IV. PLEASE PROVIDE A BRIEF DESCRIPTION OF THE STATUS OF THE PROJECT INCLUDING, WHERE APPLICABLE, AN OVERVIEW OF THE TYPE OF JOBS CREATED.

We are in the home stretch and are finally ready to get our spirits out on the shelf. We have been producing over the past year for other start-up distilleries and large distilleries and will begin bottling our own this year. Our bottling operations over the past year have hired 3 part time individuals to manually fill and label the bottles and if all goes as planned we will hire 2-3 more individuals to work in the distilling/manufacturing the spirits and in the bottling area. This would be a total of 5-6 employees with 3-4 full time and/or 2-3 part time.

V. PLEASE PROVIDE INFORMATION REGARDING AND COMMUNITY SERVICE ACTIVITIES IN WHICH YOU OR YOUR EMPLOYEES HAVE PARTICIPATED THIS PAST YEAR.

We have been given tours to local groups free of charge to educate them in the science behind spirit making and how to take ~~adv~~ advantage of the area due to the cost of land and availability. We have also installed a Solar Thermal unit for our stills and we are currently the only solar thermal distillery in the U.S. The solar unit will help environmentally and help with a solution of renewable energy and overall environmental responsibility.
