INTRODUCTIONS**

DR. SONNENBERG

Chair Sonnenberg called the meeting of the Jacksonville Environmental Protection Board (JEPB) at 5:04 pm. A quorum was established.

CHAIRMAN'S REMARKS

Dr. Sonnenberg offered a few remarks, along with other members, to Michelle Tappouni in recognition of her service to the JEPB and the community. She presented her with a gift for her service.

COMMENTS FROM THE PUBLIC

Ted Johnson, NPS Timucuan Preserve, introduced himself and shared information about his position with the Preserve and that he looked forward to working with the board.

APPROVAL OF MINUTES

Approval of the minutes was deferred until the next meeting of the JEPB.

CONSENT ORDERS

(Air/Odor/Noise)

- **Waste Pro of Florida, Inc. (NP-18-04)** - Permitting the operation of a trash or refuse service using a mechanical device between the hours of 10:00 p.m. and 7:00 a.m. within 200 meters of property that is in a Class A or Class B area [Clarendon Rd., Tunis St.] – **proposed settlement fee: \$5,000**

(Water/Haz Mat)

A motion to approve the consent order with SEP was made (Shirley), properly seconded (Deck) and approved by the body.

ENFORCEMENT REPORT

TREE KILBOURN

Ms. Kilbourn entertained questions on the report – there were none. She then shared:

- Mayport Partners was out of compliance and that the OGC would be pursuing court action to continue enforcement
- Royal Estates – work was completed, and they will likely seek a modification of their compliance plan
- Avalon Hills – engineer found multiple issues so they will need to have a modification of their compliance plan

PRESENTATION(s)

Shannon Blankinship, SJRK, shared a presentation entitled "River Uprising" (attached)

PUBLIC HEARING(s)

- none

The JEPB meeting was suspended at 5:40 pm to conduct the public hearing. The JEPB meeting resumed at 5:58 pm.

COMMISSION & JEPB COMMITTEE UPDATES

- Waterways Commission – Mr. Richardson shared that Ms. Tappouni would be presenting the Algal Bloom Task Force report at the next meeting. Lot of discussion of wrapping up water activation focus.
- KJB Commission – Mr. Richardson shared that the St Johns River Cleanup was held the past weekend. More details to come at a later meeting.
- JEPB Water Committee – Mr. Richardson apologized for the Chief as she was ill and asked for questions. On the Water side everything was normal.
- JEPB Air Committee – Mr. Richardson shared that funding was approved for equipment upgrades. No complaints stood out. Reports for both are attached.
- JEPB Education & Outreach Committee – Mr. Wood repeated that all the meetings would be open to all members. His goal is to increase education by having some increased messaging around priority topics each quarter. There was discussion that the next meeting would be changed to April 1st to coincide with the SSO Prevention Committee.

EPB ADMINISTRATOR REPORT

Mr. Richardson shared the attached report. There was some discussion regarding the construction variance for the Vista Brooklyn project. No further board action is anticipated, and Mr. Williams will update the Board at the next meeting.

ENVIRONMENTAL QUALITY DIVISION REPORT

Mr. Richardson shared that the SSO Stakeholders meeting was conducted. Information gleaned from that meeting is under consideration by the staff and possible next steps would be shared at the next SSO Prevention committee meeting. Also, the budget process has begun, and no issues of concern are noted at this time.

LEGISLATIVE UPDATE

Mr. Richardson shared information regarding how the ongoing legislative session is being monitored and information on a few pieces of legislation.

OLD BUSINESS

- Legislative Priorities

Mr. Richardson shared that the board last substantially discussed legislative positions/topics about 5 years ago. He discussed that there were more than 20 positions at the State level and two at the Federal level. The task before the board is to review the positions, determine if there are any to be modified, deleted or added. He shared a bit about the process of how the Top 5 were identified.

After some discussion, it was determined that a survey would be distributed to members to ascertain their current priorities. That information would be reviewed and at the next meeting discussion on the topics will take place and any prioritization.

NEW BUSINESS

- SJRWMD Water Conservation Month Resolution

Mr. Richardson shared that for the past couple of years, the SJRWMD, FDEP and the Florida Cabinet have declared April to be Water Conservation Month and they have asked municipalities and other bodies to adopt a resolution of support which the Board has done. He suggested that they take action to do the same this year and reviewed the proposed resolution.

A motion to adopt the resolution was made (Deck), properly seconded (Fu) and approved by the body.

ITEMS REFERRED TO COMMITTEES

There were none.
