue category does not match the revised budget for the expense category in FAMIS, the fund appears to have a large favorable variance.

Once the debt management categories, both revenue and expense, are removed from the calculation, the fund has a net favorable variance of \$501,866. Revenues are projected to outperform budget by \$17,091. Expenditures have a net favorable variance of \$484,775. The main drivers of which are Internal Service Charges of \$105,260, Other Operating Expenses of \$117,879 and Debt Management Fund Repayments of \$200,095.

#### 536 – TECHNOLOGY SYSTEM DEVELOPMENT

The FY19 Charges for Services revenue will be the last customer billings in this fund. The fund will continue to pay the debt service for the FY17 and earlier borrowings, as well as, earn interest on any residual cash in the fund. The appearance of a favorable revenue variance in the fund is due to the debt funding revenue budget not being in FAMIS, as discussed above in the Radio Communications fund SF 534. The favorable expenditure variance is due to Debt Management Fund Repayments of \$349,668.

#### 551 – OFFICE OF GENERAL COUNSEL

The fund overall has a projected favorable variance of \$196,934. Revenues are projected to underperform budget by \$394,340, the driver of which are Charges for Services of \$403,978. Expenditures are projected to have a net favorable variance of \$591,274. Personnel costs, net of the salary and benefit lapse, are projected to have a net favorable variance of \$94,186. Ancillary legal charges have a projected favorable variance of \$374,472, as seen in Professional and Contractual Services.

#### 561 – SELF INSURANCE

The fund overall has a projected favorable variance of \$1,371,594. Revenues are projected to outperform budget by \$4,376,961. Charges for Services is projected to outperform budget by \$2,549,876, the drivers of which are workers compensation 2<sup>nd</sup> injury revenue of \$760,209, workers compensation overpayments of \$736,550 and workers compensation excess insurance reimbursement of \$1,029,118, all of which are projected at June actuals. Charges for Services: Insurance Premiums is projected to underperform budget by \$449,665. Investment Pool / Interest Earnings, projected at June actuals, are outperforming budget by \$2,275,616. Expenditures are projected to have a net unfavorable variance of \$3,005,367. The main driver of which is an unfavorable variance of \$3,172,485 in Insurance Costs and Premiums. Of that, change in liability is projected to come in under budget by \$5.6 million and paid loss is projected to come in over budget by \$8.8 million.

#### 571 – GROUP HEALTH

The fund overall has a projected favorable variance of \$11.66 million. Revenues are projected to outperform budget by \$1,498,100. Charges for Services: Insurance Premiums is projected to outperform budget by \$1,142,930. Investment Pool / Interest Earnings are projected to outperform budget by \$355,170. Expenditures are projected to have a net favorable variance of \$10.16 million. Insurance Costs and Premiums have a net projected favorable variance of \$10,135,452, the main driver of which is health claims paid.

#### 581 - INSURED PROGRAMS

The fund overall has a projected favorable variance of \$349,932. Revenues are projected to outperform budget by \$134,647. Charges for Services are projected to outperform budget by \$226,253, the driver of which is recoveries of damages. This revenue has netting reciprocal unfavorable expenditure variance in Insurance Costs and Premiums. Charges for Services: Insurance Premiums is projected to underperform budget by \$158,229. Expenditures are projected to have a net favorable variance of \$215,285. The main driver of which is Insurance Costs and Premiums which has a net projected favorable variance of \$210,215.

#### **5A1 – PUBLIC BUILDING ALLOCATIONS**

The fund overall has a projected favorable variance of \$839,217. Revenues are projected to outperform budget by \$89,963. Expenditures are projected to have a net favorable variance of \$749,254. Professional and Contractual Services have a projected favorable variance of \$478,985, the largest single driver of which is the discontinuing of security payments to the Landing of \$103,542. Other Operating Expenses has a projected favorable variance of \$323,329, the main drivers of which are utilities of \$215,981.

There are additional budgetary variances beyond those commented upon here. These variances are either not deemed noteworthy or are not material to the overall financial operations of the general government.

#### EARNINGS ON INVESTMENTS

The Operating Portfolio generated a net of fees return of positive 1.62% for the quarter ending June 30, 2019, which underperformed the Blended Benchmark by 32 bps. Performance of the portfolio over the last year was a positive 4.71%, after fee deductions. During the past three and five years, the portfolio has earned an average annual return of 2.10% and 1.94%, respectively. In addition, the Operating Portfolio continues to outperform its benchmark over the long term.

The escalation of US/China trade tariff has the markets fearful of a global economic slowdown. The yield curve inverted during the quarter, which occurs when short term treasuries yield more than longer term treasuries. The inversion typically signals a future rate cut and looming recession. Ten-year treasuries started the quarter yielding 2.4% and ended that quarter at 2.0%. Yields of all Treasury maturities fell during the quarter, although longer-term yields dropped more than those of short-term securities. Through the futures market, investors are anticipating at least one rate cut by the end of 2019. The Barclays U.S. Aggregate Index returned 3.08% over the previous three months, while the ICE BofAML US Treasury Notes 0-1 Year Index gained 76 bps over the same period.

As we move into the third quarter, we continue to monitor potential sources of volatility. The U.S. and China continue to discuss trade policy while the future of a Brexit agreement remains unclear. US equity markets have rebounded from the December 2018 global market selloff and finished the quarter near all-time highs, with the fixed income markets declining due to the Federal Reserve's changing policies.

It is important to remember that the goals of this portfolio are to protect capital, ensure liquidity, and then to earn interest income. As such, and in alignment with Florida Statutes, this portfolio is invested in bonds. The portfolio is comprised of five strategies: Core Plus, Intermediate, Limited Duration, Extended Cash, and segregated Funds related to the City's Debt Service requirements. Each strategy has its own varying risk and return profile. Within this framework, money managers are tasked with investing in a manner deemed prudent given our goals and needs.

## SUBJECT: QUARTERLY FINANCIAL SUMMARY – June 30, 2019

FROM: Ryan F. Wannemacher, Chief Financial Officer JEA

TO: Mr. Kyle Billy, CPA Council Auditor City Hall

The attached financial summary for JEA has been prepared in accordance with the instructions provided by the Council Auditor's Office.

For the nine months ended June 30, 2019, JEA contributed \$88.2 million to the City's General Fund. JEA also paid to the City \$64.2 million in Public Service Taxes and \$28.8 million in City of Jacksonville Franchise Fees for a total combined payment to the City of \$181.2 million. This represents an increase of \$1.6 million from prior year. On March 4, 2019, JEA paid to the City and additional one-time contribution in the Fiscal Year ending September 30, 2019 of \$15,155,000. The City intends to use the \$15,000,000 of the contribution for City water and sewer infrastructure projects and \$155,000 for river level monitoring equipment.

The Energy System produced a positive fund balance of \$0.5 million for the nine months ended June 30, 2019. This represents 0.04% of the original annual operating budget. The annual projection for the Energy System shows a balanced budget.

The Water and Wastewater System produced a positive fund balance of \$1.95 million for the nine months ended June 30, 2019. This represents 0.4% of the original annual operating budget. The annual projection for the Water and Wastewater System shows a balanced budget.

The District Energy System produced a positive fund balance of \$0.4 million for the nine months ended June 30, 2019, while the annual projection shows a balanced budget.

JEA experienced no budgetary stress during the nine months ended June 30, 2019.

JEA is actively monitoring the credit markets in order to efficiently manage debt. A schedule of JEA's bond ratings as of June 30, 2019 is included with this report.

#### Dear Mr. Billy,

Enclosed are the quarterly reports for the Jacksonville Transportation Authority for the quarter ended June 30, 2019. I am including a full-year projection variance narrative for each division:

127

### **Bus Fund**

Bus revenues are projected to be under budget for the year as lower passenger fares resulting from a decrease in ridership and lower net sales tax revenues are anticipated. These variances are somewhat offset by favorable grant and non-transportation revenue. Expenses are projected to be under budget, as most expense categories are favorable.

### CTC Fund (Connexion)

The forecast for Connexion reflects expenses over budget by \$1.3 million. The JTA was designated as the Community Transportation Coordinator for Clay County in December, 2018. This has resulted in increased expenses, and an offsetting increase in revenues. Additionally, we have seen an upsurge in ridership for FY19. When combined with the increase in the contract service rate initiated in December, this has led to a growth in expenses. As a result, the transfer from the Bus fund is projected to be higher than budgeted.

The majority of service provided by this fund is for riders covered under the federally mandated ADA program. The Connexion service requires a Bus fund transfer to support operations.

### Skyway Fund

Skyway expenses are projected to be favorable. As a result, the transfer from the Bus fund is forecast to be under budget by \$0.4 million. The Skyway is a fare-free service and requires a transfer from the Bus fund to support operations.

### Ferry Fund

The St. Johns River Ferry is projected to be slightly under budget for expenses, as expense variances are covered by the contingency. Revenues are projected to be over budget resulting in a lower transfer needed from the Bus fund.

### **General** Fund

The General Fund revenues are projected to be over budget due to substantially higher interest earnings from JTA's investment portfolio. Expenses are expected to be under budget, as the operating contingency is more than sufficient to cover line item variances.

Please call me at 632-5520 if you have any questions about these quarterly reports.

Respectfully,

ender Buton

Re: Quarterly Report

Dear Mr. Billy:

Enclosed is the Jacksonville Port Authority Unaudited Quarterly Report as of June 30, 2019.

Revenues through nine months ending June 30, 2019 exceed budget by over \$2 million, reflecting positive cargo volumes in all major revenue categories. The full year 2019 forecast includes a tenant lease prepayment of \$16 million, which will be accounted for as revenue. A like amount of \$16 million is reflected as paygo, as these funds will be used for capital purposes in this fiscal year.

Berth Maintenance Dredging continues to exceed budget with a projected FY 2019 total expense of \$5.8 million, resulting in a \$1.8 million unfavorable variance. Certain cost containment controls were put in place earlier this year to partly offset this overrun.

In anticipation of the \$16 million revenue item mentioned above, and unplanned berth maintenance dredging expense overrun of \$1.8 million, the Authority will be putting forth a budget amendment prior to fiscal year end for these two items.

Fitch Ratings recently affirmed JAXPORT's A, Stable Bond Rating. JAXPORT's Moody's rating is A Stable.

If you have any questions or need additional information, please call me at 357-3004.
