

DEPARTMENT OF PUBLIC WORKS
Building Inspection Division

May 30, 2000

MEMORANDUM

BULLETIN G-15-00

TO: All Permit Applicants

FROM: Thomas H. Goldsbury, P.E., C.B.O.
Chief, Building Inspection Division

SUBJECT: **Revised Elevation Certificate**

Due to FEMA's revised form 81-31, August 99, we can no longer provide elevation certification for construction or mobile home move on permits.

The certificate now requests the elevation of machinery and/or equipment, and the lowest and the highest adjacent grade. This certificate must be executed by a surveyor, engineer, or architect.

I trust this information has been helpful; however if you have additional questions or comments, please feel free to contact me at 630-1100.
