Administrative Agency Report

Sandy Arts, Program Manager for Part A, shared that the CAEAR Coalition (Communities Advocating Emergency AIDS Relief) is hosting a special call with Ryan White Planning Councils on November 15 at 2:00 p.m. She asked the Planning Council if any members would like to meet here that day; if so, the conference room can be reserved and staff can register and set-up the call for any members attending. Most members stated that if they do participate, they would probably listen in from their own offices or home.

The application for the 2018 Grant was submitted October 25. The RFP is still in Risk Management to approve the insurance requirements. It should be going to Procurement in the next few days.

Megan Graham will be starting in the Part A Office on Monday, October 30. She is taking Sue Andrews' place and will be working with contracts and invoices.

Planning Council members were asked to verify their email addresses and reminded that they need to read emails from staff. Emails should be read thoroughly, and not just the first couple of sentences, as there is pertinent information throughout the email. When action is requested, please do your part and respond accordingly.

Sandy shared the Part A expenditures through August 2017. Overall, the expenditures were at 49% of total funding for the first six months. Priority and Allocations will be meeting November 30 to see if any reallocation is needed in any of the categories.

The Program Manager requested the Planning Council Chair to convene an Eligibility Ad-Hoc meeting soon to discuss mental health co-payments, the process for handling co-payments, and to look at defining what constitutes a support group. Kendall stated that he will give it thought about when to call the meeting and who to ask to serve on the Eligibility Ad-Hoc committee, and advise us soon.

Lead Agency Report

Sandra Ellis presented the Part B Lead Agency Report. She reported that Joseph Mims started his job as HAPC the first of the month and so far has met with FDOH staff in Tallahassee, and

this week is shadowing the HAPC in Tampa. The Patient Care and Planning Group (PCPG) will be meeting in Tampa November 1-3, and Joseph, Justin Bell, Herb Smith, and Sandra Ellis will be attending, representing patient care. Rod Brown will be attending on the prevention side.

Sandra provided a copy of Part B's second quarter expenditures for Area 4, excluding St. Johns County. She introduced guests Meghan Daily and Edward Thompson from Tallahassee who are in town monitoring the AIDS Program Office (APO).

Nathaniel Hendley

The Membership Committee met October 4; this was actually a dual meeting that included the Ad-Hoc Review Board. The Review Board looked at six applications from people requesting taxi service to committee meetings. Two applicants were approved and have begun receiving taxi service.

Membership Committee members looked at the unaligned ratio, which was 27%. There are several vacancies available and more will come March 1. The Retention and Recruitment Action Plan was included in the Council packet; if you have any questions, suggestions or changes to the plan, please contact Nathaniel Hendley or Sandy Sikes.

CALL TO ORDER

The meeting was called to order at 9:56 a.m. by Chair Nathaniel Hendley, and was followed by a moment of silence.

The Committee went into recess for the Ad-Hoc Review Board to review applications received for on-going taxi service. The committee immediately went into round table discussions surrounding the applicants wanting to be considered for the service. The criteria for the applicants is that they must not have transportation nor anyone that could drive them to meetings. Antoinette Turner and Horace Moody were the recipient of the taxi services. The committee still has two slots available for consideration.

At 10:30 a.m. the Membership meeting continued with discussions on the Unaligned Ratio and PC representation. Sandy Sikes directed members to the table showing the percentage of the unaligned ratio and how it could change with a member removed because of status on the Planning Council attendance. There are current open seats available and seats that will open March 2018 that were up for discussion. Members voiced concerns regarding representation on the council and lack of consumers for proxy members.
