Monthly Highlights (Narrative):

- JPL is constantly searching for various ways to meet the educational needs of those we serve, and understand that not everyone learns the same. Because of that, we are happy to have a new online study option, *GED Academy*. This will allow our students the option of directed independent study.
- With school about to start, JPL is working with Jacksonville Job Corps, Communities in Schools, The Bridge, Emmett Reed Community Center, and PACE Center for Girls, to provide after-school technology and job skills programs through the year.
- There were 61 participants at the latest parent early literacy session at Bethel Baptist Head Start. This partnership will continue for the upcoming school year.
