To help hospitals accelerate appropriate discharges, the Plan will waive prior authorization requirements for patients being transferred from inpatient acute hospital settings to post-acute care facilities, such as Long Term Acute Care Facilities, Skilled Nursing Facilities, and Inpatient Rehabilitation.

The following prior authorization waiver is added:

Members who are being transferred from an inpatient acute hospital setting to a Skilled Nursing Facility or Rehabilitation Facility will have the first 5 days of their stay automatically approved. The provider is still required to submit a request for authorization, and to go through the standard review process. Stays over 5 days must be authorized per the normal process.

All other sections of the Plan remain unchanged.
