

# EyeMed is Mobile

eyeMed

## Making time for vision care just got easier.

Are you always on the go? With today's busy lifestyle, EyeMed's mobile member website makes it quick and easy for our members to take care of their eyes.

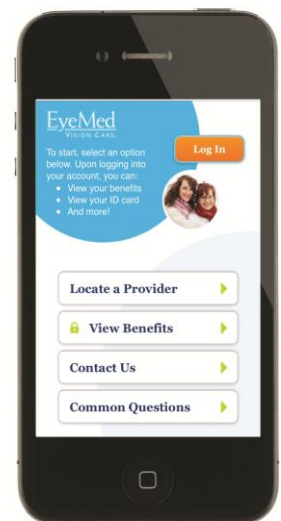

Any time, anywhere, you can access vision benefit info on a mobile device. With access to convenient provider locations and benefit details just clicks away –on-the go vision care has never been this easy.

### Popular Features 24/7

On a mobile device, you can use the most popular features of the full member website, including:

- **Find a provider**  
On the go? No problem! It's easy to find nearby providers, plus directions and maps. And calling the provider office is just a click away.
- **Virtual ID card**  
Lost your paper ID card? You can simply access the digital version on your mobile device when buying eyewear or checking in for an eye exam.
- **View benefits**  
Review in-network and out-of-network benefits for all accounts.
- **Quick answers**  
Got questions? Just click to call us at the customer care center. Or go to the FAQ page for answers to the most common member questions.

The mobile website is secure and easy to access. To log in, use the same information used for the full member website. Not all features require a login.
