MEMORANDUM

BULLETIN G-19-00

TO: All Building Permit Applicants

FROM: Thomas H. Goldsbury, P.E., C.B.O.
Chief, Building Inspection Division

SUBJECT: Partial Responses to Plan Review Comments

Plan review comments from the various Building and Trades Plans Examiners are entered in the computer as the respective plan reviewer completes his review. If you are utilizing the City's Internet Plan Review Status website, you are able to access the plan review comments instantaneously as the respective plans examiner completes his review. This service allows you to begin addressing the individual comments before all the trades have been reviewed and the entire review process completed.

HOWEVER, please be advised that the Plans Examining Section WILL NOT accept partial re-submittal responses to the individual trades comments. All comments from All trades shall be addressed collectively and returned to the plans examining sections as a consolidated, unified re-submittal package for the project.

Thank you for your cooperation, as adherence to this policy will enable us to process your project more efficiently and thus expeditiously.
