

## Price Comparison Tool

Dear City of Jacksonville Member,

Effective January 1, 2023, group health plans and health insurance issuers are required to offer a price comparison tool for 500 select services to their members. This letter is to advise you that the price comparison tool is still in development for Employer Preferred Network steerage plans (UF Health Direct Plan), including The City of Jacksonville. Once the tool is ready to display UF Health Direct Plan benefits, we will send out a notification. If you use the tool in its current state, you will only see benefits which are not under your plan.

### **What this means for you:**

As an alternative until an online tool is fully developed, you can accurately compare the price of services, verify covered benefits, and find participating providers by contacting our dedicated customer service representative for The City of Jacksonville at [denis.woods@floridablue.com](mailto:denis.woods@floridablue.com). Also, you may find The City of Jacksonville participating providers at <https://www.coj.net/departments/employee-services/docs/employee-services/2023-employee-benefits-documents/2023-fl-blue-coj-uf-provider-directory-ada-pdf.aspx>.

Sincerely,

Florida Blue
