

Our Campuses

UF HEALTH JACKSONVILLE

UF Health Jacksonville is the region’s premier academic health center and a hub for clinical research. It is home to the area’s only Level I trauma center, a 24/7 emergency room, a Level III neonatal intensive care unit and numerous specialty care services, such as obstetrics and gynecology, neurosurgery and oncology.

UF HEALTH NORTH

UF Health North is a full-service medical campus in North Jacksonville, featuring a 92-bed inpatient hospital, a 24/7 emergency room and state-of-the-art labor and delivery suites. This campus also includes outpatient surgery and more than 30 primary care and specialty services.

UF HEALTH EMERSON MEDICAL PLAZA

Located on Jacksonville’s Southside, UF Health Emerson Medical Plaza offers convenient access to top-rated UF Health physicians. A variety of specialties are available, from cardiology and neurology to gastroenterology and rehabilitation services.

UF HEALTH WILDLIGHT

UF Health Wildlight features an urgent care center convenient to Yulee and surrounding areas. Additional services include dentistry for adults and children, family medicine, sports medicine, pediatrics, psychiatry, obstetrics and gynecology, and imaging and lab services.

Savings

- UF Health Direct Care Network is a zero-premium plan for City of Jacksonville employees.
- Employees who select UF Health Direct Care Network only pay a \$10 copay for primary care visits.
- UF Health Virtual Visits are also offered through primary care and specialists for a \$10 – \$30 copay
- This is a low-cost plan that provides access to high-quality care.

Convenience

- With more than 30 primary care practices throughout Northeast Florida and Southeast Georgia, you’ll find a UF Health doctor close to home or work.
- UF Health has four main campuses in Jacksonville — UF Health Emerson, UF Health Jacksonville, UF Health North and UF Health Wildlight — where you’ll have access to UF specialists as well as advanced imaging and laboratory and other diagnostic services.
- Our telemedicine program, UF Health Virtual Visit, gives you the ability to see your physician or provider from your home or office or any location where you have internet access just by using your computer, tablet or smartphone.

Expertise

- Staffed by physicians from the University of Florida College of Medicine — Jacksonville, UF Health offers residents all the benefits of an academic health center.
- UF Health is on the forefront of the latest treatments and technologies, and our participation in clinical trials brings the latest research advances to the clinical setting.
- UF Health specialists are pioneering medical advances in Jacksonville that benefit patients around the country — and around the world.

Enroll in the UF Health Direct Care Network

Employees who are currently enrolled in another benefits plan must re-enroll each year for health benefits and elect the UF Health Direct Care Network.

Visit COJ.net/benefits on the City of Jacksonville website to enroll.

Visit UFHealthJax.org/directcare for additional information.

Our Focus: Your Health

We think good health care is personal.

We see you as a whole person, with a unique set of needs. We deliver individualized care using the latest research and advanced technology that only the region’s premier academic health center can provide.

Primary Care

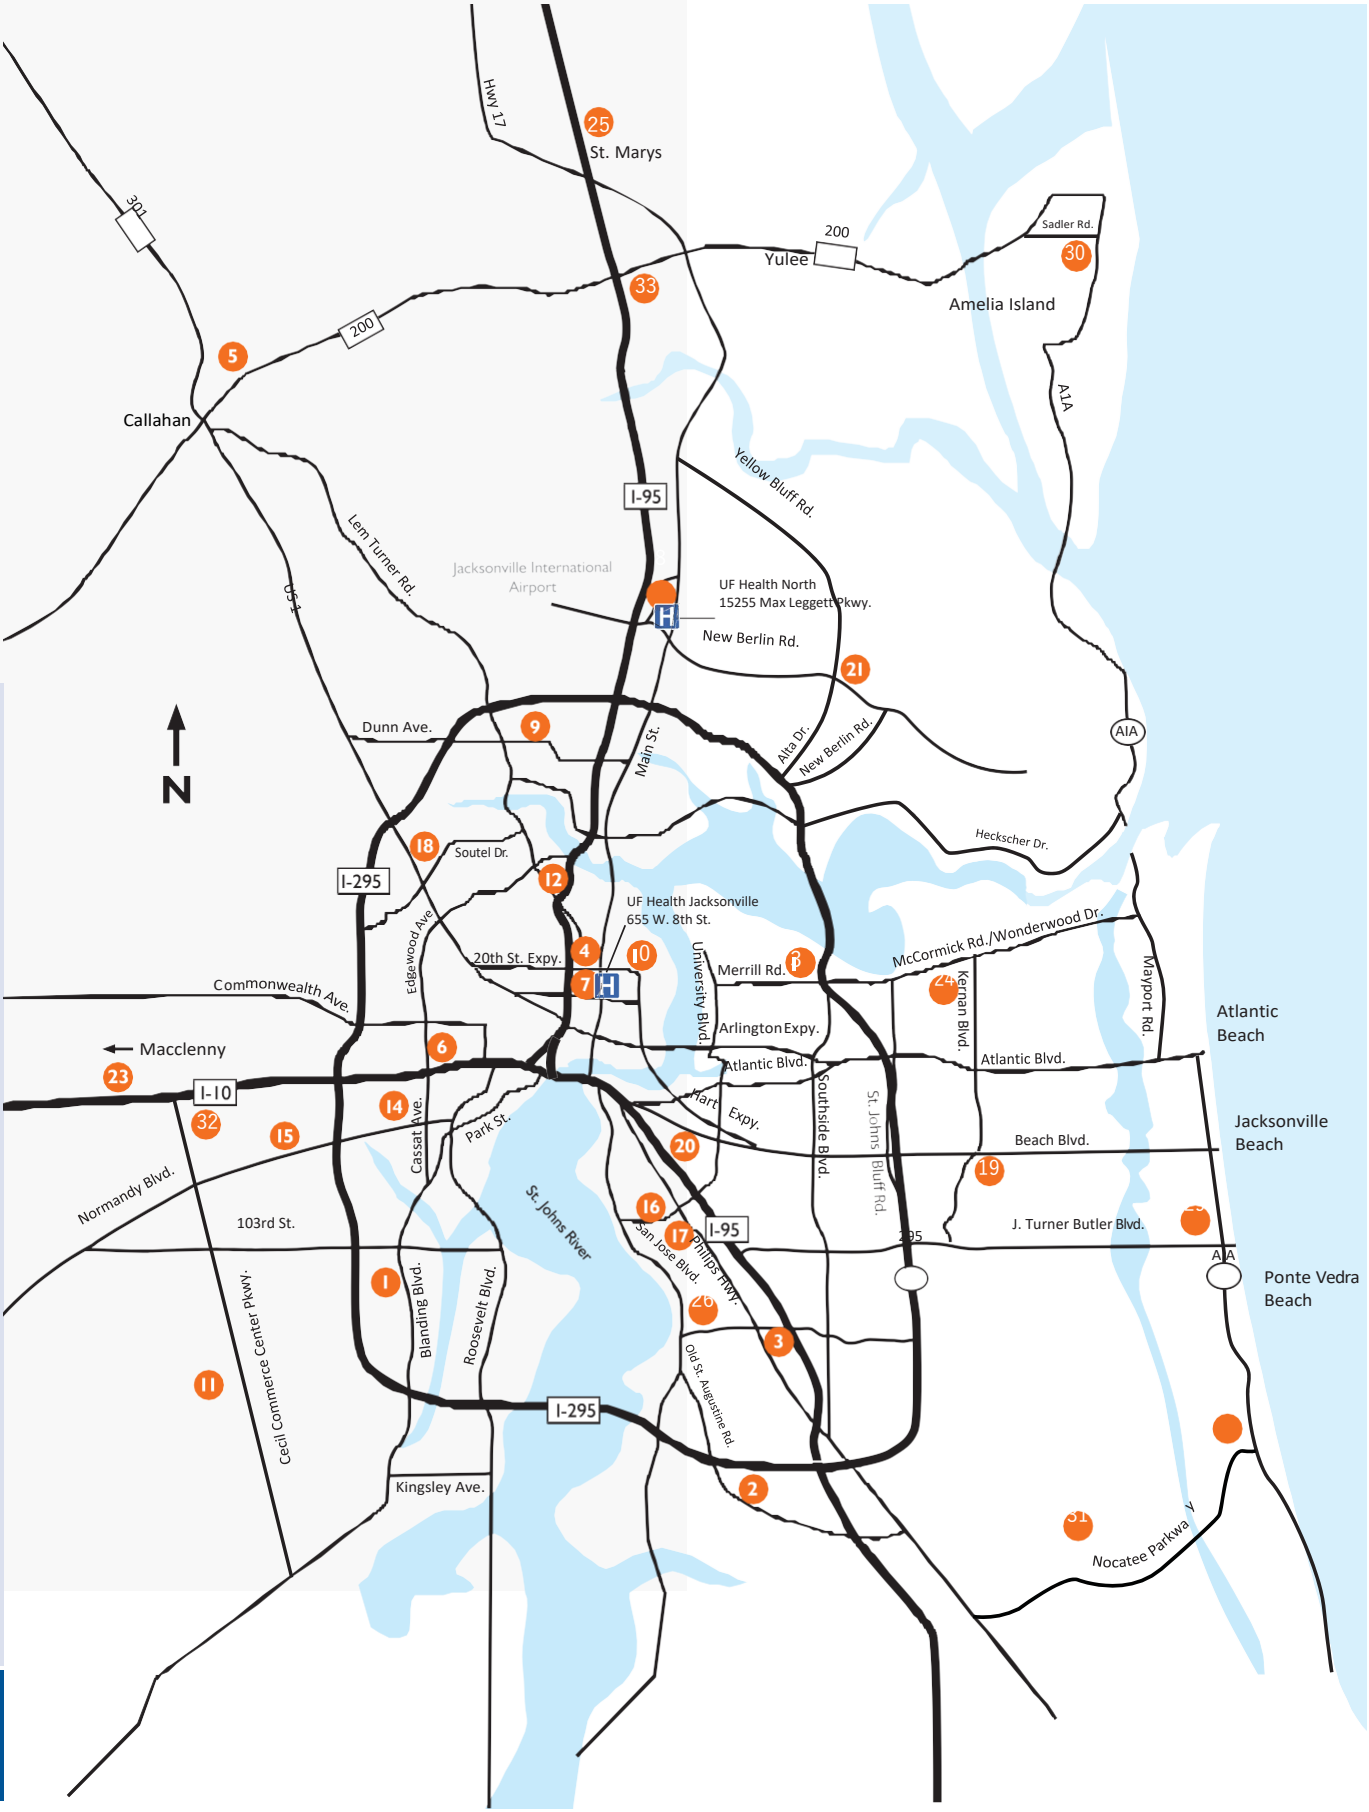

UF Health family medicine physicians are trained to care for you at every stage of life. In addition to providing general health care services to everyone from infants to senior adults, we also help you manage chronic conditions, such as arthritis, asthma, diabetes, heart disease, high blood pressure and high cholesterol. UF Health physicians work with pediatricians, physician assistants and nurse practitioners to ensure easy, prompt access to high-quality health care.

Specialty Care

Research has repeatedly shown that in more complex cases, patients treated within an academic health center have better outcomes, resulting in a better quality of life. UF Health physicians provide more than 100 specialty services, including:

- u Breast imaging(mammography)
- u Breast surgery
- u Cardiac rehabilitation
- u Cardiology
- u Cardiothoracic surgery
