MEMORANDUM

BULLETIN #G3-98

TO: All Licensed Contractors

FROM: Thomas H. Goldsbury, P. E., Chief
Building and Zoning Inspection Division

SUBJECT: **FEMA Elevations**

Ordinance 98-183 states that all building constructed in flood zones, shall be elevated so that the bottom of the lowest supporting horizontal member is located no lower than the base flood elevation.

Note: This is also to include all mechanical and electrical equipment, and ductwork.

For other requirements, and requirements for construction under the base flood elevation, please refer to the ordinance.
