

DEPARTMENT OF PUBLIC WORKS
Building Inspection Division

July 17, 2000

MEMORANDUM

BULLETIN G16-00

TO: All Permit Applicants

FROM: Thomas H. Goldsbury, P.E., C.B.O.
Chief, Building Inspection Division

SUBJECT: **Septic Tanks and Drainfields**

State law prohibits the erection of any structure on top of a septic tank or a drainfield. It is the homeowner's responsibility to insure that the erection of their above ground pool meets the restrictions set forth by the Health Department, all set back requirements as required by the Zoning Section of the Planning and Development Department, and all applicable building codes. If you have any questions, please contact the appropriate department prior to erection. Disregard for any of these restrictions could result in the mandatory relocation of your pool.
