<p>Summary of Program: WJRC on-the-job occupational training program is skills-based and allows participants to intern and shadow train and competent support staff responsible for the weekly production of world-wide, Christian and secular television broadcasts and for the weekly production of local radio and television broadcasts as well. The goal of our on-the-job occupational training program is to provide relevant job experience and career building skills to assist youth and young adults with furthering their employability through training in hard skills to assist in gaining Adobe certification. WJRC provides on-the-job experience to enhance the development of skills for radio, television, and production technicians. Participants in the program are introduced to career advancement opportunities as well as higher education for both Christian and private businesses and for publicly-funded radio and television n productions. The program operates for six weeks for six hours per week. Students will receive a certificate for Multimedia.</p> <p>Program Overall Status: WJRC has ongoing collaborative projects with "The Church 320" telecommunications departments, with the "Conversations with Denise" television show and with "The WKND" radio show. WJRC currently runs this program (Multimedia program) all year long.</p>
