**MINUTES**

Meeting Date: Thursday, January 22, 2015

---

**Council Members Present:** Dana Barnes, Justin Bell, Gloria Coon, Frank Emanuel, Kim Geib, Kendall Guthrie, Nathaniel Hendley, Sharon Hunter, Heather Kilpatrick, Janice Murphy, Gregory O'Gwinn, Roberto Polanco, Patricia Sampson, Torrencia Shiloh, Velda Stokes, Antoinette Turner, Heather Vaughan, and Annie Youngblood

**Council Members Absent:** Verlon Blair, Sharon Peterson, Errol Schell, Ellen Schmitt, Alfreda Telfair, and Max Wilson

**Proxy Members Present:** None

**Support Staff Present:** Deidre Kelley, Mary Martinez, Lourdes Diaz, and Sandy Sikes

**Guests:** Mike Bennett, Sheila Broderick, Mark Cleveland, Sandra Ellis, Denice Grace, Michael Kyger, Terri Mims, Robert Odo, and Michael Thompson

---

**Call to Order**

The meeting was called to order at 4:00 p.m. by Vice Chair Kim Geib.

**Moment of Silence**

Vice Chair Geib asked for a moment of silence to be observed for individuals who have died of HIV/AIDS, or those living with and affected by the disease, and for everyone experiencing other emotional, psychological, and physical issues.

**Mission Statement**

Annie Youngblood read the Planning Council's Mission Statement.

**Roll Call**

Prior to Roll Call, the Vice Chair recognized Janice Murphy as the Planning Council's newest member, and called Janice to the Table. Secretary Pat Sampson then took the roll; there were no Proxy Pool members in attendance. A quorum was declared.

**Approval of Minutes**

A motion was made and seconded to accept the December 18, 2014 Minutes as presented. The motion was carried.

### **Administrative Agency Report**

Part A Program Manager Deidre Kelley reported that 10 agencies had submitted 27 funding proposals last month. These proposals were reviewed earlier this week by a panel of external reviewers, and the next step is to average the scores and submit our recommendations to the City Procurement Division. Procurement will send notices to service providers regarding their scores. Notices should be in the mail by the week of February 16.

Council members were reminded that the duties of the Ryan White staff after the meetings include clean-up of the conference room, the kitchen, collecting paperwork, calling Checker cab for any problems with pick-up, and making sure all visitors have safely left the building. If you need to meet with staff, please consider scheduling another time to meet with them, or calling or emailing the following day when there is less distraction and time constraints.

### **Lead Agency Report**

Sandra Ellis, APO Patient Care Contract Manager, gave the Lead Agency Report in Max Wilson's absence. Sandra reported that the new Eligibility Manual is scheduled to be released in two to three weeks. In advance of that date we are ordering the new eligibility applications and brochures for use by all eligibility staff.

The Electronic Health Record System, and the Digital Panoramic X-ray for West Jacksonville Dental, provided by Part B, have been installed and staff trainings were held this week on its use.

Regarding the ADAP Marketplace Transition, 89 of the 152 identified clients have been contacted and agreed to transition. Another 25 have already been successfully enrolled; 29 were prescreened and determined ineligible, and 13 are pending, awaiting additional information. This leaves 85 clients to be contacted and scheduled with ADAP before close of open enrollment February 15.

### **Program**

Council Member Frank Emanuel introduced Dr. Michael Thompson, Dean of the College of Pharmacy & Pharmaceutical Sciences at FAMU. Dr. Thompson specialized in HIV care and is board certified. He stated that FAMU has instructional learning sites in Jacksonville, Orlando, Hillsborough County, and the Broward-Dade area. The Center for Health Equity is a program he started two years ago, and this program focuses on issues such as HIV, diabetes, and infant mortality. One thing many patients share in common is that the system seems to be broken. People are lost to follow-up care, and in the case of an HIV diagnosis, there is the added barriers of stigma and lack of knowledge of where they can go to get help. The Center for Health Equity tries to tie all facets together, so that in one location a patient can access health care, social work, pharmacy, public health, psychology, and nursing.

In closing, Dr. Thompson reiterated that the Center for Health Equity is now in this area, and hoping to begin work soon with Edward Waters College. As they develop these programs, they would like to come back to the Council to let us know what's being done and what has been accomplished in this area.

## Committee Reports

### Executive

Kim Geib

The final meeting of the 2014 Executive Committee was held January 6. Kim stated that she will be contacting people in the next few days and asking them to chair a committee. She reminded members that each committee will now have only one chair, which Kim will appoint. Committee chairs will be a part of the Executive Committee and should begin attending the meetings starting in February.

The One-A-Week Campaign is still continuing. Kim recognized the recruiting efforts of Jim Bernert, Justin Bell, Alfreda Telfair, and Heather Kilpatrick.

The Planning Council was advised that beginning with this meeting, committee recommendations given during the course of the committee chair's report are considered motions, with an implied second. Therefore, the committee chair can now make a motion on behalf of his/her committee, and it will not need a second from the Planning Council floor; the motion will then be opened for discussion.

### PLWHAA

Nathaniel Hendley

The PLWHAA Committee used their January 8 meeting as a wrap-up to the 2014 year. Several awards were handed out, and there was recognition of achievements by the members. Members played a rousing game of Jeopardy, which turned out to be quite competitive.

February 7 is National Black HIV/AIDS Awareness Day and members will be participating in Condom Blasts and other events. The committee is still planning a CONNECTIONS Conference for later in the year.

Nathaniel Hendley and Torrenca Shiloh stated that they have enjoyed their year as co-chairs of this committee, and will be happy to work with the new chair of this committee when one is named.

### Priority & Allocation

Heather Vaughan

The committee met January 8 and talked about increasing the amount of money going into Non-Medical Case Management, since there are several other categories expecting to have money left over at the end of the year. The main purpose is to fund a short-term project that will contact PLWHA's lost to care, and try to get them back in care. Several peer navigators will be hired for this project which will end February 28. A recent review found over 650 PLWHA's who have not received medical care from a Ryan White provider in over a year. This project is being nick-named 'The 661'.

The Priority & Allocations committee **moved that the Planning Council approve the reallocation of FY2014 funding as outlined in their report.** No second was needed since this was a committee recommendation.

## Membership

Justin Bell

The committee met January 9, and interviewed an applicant for the Planning Council and two applicants for the Proxy Pool. Members did a blind review of the Reassessment Forms provided by members seeking reappointment to the Planning Council. The committee is asking several reappointment applicants to attend an interview during the Membership Committee's meeting February 6. After their interviews, the committee will look at all Reassessment forms a final time and make a decision on which ones to recommend to the Council for reappointment.

Membership Committee reviewed Mark Cleveland's application to re-join the Planning Council. Mark was only off the Planning Council approximately six months before submitting his recent application, and the committee is viewing this as a reinstatement. Therefore, the Membership Committee **moved that the Planning Council recommend to Mayor Brown that Mark Cleveland be reinstated to the Jacksonville Planning Council to complete his current 2014-2016 term.** No second was needed since this was a committee recommendation. The motion was opened for discussion; there being none, a vote was taken and the motion was approved.

Membership Committee **moved that the Planning Council recommend to Mayor Brown that Sheila Broderick be appointed to the Jacksonville Planning Council as the Medicaid Representative.** The motion was opened for discussion; there being none, a vote was taken and the motion was approved.

Membership Committee **moved that the Planning Council appoint Denise Grace to the Proxy Pool.** The motion was opened for discussion; there being none, a vote was taken and the motion was approved.

Membership Committee **moved that the Planning Council appoint Terri Mims to the Proxy Pool.** The motion was opened for discussion; there being none, a vote was taken and the motion was approved.

#### Women, Adolescents, and Children

Gloria Coon

Gloria Coon provided the committee report in lieu of the co-chairs. The main focus of the January meeting was the decision to go forward with starting a support group for the Affected community. The committee decided on date, time, and frequency of the meetings; a couple of members were assigned task of locating places where the support group meetings could take place. The initial meeting should take place by March.

The W.A.C. Committee is also looking at doing an activity March 10 for National Women & Girls HIV Awareness Day. CRC has committed to doing an NWGHAAD event; if that event is scheduled for Tuesday, March 10, then W.A.C. will join CRC with their event. Otherwise, W.A.C. will look at doing a different event at another location.

#### EIIHA

Heather Vaughan

The January EIIHA Meeting was well attended, with several new faces joining the committee. Members updated Goal #1 of the Work Plan, and settled on 12 steps to reduce new HIV infections.

Among the ideas discussed were AHF, River Region, and Department of Health posting their monthly testing calendar on a shared calendar, in order to reach a larger audience. There is a new peer navigator class starting in February, sponsored by Gilead and Lutheran Social Services. Karim Walker will be doing a video of several PLWHA's sharing their stories. Roberto and Julie of AHF are working on a brochure geared to physicians about including HIV testing for all their patients. When brochure is finished, there will be a door-to-door blitz of doctor's offices where the brochures will be distributed.

EIIHA's next meeting will be March 20, and members will be working on updating Goals 2, 3, and 4. The committee will also decide if they should go to monthly meetings rather than meeting every other month.

## **Unfinished Business**

- There was no unfinished business.

## **New Business**

PCPG Report: Justin Bell reported on the Patient Care Planning Group meeting held December 3-4, 2014 in Tampa. Sandra Ellis from the Department of Health also attended from Area 4. This was mostly an informational meeting; there were updates regarding ADAP. The process to elect a new PCPG Representative and Alternate from the Planning Council will begin sometime this summer. Justin referred to the information from PCPG that was included in the Planning Council packets, and members can review this meeting summary at their leisure. As always, Justin will be glad to answer any questions the Council may have about the PCPG.

# Summary of Meeting

Meeting Date: Tuesday, January 6, 2015 – 3:00 p.m.

---

**Committee Members Present:** Ellen Schmitt (Chair), Kim Geib (Vice-Chair), Pat Sampson (Secretary), Justin Bell (PLWHA Rep), and Errol Schell (Parliamentarian)

**Guests Present:** Gloria Coon, Heather Kilpatrick, Alfreda Telfair, Antoinette Turner, and Heather Vaughan

**Support Staff Present:** Deidre Kelley

---

### 1. Call to Order

The meeting was called to order at 3:09 p.m. by Chair Ellen Schmitt.

### 2. Moment of Silence

### 3. Unfinished Business

### 4. New Business

- One-A-Week Campaign: Several Council members were recognized for participating in the One-A-Week Campaign. Those members were Jim Bernert, who made two contacts; Alfreda Telfair who made three; and Heather Kilpatrick and Justin Bell, who each made one contact. Kim Geib made two contacts with Nassau County clients, and also sent an email blast to all Nassau County primary care providers, asking them to recommend PLWHA's in their practice to apply to the Planning Council.
- Outgoing/Incoming Officers: There was discussion between the outgoing and incoming officers regarding job duties. The new officers were able to ask questions, and those leaving office provided valuable tips and advice.

Beginning next month, the committee chairs will be joining the Executive Committee. Kim will ask the committee chairs that if they have any action items from their committee to present to the Planning Council, that they bring it before the Executive Committee first. Another suggestion was to provide a brief review on what a committee report should sound like; chairs should just be hitting the high points of the committee meeting, and not just reading the minutes from that meeting to the Council.

Kim asked about handling phone calls from Planning Council members who want to discuss issues dealing with provider services. If the call is not about actual Planning Council business, then it is not violating the Sunshine Law, but what is the best way to handle those types of calls? Dee Kelley responded that calls regarding services from providers or agencies should be directed to Dee as the Program Manager.

- Question to Bylaws Committee: Executive Committee is requesting that the Bylaws Committee during their next meeting address the question of committee name changes. Specifically, whenever the Planning Council changes the name of a committee, does that automatically change the committee's name in the Council's bylaws as well?

## 5. Staff Report

- Calendar: The January calendar was distributed, and Dee reiterated that Priority & Allocations was meeting on Thursday. There is approximately \$79,000 to be reallocated and it appears that even with these funds being redirected to the service categories that need it, there will still be some additional funding left over. Dee Kelley and her staff discovered that around 660 PLWHA's in the TGA did not see their doctor this past year. Dee reached out to NFAN and Lutheran Social Services and they came up with a plan to hire peer navigators for a six-week program that will track and trace many of these PLWHA's. This program will use most of the additional funding that would have been left over.
- New Rule on Motions: Going forward, whenever a recommendation is made to the Planning Council by a committee during their report, the committee chair can state the recommendation in the form of a motion, and that motion will not need a second. This is because the committee is making the motion and it is understood that two or more people on the committee agreed to the motion, thus already securing a second. After the committee chair states the motion, the Planning Council Chair can repeat the motion, and remind members that since it's from a committee, no second is needed. The Chair then opens the motion for discussion and vote. Committee recommendations are found on the last page of the committee's Summary of Meeting, under 'Action Required by the Planning Council'.

## 6. Public Comments

There were no public comments.

## 7. Announcements

The City of Jacksonville is providing a one-hour **Ethics Training Class** on January 20. Location is at City Hall, and participants can attend either the noon or the 5:00 p.m. class. The next class is tentatively scheduled for April. This Ethics Training Class is geared toward the city's boards and commissions; it is not mandatory that all members attend, but those members in a leadership role should make an effort to attend the Ethics class at some point during the year. Additional training is also available for two other topics, Sunshine Laws and Public Records, through a power point presentation. The Executive Committee asked Dee Kelley if she would consider doing another Sunshine Laws and Public Records training sometime in the next few months, and Dee agreed.

## **8. Adjournment**

The meeting was adjourned at approximately 4:40 p.m.

### **Action Referred To The Bylaws Committee:**

Request that the Bylaws Committee, during their next meeting, address the question of committee name changes. Specifically, whenever the Jacksonville Planning Council changes the name of one of their committees, does that automatically change that committee's name in the Council's bylaws as well?

### Call to Order

The meeting was called to order at 11:49 p.m. by Co-Chair Nathaniel Hendley.

### Moment of Silence

A moment of silence was observed for individuals who have died of HIV/AIDS, or those living with and affected by the disease, and for everyone experiencing other emotional, psychological, and physical issues.

### Purpose Statement

Verlon Blair read the PLWHAA Purpose Statement: "Our mission is to **E**ducate, **A**dvocate, **S**upport and **E**mpower all **PLWHAA (People Living w/HIV/AIDS and Affected)** in Northeast Florida communities. We exist as a vocal planning body, focused on raising awareness through "High Impact Prevention" strategies, leading us to our goal of "**Getting to Zero**"."

### Self Introductions

New guest Holly Hudson Avondale United Methodist Church

### Program

- Planning Council presentation shared by Torrencia showing what the PLWHAA Committee accomplished in 2014. PLWHAA had a very productive 2014.
- Awards and recognition of members –Co-chairs appreciated and recognized outstanding PLWHAA members and thanked all for their dedicated service. Special recognition to Antoinette Turner and Sharon Hunter for perfect attendance at meetings.

- PLWHAA Committee was encouraged to stand by the Mission Statement and continue to be involved in the community efforts. Fundraisers helped purchase all events and gifts for PLWHAA.
- The HIV game -2 teams competed and had fun interacting. The game empowered each to recognize and stay reminded of all HIV treatment, medication adherence, as well as how to remain healthy with HIV.
- New Co-Chairs announced at March meeting after the election in February.

### **Reflections and Announcements**

- Question asked: How would/do we bring the prevention message to the outlying counties? Many ideas were presented.
- February 5-7 is National Black HIV/AIDS Awareness Day. Condom blast planned for February 7<sup>th</sup>.
- LEAGUE OF LEGENDS-The Jacksonville Chapter first meeting will be held on January 26<sup>th</sup> from 2pm-3pm at AHF 7<sup>th</sup> floor conference room of the Depaul Building. This club recognizes PLWHA and offers them a place to learn, achieve health goals, meet others who are living positively, and celebrate life. Contact is Julie Cromer (904) 495-8134.
- CONNECTIONS CONFERENCE PLANS – Encouraged the committee to keep the plans in the forefront and to work together to make the conference happen.
- Dining Out for Life- many venues will participate this year. Kick off April 30, 2015

**Call to Order**

The meeting was called to order at 1:45 p.m. by Co-Chair Heather Vaughan.

**Moment of Silence**

Members observed a moment of silence for individuals who have died of HIV/AIDS, or those living with and affected by the disease, and for everyone experiencing other emotional, psychological, and physical issues.

**Comments From the Public**

None

**Reallocation of FY 2014 Funds**

The Committee reviewed a spreadsheet prepared by Dee Kelley showing service categories where Part A funds will not be expended by the end of the grant year and service categories where funds will run out before the end of the grant year. The recommendation was to reallocate a total of \$78,599. The recommendation to increase funding in the Non-Medical Case Management category was to facilitate a special project to locate PLWHA lost to care in the past 18 months. It is estimated that 661 PLWHA did not attend at least one medical visit between June 2013 and December 2014. Increased funding for Non-Medical Case Management would allow two Ryan White case management agencies to hire peer navigators to find and survey as many PLWHA lost to care as can be found before February 28, 2015. Survey information would provide reasons PLWHA were lost to care and what we need to do to get them back and keep them in care.

A **motion** was then made by Justin Bell, seconded by Gloria Coon, **to approve the reallocation of funding as follows:**

<b>Core Medical Service</b>	<b>Percent</b>	<b>Allocation</b>	<b>Reallocation</b>	<b>Difference</b>
Outpatient Medical Care	32.79	1,283,038	1,799,142	516,104

### 1. Call to Order

The meeting was called to order at 9:10 a.m. by Co-Chair Sharon Hunter.

### 2. Interviews

The following applicants were interviewed for positions on the Jacksonville Planning Council:

- Sheila Broderick for Medicaid Representative
- Denice Grace for Proxy Pool
- Terri Mims for Proxy Pool

Mr. Bell and Ms. Turner joined the committee meeting at approximately 9:50.

Following the interviews, their scores were tallied and all three applicants each received a rating of above 75%.

A **motion** was made by Sharon Hunter, seconded by Antoinette Turner, **to request that the Planning Council recommend Sheila Broderick to Mayor Brown as the Medicaid Representative.** Motion was passed by consensus.

A **motion** was made by Sharon Hunter, seconded by Antoinette Turner, **to recommend that the Planning Council appoint Denice Grace to the Proxy Pool.** Motion was passed by consensus.

A **motion** was made by Antoinette Turner, seconded by Sharon Hunter, **to recommend that the Planning Council appoint Terri Mims to the Proxy Pool.** Motion was passed by consensus.

### 3. Review of Unaligned Ratio

The unaligned ratio was reviewed and different scenarios were discussed as to how the ratio could possibly look with members leaving or new members being added.

#### **4. Unfinished Business**

There was no unfinished business.

#### **5. New Business**

- Mark Cleveland: Committee was advised that Mark Cleveland submitted an application for membership. In that Mr. Cleveland has only been off the Planning Council for six months, the committee waived interviewing him. **Motion** was made by Sharon Hunter, seconded by Antoinette Turner, **to request that the Planning Council recommend to Mayor Brown that Mark Cleveland be reinstated to the Jacksonville Planning Council to complete his current 2014-2016 term.** Motion was passed by consensus.
- Reappointment Process: Committee members performed a blind review of the Reassessment Forms. Each form showed the member's attendance over the past two years, any activities they were involved with, and their answers to several questions about their service on the Planning Council. None of the forms showed the member's name. The committee requested that four of the applicants be called to the February Membership Meeting for a brief interview, to supplement this review process, and staff was directed to contact them.

#### **6. Announcements and Public Comments**

None

#### **7. Adjournment**

The meeting was adjourned at 11:40 a.m.

#### **ACTION REQUIRED BY THE PLANNING COUNCIL:**

- For the Planning Council to recommend to Mayor Brown that Mark Cleveland be reinstated to the Jacksonville Planning Council to complete his current 2014-2016 term.
- For the Planning Council to recommend Sheila Broderick to the Mayor's Office as our Medicaid Representative
- For the Planning Council to appoint Denice Grace to the Proxy Pool
- For the Planning Council to appoint Terri Mims to the Proxy Pool

# Summary of Meeting

Meeting Date: Thursday, January 15, 2015 9:00 a.m.

---

**Committee Members Present:** Errol Schell (*Co-Chair*), Alfreda Telfair (*Co-Chair*), Sheila Broderick, Tasha Brundge, Gloria Coon, Julie Cromer, Denice Grace, Terri Mims, Gregory O'Gwinn, Ella Russell, and Brandi Williamson

**Support Staff Present:** Sandra Sikes

**1. Call to Order**

The meeting was called to order at 9:08 a.m. by Co-Chair Errol Schell.

**2. Moment of Silence**

**3. Introductions**

Members did self-introductions.

**4. Unfinished Business:**

Support Groups

- ♦ **Location:** AHF, Jasmyn, and PFLAG were contacted about the possibility of holding meetings for support groups, but none had the physical space to do this. Tasha will contact someone at the Masonic Cathedral on 6<sup>th</sup> Street, between Main and Laura, to see if the support group could meet there. Tasha will contact Sandy when she gets an answer. Alfreda also offered her church as well; this will be used as an alternate in case we can't secure the Masonic Cathedral, or in the event a second support group is formed.
- ♦ **Time:** Committee members decided to start with monthly meetings, held on the 2<sup>nd</sup> Wednesday, in the evenings between 6:00 and 7:00 p.m. This hopefully will be a more convenient time for those who work or go to school.
- ♦ **Type of Group:** In the local affected community, three groups have been identified as needing a support group. They are: (1) children and teens, (2) partners of a PLWHA, and (3) those who have lost a family member with HIV. The W.A.C. Committee envisions that in the not-too-distant future, there will be support groups going for each of these needs. The first couple of meetings will be to gauge the interest and attendance; if the majority attending are children and teens, then the focus will be on that group until it is fully established. If attendees are split between those who lost someone, and those who are partners of PLWHA, then it's possible that two separate support groups could be established right away.

- ♦ **Facilitators:** The support group(s) will be depending on counselors and social workers from Ryan White agencies to volunteer facilitating the meetings on a rotating basis. Topics will vary, and there should be enough volunteer counselors that each would only need to facilitate a couple of times a year. Additionally, W.A.C. members will each take a month to be the coordinator or co-facilitator. The W.A.C. member will make sure the facilitator will be at the meeting; will provide refreshments (either on their own or via someone else), will make sure the host site is expecting the group; and take care of logistics such as set-up and clean-up, making sure the room/building is locked up (if required), making sure all attendees have safely left the area, etc.
- ♦ **How Does This Fall Under W.A.C.?:** Question was raised about how much W.A.C. will be responsible for with these support groups. Will W.A.C. always be responsible for manning the support groups, and/or providing snacks, finding speakers, setting up the room, etc.? Answer is that the start-up of the support group or groups is a project of W.A.C., and once it becomes fully functional, the W.A.C. committee can then ask Ryan White agencies if anyone would be interested in taking over the monthly responsibility. An agency may be more likely to assume responsibility, after a meeting location has been secured, type of support group, date and time have been established, and attendance has stabilized. It would be helpful if W.A.C. members continue to volunteer their one month a year to provide refreshments, and help with set-up/clean-up. But the agency could take the lead in securing counselors, and providing postage, copying, and any other clerical needs.

## 5. New Business:

Take It To The Streets: Alfreda announced that this year's event will be held at A. Phillip Randolph Park on Saturday, March 21. It will begin at noon and W.A.C. will have a table to give out brochures and information regarding HIV. Alfreda will check with AHF to see if the testing van can be there; Julie will try and follow-up regarding the van's schedule, as well.

March 10 National Women & Girls HIV Awareness Day: Brandi said that CRC is hosting an event at Brentwood Lakes Apartments (761 Village Center Drive, 32206). CRC has not decided yet if this event will be held on Tuesday, March 10, or on the Saturday before. They will be there to pass out HIV information and talk to the residents.

Committee members talked about either joining forces with CRC, if the Brentwood Lakes event is held on Tuesday, or doing their own Women & Girls HIV Awareness activity. Suggestion was that members put together goody bags containing items appropriate for women, such as lip gloss and stickers, along with HIV brochure. These would be similar to the condom blast bags. W.A.C. members could go to different bus stops, i.e. the major stops such as the ones at Gateway and Regency Square Malls, and pass out the bags. Alfreda mentioned The Bridge on 8<sup>th</sup> Street; that might also be a location to distribute these goody bags. Brandi will let us know when CRC decides on a date, and the committee can make decision on what they want to do.

Other Events: Blodgett Villas (Jefferson Street) has requested the testing van. Members talked about doing a small health fair at the apartments while the testing van is there.

National Black HIV/AIDS Awareness Day – Torrenca notified Brandi that D.O.H. will be at the Rosa Parks bus station downtown on Thursday, Friday, and Saturday, February 5-7, handing out condoms and doing HIV testing.

February 14 is International Condom Day and AHF will be hosting an event; details will be announced soon.

## 7. For Follow-Up

Description	Member Assigned
Contact Masonic Cathedral in Springfield to see if we can use meeting room the 2nd Wednesday of the month, from 5:00 to 8:00 p.m. Let Sandy know their answer.	Tasha Brundge
Email Torrenca Shiloh and ask about possibility of using the Wells Fargo Building for evening meetings. Get contact info for reserving Wells Fargo Building. This location can be used as an alternate or additional site to Masonic Cathedral and St. Luke's Church.	Sandy Sikes
Help set-up meeting room and provide refreshments for initial meeting of support group. (Either Feb. 11 or March 11)	Julie Cromer and Alfreda Telfair
Notify W.A.C. when and where the venue will be for International Condom Day, hosted by AHF. (Feb. 14)	Julie Cromer
Committee Coordinator for National Women & Girls HIV Awareness Day (March 10)	Julie Cromer
Email Julie Cromer when CRC decides on the date they're holding their Nat'l Women & Girls HIV Awareness Day event at Brentwood Lakes.	Brandi Williamson
Contact someone at The Bridge on 8 <sup>th</sup> Street, to see if W.A.C. can distribute goody bags there on March 10.	Alfreda Telfair
Find out who is doing HIV testing at local high school. Might be able to piggy-back a Women & Girls Awareness Day activity with them.	Sandy Sikes
Call AHF and schedule testing van for afternoon of March 21 at A. Phillip Randolph Park for 'Take It To The Street'	Alfreda Telfair
Email Sandy when AHF's testing van confirms the date they will be at Blodgett Villas. Sandy to email the committee and put on next month's agenda.	Gloria Coon

## Summary Of Meeting

**Meeting Date:** 10:30 a.m. - Friday, January 16, 2015

---

**Present:** Heather Vaughan (*Co-Chair*), LaTanya Adkins, Lisa Barton, Justin Bell, Gloria Coon, Julie Cromer, Rayland Cunningham, Lolita Hill, Brian Hopkins, Deidre Kelley, Dan Merkan, Joe Mims, Janice Murphy, Roberto Polanco, Ellen Schmitt, Jacklyn Shaw, Karim Walker, Ronnie Wilson, and Paul Yarish

**Support Staff Present:** Sandy Sikes

---

### **Call to Order:**

The meeting was called to order at 10:33 a.m. by Co-Chair Heather Vaughan.

### **Moment of Silence:**

Members observed a moment of silence for individuals who have died of HIV/AIDS, or those living with and affected by the disease, and for everyone experiencing other emotional, psychological, and physical issues.

### **Work Plan**

Members reviewed Goal #1 of the FY2015 EIIHA Plan; this goal is to reduce new HIV infections. Goal 1 had thirteen steps and most of the meeting was spent discussing each step. Members agreed to drop the step regarding identifying and providing incentives for a person to return for their test result. The committee kept the remaining twelve steps.

1. Review epidemiologic data; identify high risk groups; identify zip codes where high risk individuals reside.
2. Identify times and points of access
3. Identify different stages of readiness for testing and respond appropriately to include a person's strengths for coping with a positive HIV test result (linkage assessment & counseling).
4. Train outreach workers to identify high risk individuals needing testing and link HIV positive persons to medical care.
5. Develop, publish, and distribute a testing schedule.
6. Organize social marketing campaign to include internet, radio, printed materials, and cable television.
7. Deploy mobile testing units.
8. Test in non-stigmatizing way and coordinate testing across agencies.
9. Organize testing events such as condom blasts.
10. Maintain presence to test and refer on all recognized HIV Awareness Days.
11. Educate primary care physicians on importance of HIV testing.
12. Educate hospital ED personnel of importance of HIV testing.

Among the points brought up during this discussion were:

- ◆ AHF, River Region, and Department of Health should consider uploading their monthly testing calendar to the World AIDS Day calendar, to reach a larger audience.
- ◆ Gilead will be holding another class this year for peer navigators.
- ◆ Sang Phousansouvaah of UF CARES has taken over AETC training in this area. This is another rich resource of training for the community to tap into.
- ◆ Karim Walker was asked to do another video of several PLWHA's sharing their stories. One thought was to use this video at testing sites and the testing van.
- ◆ Roberto and Julie volunteered to work on a brochure geared to physicians about including HIV testing of all their patients. Julie also suggested something similar to a condom blast, where a group targets an area of physician's offices and goes door-to-door, dropping off these brochures and any other HIV testing information.
- ◆ In identifying sites to distribute information and/or doing a condom blast, a couple of new locations were brought up: truck stops and the airport.

### **Action Items**

Revisions to Goals 2, 3, and 4 will be discussed at the next meeting. Heather asked the group if they would like to begin meeting every month, since there is a lot to do. Members wanted to wait until the next meeting, scheduled for March 20, before deciding on this change.

### **Announcements and Public Comments:**

Heather discussed a new project Lutheran Social Services and NFAN are working on. This special project, also known as 'The 661', is using peer navigators to track down Ryan White clients who are lost to care. The project will continue through the end of February.

The next EIIHA Committee meeting will be Friday, March 20, 2015.

### **Adjournment:**

The meeting was adjourned at 11:45 a.m.

### **ACTION REQUIRED BY PLANNING COUNCIL:**

### **HIV/AIDS Section Workgroup on ADAP Meeting**

The **HIV/AIDS Section Workgroup on ADAP Meeting** was held on November 19, 2014 at the Sheraton Lake Buena Vista Resort, Orlando, Florida.

Dr. Jeff Beal and Dr. Paul Arons welcomed the new representatives and facilitated the meeting. Programmatic updates were presented by Marlene LaLota, HIV/AIDS Section Update; Joe May, Patient Care and ADAP overview, and Dr. Beal and Dr. Arons conducted a medical overview and background history of the group. The new members engaged in question and answer sessions as well as reviewed workgroup expectations and proposed Bylaws for the group.

### **Prevention Planning Meeting**

The **Prevention Planning Group (PPG) Meeting** was held on November 20-21, 2014 at the Embassy Suites Brandon/Tampa Hotel, Tampa, Florida.

Recruitment of new PPG representatives and alternates occurred this summer and new members were seated at the November meeting. Valerie Mincey, PPG Community Co-Chair, welcomed Jim Roth, Area 5/6/14 HIV/AIDS Program Coordinator, and newly selected Department of Health Co-Chair, as they began their first meeting as co-facilitators. Jim replaced the recently retired and former department of health co-chair, Bobby Davis.

Meeting agenda topics included programmatic updates from the HIV/AIDS Section with prevention, testing and patient care updates. Presentations included a Pre-Exposure Prophylaxis (PrEP) overview and the local project by "Connect to Protect Community Coalition of Tampa Bay" that creates structural changes to reduce HIV infection and STDs among adolescents and young adults. The members also viewed a documentary "Making a Better Future" in Spanish with English subtitles. It is a history of Latinos en Accione, which began as a support group and evolved into a powerful workgroup. PPG Committee updates were provided and the committee members met in breakout sessions to assist with providing feedback to include in the updated 2015 Jurisdictional HIV Prevention Plan.

**Patient Care Planning Group Meeting**

The **Patient Care Planning Group (PCPG) Meeting** was held on December 3-4, 2014 at the Embassy Suites Brandon/Tampa hotel, Tampa, Florida.

Marlene LaLota provided programmatic updates from the HIV/AIDS Section and Joe May conducted a Patient Care and ADAP update, including statistics of clients that have transitioned into the marketplace. Much discussion ensued in regards to communication and information dissemination to ensure that clients are transitioning to the marketplace and do not fall out of care. Dr. Jeff Beal and Dr. Paul Arons provided a biomedical, medical and treatment update and facilitated a panel discussion around Pre-Exposure Prophylaxis (PrEP) and non-Post Exposure Prophylaxis (nPEP). Michael Ruppel provided a comprehensive update of Federal issues impacting HIV/AIDS such as: Affordable Care Act, Ryan White as well as changes to HIV/AIDS Healthcare in Florida.
