

Façade Renovation Grant Program (Updated on July 24, 2018 per Ordinance 2018-370.)
Economically Distressed Area only. Not subject to ROI Evaluation.

Objective

The Façade Renovation Grant Program is designed to provide commercial or retail façade renovation funding assistance for existing businesses in targeted areas. In these areas, the insufficient infrastructure coupled with degrading structures has become an obstacle to business location and expansion. The collateral/equity in the buildings in these areas do not translate into enough to get traditional financing/loans to make improvements and thus the buildings continue to degrade. The public investment in the facades of structures in strategic areas not only will provide the gap in equity to get traditional financing for upgrades; it has the potential to translate into enhanced sales and/or customers for many of the businesses in these areas. Furthermore, these renovations can help in reducing blight and creating positive momentum toward community redevelopment.
