Program Strategy: Focusing on Felon Re-Entry		
<p>Summary of Program: Program delivers job placement assistance and state-licensed vocational training resulting in industry certifications to proxy-eligible former offenders. Additional supportive services delivered include individualized case management with linkage to mainstream benefits, mental health counseling, health & vision screenings, soft skills employment training, life skills training, GED & ABE classes and housing placement assistance.</p> <p>Program Overall Status: Twenty-four ex-offenders (56% of all persons served) were provided employment training, job placement, housing and/or supportive services by Clara White Mission in April. Five of those served met Journey eligibility criteria. Three are employed and have been reimbursed. One became employed but left the program during the month before providing verification; another is currently seeking employment. One participant is new in April.</p> <p>Challenges: Restrictions on participant eligibility through the limitation of service to persons released from custody within the last 24 months and proxy scores that are not reflective of the client's total criminal history. Delays in notice of employment of program graduates and in receipt of documentation of employment is also an issue.</p>
