

We're Here to Help In Person, By Phone or Virtually

We've reopened our Florida Blue Center doors to serve you in person! We're 100% committed to your health and well-being. That's why we're taking extra steps to protect your safety while at our Centers and following guidelines set by the Centers for Disease Control (CDC) and the state of Florida.

Even though we've returned to in-person sales, service and care support, our goal is to be here for you in whatever way you feel most comfortable. We're offering a number of ways to connect with you.
