PROCEEDINGS 1 November 20, 2015 9:00 a.m. 2 3 4 CHAIRMAN SCHMITT: It's 9:00. We'll call 5 the meeting to order. 6 MR. KEANE: Everyone please rise and join me 7 in a moment of silence for our following deceased members: John W. Conner, Jr., retired 8 firefighter; Gilbert D. Cannon, Jr., retired 9 police officer; Larry F. Downey, retired police 10 officer. 11 These retired members have died since our 12 last meeting. 13 (Please) 14 Amend. Please remain standing and join me 15 as we, pledge of allegiance, to the flag of the 16 United States of America, and to the Republic for 17 which it stands, one nation, under God, 18 indivisible, with liberty and justice for all. 19 Thank you very much. Please be seated. 20 21 Mr. Chairman and Trustees, as noted on the 22 agenda, Dr. Herbert is excused from the meeting. 23 He is traveling today. 24 First item on the agenda is the Consent 25 Agenda.

MS. MANNING: Do you want to do public 1 speakers? 2 3 MR. KEANE: We're going to do public 4 speaking. I'm sorry. Went right on by that. 5 CHAIRMAN SCHMITT. We have two public 6 speakers, Curtis Lee. 7 MR. LEE: Hello. My name is Curtis Lee. My address is of record. 8 Jacksonville's taxpayers pay a hundred 9 percent of the costs of the Police and Fire 10 Pension Fund because they have to pay over 90 11 percent of the annual contributions to the fund, 12 and as for the remaining less than 10 percent 13 paid for by the police and firemen out of their 14 salaries, the taxpayers pay those employees' 15 salaries. 16 Therefore, it's crucial that the five 17 18 trustees not be policemen or firemen or retired It's an issue of fundamental fairness, 19 ones. economic fairness as discussed. 20 21 Plus, policemen and firemen, even if 22 retired, have divided loyalties. It's also an 23 issue of perception. If policemen and firemen 24 want to ensure at the general public continues to hate and mistrust the Police and Fire Pension 25

Fund with its demonstrated history of abuse of administration, there is no surer way to do this than to try to have the fifth trustee be a retired JSO employee.

The public will react negatively, hurting the other objectives of the JSO and JFRD. To have the trustees receive pensions from the Police and Fire Pension Fund is to introduce conflicts of interest and divided loyalties.

10 Conflicts of interest and divided loyalties 11 should not control the Police and Fire Pension 12 Fund. Look at history. Three/fifths of the 13 trustees have had Police and Fire Pension Fund 14 entitlements for many years, which include 15 Sheriff Glover. He gets a pension.

What did we get from this divided loyalties? We've got Mr. Keane and his demonstrated records of abuse. We have a \$2 million pension for Richard Cannon, convicted felon and child molester, JSO retiree. I still hear complaints about that.

Again, it's a matter of conflicts of interests and divided loyalties. External people must have three of the five seats on the Board of Trustees, which should govern your consideration

| 1 | of who the fifth trustee is. Please don't fall |
|----|--|
| 2 | into this trap. The fifth trustee should not be |
| 3 | a JSO or a JFRD alumnus. |
| 4 | Also, I just wanted to oppose the current |
| 5 | proposal to have an employment agreement for |
| 6 | Mr. Keane. Everybody knows my position on |
| 7 | Mr. Keane. I believe he has been disloyal and |
| 8 | helped his way to millions of dollars. |
| 9 | Thank you. |
| 10 | CHAIRMAN SCHMITT: Mr. Bill Gassett. |
| 11 | MR. GASSETT: Good morning. I'm Bill |
| 12 | Gassett. Address is on the record. |
| 13 | I'm here to talk about some investment |
| 14 | situations. If you would turn to the second |
| 15 | page, and what this tries to show you is, and it |
| 16 | was announced on October 31, 2012, that there was |
| 17 | a \$1.6 billion unfunded future liability, we knew |
| 18 | on November 1 that the true discounted cash flow |
| 19 | was (inaudible) \$307 million in cash to take care |
| 20 | of the fund over the next 23 years. |
| 21 | It was done on a 23-year basis, but we've |
| 22 | waited three years, so the interest expense is |
| 23 | carried up to 376 What that means is we've |
| 24 | dropped in \$376 million this year, and based on a |
| 25 | 7 percent compounded growth rate (inaudible) to |
| | |

| | <i>1</i> |
|----|---|
| 1 | fund the \$1.6 billion. |
| 2 | If you'll turn to the next page I'm |
| 3 | sorry. I gave you a bump steer. Yeah. If you |
| 4 | turn to this page, it should have been the first |
| 5 | one. |
| б | What I did was I went back and said, Okay, |
| 7 | using the June 30 statement provided by the |
| 8 | Summit guys and recalculated, had you not had |
| 9 | that requirement of 20 percent in fixed income, |
| 10 | that would have given you, in effect, about a |
| 11 | \$519 million value as of June 30. |
| 12 | The way we did it, quite simply, was we took |
| 13 | the \$3.85 million, backtracked it on the growth |
| 14 | rate at that time, reapplied it to the existing |
| 15 | investments and came forward. This is, in |
| 16 | effect, about \$126 million that it has cost the |
| 17 | fund in performance |
| 18 | Now, that's a lot of cash. And it's even |
| 19 | more important because when you take the \$307 |
| 20 | million that was projected needed at the start on |
| 21 | October 31, 2012, subtract out what you would |
| 22 | have had in the fund because you didn't have that |
| 23 | silly rule, you would only have unfunded |
| 24 | liability net cash flow of this, or basically had |
| 25 | to fund the unfunded liability of about \$950 |
| | |

Now, I ask Mr. Hazouri, City Councilman, which would you rather try to raise taxes on, the \$1.6 obligation -- 1 billion dollar. It's a rhetorical question, please understand.

So this is something that I want you to -you're still in bonds. You should be out of bonds. The next several years are bad for bonds, and I hope what has happened just in the last ten years will demonstrate to this Board the need to change investments.

I would suggest that when you establish the 12 new council or committee, that they take a hard 13 look at this approach. I will tell you the 14 mathematics is correct, but definitely you can 15 check me on all the logistics, the logic of it --16 make sure I did it correct this time with the 17 18 cash flow analysis, but I'm willing to stand alone and said it's probably pretty solid. 19

Now, getting back to the first page, what does all this boil down to? This 1/2 percent page, if you look it this real quickly, the top page, when you get passed out your Summit Flash Report, which I understand just came in by airmail, you can take this and put it right

| 1 | beside the results of the total fund performance |
|----|---|
| 2 | and add this percentage to it. |
| 3 | So it you're doing 7 1/2 percent, had you |
| 4 | not had this silly rule even ten years ago, you |
| 5 | would have had average returns for the ten-year |
| 6 | period of 8. That says a lot, and I hope it |
| 7 | provides, just really quickly, some defense for |
| 8 | the questions about how you are, how the |
| 9 | performance has been. |
| 10 | The question is, why did you get to have |
| 11 | this rule, because Florida Rule 215.7 mandated, |
| 12 | incorrectly, poorly, that this kind of fund do |
| 13 | that sort of thing. |
| 14 | Thank you very much. |
| 15 | CHAIRMAN SCHMITT: Thank you. |
| 16 | No other public speakers? The public |
| 17 | speaking is closed. |
| 18 | And before we move on to the next item here, |
| 19 | I just want to thank Devin for rearranging your |
| 20 | travel schedule. I had asked Devin to change his |
| 21 | travel plans so he could be here today in case we |
| 22 | have my questions of the controller. |
| 23 | MR. KEANE: Consent Agenda, Mr. Chairman and |
| 24 | Trustees, ones 1 through 10. |
| 25 | CHAIRMAN SCHMITT: Motion? |
| | |

MR. SCHEU: I'll move it, but I have some 1 questions as a new person. 2 3 MR. TUTEN: I'll second. CHAIRMAN SCHMITT: Discussion. 4 5 MR. SCHEU: Yeah. I just think that as a 6 new member, in looking at the Application for 7 Time Connections, what are -- is the policy that we connect those prior service? Is that the 8 policy? This isn't unusual? 9 This is part of the 10 CHAIRMAN SCHMITT: No. plan. If we have say, for instance, a 11 corrections officer who is a corrections officer 12 for three years and then crosses over -- and 13 they're in the correction officers' pension plan. 14 15 When they cross over to -- as a police officer, their time of service also crosses over. 16 17 MR. SCHEU: Crosses over. So, then, does 18 everything transfer to the new plan or do they 19 stay in the old plan? 20 CHAIRMAN SCHMITT: No, they come under the 21 new plan. 22 MR. SCHEU: They come into the new plan. 23 Okay. 24 And then the same thing on the Application 25 for Vested Retirement, this is what --

| 1 | we're setting the vesting date so that we know in |
|----|---|
| 2 | 20 years, 21 years, that's when their pensions |
| 3 | will start? |
| 4 | CHAIRMAN SCHMITT: Correct. |
| 5 | MR. SCHEU: I'm just trying to understand. |
| 6 | MR. TUTEN: Right. |
| 7 | CHAIRMAN SCHMITT: Under the old plan, when |
| 8 | an officer vests but they leave the sheriff's |
| 9 | office before they have 20 years, they can't |
| 10 | start collecting that what they earned in the |
| 11 | pension until they reach that 20-year mark. |
| 12 | MR. SCHEU: 20-year mark. Okay. |
| 13 | CHAIRMAN SCHMITT: So that's what those |
| 14 | applications are. |
| 15 | MR. SCHEU: Okay. Thank you. |
| 16 | MR. KEANE: And as a further clarification, |
| 17 | Mr. Scheu, military, war-time military service, |
| 18 | state law requires that we offer to let the |
| 19 | people buy that time. |
| 20 | MR. SCHEU: That was my question. |
| 21 | MR. KEANE: Statutory requirement. |
| 22 | MR. SCHEU: Okay. Good. Thank you. |
| 23 | CHAIRMAN SCHMITT: Any other discussion on |
| 24 | that? |
| 25 | Motion is to accept those Consent Agenda |
| | |

1 items. All in favor? 2 3 (Responses of "aye.") 4 CHAIRMAN SCHMITT: Opposed? 5 (No responses.) 6 CHAIRMAN SCHMITT: Passes. 7 MR. KEANE: Next item, Mr. Chairman and Trustees, is the Old Business of connection of 8 the application for Bryan MacDonald. It's 9 previously been approved. This is just 10 correcting the application. 11 12 MR. TUTEN: I make a motion to accept it. MR. GLOVER: I'll second. 13 14 CHAIRMAN SCHMITT: Okay. A motion and a second. Discussion? 15 All in favor? 16 17 (Responses of "aye.") 18 CHAIRMAN SCHMITT: Opposed? 19 (No responses.) 20 CHAIRMAN SCHMITT: Passes. 21 MR. KEANE: Moving on down the list, the 22 next is Application for Membership, Clear and Unrestricted. 23 24 The first individual had previously been 25 admitted to the plan under Trustee Rule 13.3

| 1 | pending clearance from the medical director. |
|----|---|
| 2 | That's now been received. So this individual has |
| 3 | changed from pending to a cleared status. |
| 4 | The second individual is a correction on the |
| 5 | spelling of the name. Ordinance code requires |
| 6 | Board approval before any member can be enrolled |
| 7 | in the pension plan, and we're correcting the |
| 8 | spelling to make sure that we have the right |
| 9 | enrollment. |
| 10 | MR. TUTEN: I'll make a motion. |
| 11 | MR. GLOVER: Second. |
| 12 | CHAIRMAN SCHMITT: Any discussion? |
| 13 | All in favor? |
| 14 | (Responses of "aye.") |
| 15 | CHAIRMAN SCHMITT: Opposed? |
| 16 | (No responses.) |
| 17 | CHAIRMAN SCHMITT: Passes. |
| 18 | MR. KEANE: Next one is the Consulting |
| 19 | Services Agreement. |
| 20 | CHAIRMAN SCHMITT: I want to take this one a |
| 21 | little out of order because I think it's directly |
| 22 | connected and related to the first item under New |
| 23 | Business. So I'm going to move that one down and |
| 24 | we'll connect with the New Business, 215-11-1, |
| 25 | for the motion to hire a search firm; and |
| | |

| 1 | 215-11-2, motion to appoint an Interim Plan |
|----|---|
| 2 | Administrator. |
| 3 | So I'd like to skip that one for now and |
| 4 | we'll go on to the other two items in this |
| 5 | section. |
| 6 | The first one will be the Amendment to the |
| 7 | Investment Agreement with Tortoise Capital |
| 8 | Advisors. |
| 9 | MR. KEANE: This was discussed last month. |
| 10 | We have Mr. Holmes here. Any additional |
| 11 | discussion on it? |
| 12 | MR. HOLMES: Sure. |
| 13 | The number of master limited partnerships |
| 14 | publicly issued in the industry has or in the |
| 15 | market, rather, has increased. The manager wants |
| 16 | to have the ability to hold ten more securities |
| 17 | in the portfolio. So they requested that the |
| 18 | maximum number of securities in the portfolio be |
| 19 | moved from 30 to 40. |
| 20 | That goes towards diversification; |
| 21 | additional diversification being better. The |
| 22 | city's plan approved the amendment yesterday, and |
| 23 | it's our recommendation to the Board that they |
| 24 | approve the amendment. |
| 25 | MR. TUTEN: Which one is this, Dan? |
| | |

| 1 | MR. HOLMES: Tortoise. |
|----|---|
| 2 | MR. TUTEN: Tortoise. |
| 3 | CHAIRMAN SCHMITT: And just some |
| 4 | clarification on these investments. |
| 5 | They're traded on the regular exchanges, |
| 6 | correct? |
| 7 | MR. HOLMES: Yes. They're fully publicly |
| 8 | traded on the New York Stock Exchange. |
| 9 | MR. SCHEU: I just have a couple questions. |
| 10 | I wanted to know what Joey felt about it. |
| 11 | MR. GREIVE: Yeah. I definitely support |
| 12 | this amendment. If they were asking to go the |
| 13 | other way, move from 30 security cap down to 20, |
| 14 | that would bring to light some, you know, |
| 15 | diversification or over-concentration concerns. |
| 16 | But anytime you're allowing for more |
| 17 | diversification is generally a good thing. So we |
| 18 | did adopt this yesterday at the general |
| 19 | employee's system. |
| 20 | MR. SCHEU: So can you talk just a little |
| 21 | bit about MLPs generally? I know Rich educated |
| 22 | me one day about them. These are Master Limited |
| 23 | Partnerships in energy, and you had some concerns |
| 24 | about them. |
| 25 | So could you just give us a little |
| | |

1 background about that? MR. HOLMES: Sure. Myself or Joey? 2 3 MR. SCHEU: Either one. 4 MR. HOLMES: Energy Master Limited 5 Partnerships are publicly traded securities that 6 are backed by energy infrastructure, primarily 7 midstream. So we're talking about long-haul pipelines for both natural gas and oil storage 8 facilities, transfer facilities, things of that 9 nature; basically hard assets that support the 10 midstream energy chain. 11 By midstream, I'm talking about the part 12 between pulling the commodity out of the ground 13 and getting it to the end consumer. 14 MR. SCHEU: And by security, you mean the 15 partnerships own the facilities or they're 16 encumbered by debt that is secured --17 MR. HOLMES: No, sir. Are you familiar with 18 19 REITS, Real Estate Investment Trusts? 20 MR. SCHEU: Uh-huh. 21 MR. HOLMES: Think of this as a REITS, but instead of being backed by a shopping mall, it's 22 23 backed by pipelines. 24 MR. SCHEU: Pipelines. 25 MR. HOLMES: Exactly.

MR. SCHEU: Okay. Thank you. 1 CHAIRMAN SCHMITT: We're going to get into 2 3 this more later on what your investment part of 4 it --5 MR. HOLMES: Sure. 6 CHAIRMAN SCHMITT: -- but real quickly, I 7 know the MLPs were down at 9/30. Has there been a change of that since then? 8 MR. HOLMES: Yeah. They were up -- yeah, 9 about 9 or 10 percent in the month of October. 10 CHAIRMAN SCHMITT: Any further discussion on 11 that one? Okay. 12 Again, the amendment, it's for the -- the 13 Amendment to the Investment Agreement with 14 Tortoise Capital Advisors, all in favor? 15 MR. KEANE: Who moved that, Mr. Chairman? 16 MR. GLOVER: I move it. 17 18 CHAIRMAN SCHMITT: And we had a second? 19 MR. TUTEN: Second. 20 CHAIRMAN SCHMITT: Any further discussion? 21 (No responses.) CHAIRMAN SCHMITT: All in favor? 22 23 (Responses of "aye.") 24 CHAIRMAN SCHMITT: Opposed? 25 (No responses.)

CHAIRMAN SCHMITT: 1 Passes. The next item on the agenda, 2 MR. KEANE: 3 Mr. Chairman and Trustees, is resolution to 4 appoint the fifth trustee to the Board of 5 Trustees, replacing former Sheriff Nat Glover. 6 The resolution is to appoint Richard 7 L. Townsend. And there was some 8 CHAIRMAN SCHMITT: question on this one. What it takes is the 9 majority of the four to appoint a new fifth. 10 Right now we have Rick Townsend. 11 And he's qot a lot of experience here with the pension 12 fund. He's been on the advisory committee for 13 14 many years, both as an active employee and as a retiree. 15 In discussion about conflicts, the greater 16 17 conflict in my mind is when you have a plan sponsor who decides on their own how much money 18 19 they're going to put into a plan. That is a built-in conflict. And without the checks and 20 21 balances in place, inevitably, most the time 22 those plan sponsors choose to not put enough 23 money in. 24 So it's very important for the fund and 25 especially the members to have a Board in place

that's going to stand up and say, Hey, Plan 1 Sponsor, you're not putting enough money into 2 3 this plan. 4 And they have a vested interest in -- a 5 personal vested interest in the investments and 6 the returns and watching the budget related to 7 those plans. It's their personal livelihood that's 8 dependent on the results of those efforts. 9 So when we talk about conflicts, I think the huge 10 conflict, the greater conflict, is allowing the 11 plan sponsor to be unchecked and determine how 12 much money they will or will not put into a plan. 13 Open for further discussion. 14 MR. SCHEU: By point of order, I don't think 15 it's legal for the group here -- since the four 16 17 trustees, excluding Sheriff Glover, he can't 18 vote, and the charter provides that the fifth 19 trustee is elected by a majority of the remaining four trustees. 20 And that means it would still take a vote of 21 three --22 23 CHAIRMAN SCHMITT: Correct. 24 MR. SCHEU: -- three of us plus Adam.

So I would move to defer this until

25

Mr. Herbert returns. 1 CHAIRMAN SCHMITT: And I can get some 2 3 clarification from legal, but in order to pass, 4 it would take three out of four. So it would 5 take all three of us to vote on it. 6 MR. SCHEU: Correct. If we did that. 7 CHAIRMAN SCHMITT: Correct. MR. SCHEU: But I intend not to vote for it. 8 So I think it would be better if we waited until 9 Adam came back to consider. 10 In the meantime, I want to propose another 11 candidate. 12 CHAIRMAN SCHMITT: And we've talked about 13 this now for two months, and we knew about it a 14 month in advance of that. 15 So my point in putting this on the agenda 16 17 again is to get moving on this. Obviously Sheriff Glover has been gracious enough to 18 19 continue to attend at our request at times so we could have a quorum. But I think dragging this 20 21 out even further is detrimental to the operation of the Board. 22 23 MR. SCHEU: I appreciate that, and you said 24 that the last time. But, remember, we thought 25 that we would not even have a meeting in

November, waiting for Adam to come back so that 1 we could consider it then. 2 3 MR. TUTEN: Just a quick answer, Paul, yes Is there anything that prevents us from 4 or no. 5 voting on the fifth trustee, even without the other fourth member? 6 7 MR. DARAGJATI: Florida Statutes is clear. You can vote, but Mr. Scheu is correct. All 8 three of you would have to be in agreement. 9 MR. TUTEN: In agreement. Okay. So we 10 could vote if we want to? 11 MR. DARAGJATI: If you wanted to, yes. 12 13 MR. TUTEN: Okay. That's step one. 14 Step two is, the last meeting, you know, has there been -- has Adam nominated anybody? 15 16 MR. SCHEU: I'm prepared to nominate someone 17 today. 18 MR. TUTEN: Okay. So you are. 19 So does this person have pension experience or background in pensions? 20 21 MR. SCHEU: He qualifies. It's Frank Mackesy, the former undersheriff. 22 23 On the legal, I think that the Office of 24 General Counsel is our primary legal advisor for 25 matters related to governance.

I've asked Steve Durden, and he and I 1 discussed the procedure yesterday and he 2 3 discussed it with the General Counsel. 4 So to the extent we need legal advice, I 5 would prefer that we -- nothing against Paul, but 6 I think the charter requires us to go to the 7 General Counsel first, and Steve is prepared to talk about the process. 8 But I do intend to nominate, and I do have 9 his bio here, the former Undersheriff Frank 10 11 Mackesy. CHAIRMAN SCHMITT: Okay. And we disagree on 12 13 who is our primary legal counsel. I think we will continue to disagree on that, but the 14 current agreement reiterates and reconfirms the 15 fact that anything specifically pension related, 16 17 which this is, our primary legal counsel has been 18 and will continue to be that legal counsel that 19 is chosen by the Board. MR. SCHEU: Yes, sir. I respectfully 20 21 disagree, that this is a governance issue. But in any event, I do not intend to vote 22 23 for Mr. Townsend, and I would like to nominate 24 the former undersheriff. 25 CHAIRMAN SCHMITT: Let's get through this

2.2

| 1 | one first and then we'll let you make your |
|----|---|
| 2 | nomination. |
| 3 | MR. SCHEU: Sure. |
| 4 | CHAIRMAN SCHMITT: All right. So do we have |
| 5 | a motion to vote for a replacement trustee, Rick |
| 6 | Townsend? |
| 7 | MR. TUTEN: Yeah, I'll make a motion. |
| 8 | CHAIRMAN SCHMITT: I'm assuming we do not |
| 9 | have a second. |
| 10 | MR. SCHEU: (Nods head.) |
| 11 | CHAIRMAN SCHMITT: Okay. So that one is |
| 12 | closed. No vote on that. |
| 13 | I'd like to open up for you to make another |
| 14 | motion. |
| 15 | MR. SCHEU: Yes, sir. I would like to |
| 16 | nominate former undersheriff Frank Mackesy. I do |
| 17 | not think it would be proper to vote on this |
| 18 | today. Adam, unless he's seen well, it |
| 19 | wouldn't have been in the minutes. |
| 20 | I think you-all know Frank. His bio shows |
| 21 | that he's got the requisite qualifications as set |
| 22 | forth in the revised legislation. He has got |
| 23 | experience as the undersheriff. He has got a |
| 24 | Master's in Business Administration in Finance |
| 25 | from UNF. |
| | |

| 1 | He is familiar with the pension-related |
|----|--|
| 2 | issues, having been undersheriff, and he |
| 3 | presently serves on the airport authority and |
| 4 | would resign from that to serve here. |
| 5 | He has also spoken with President Delaney, |
| 6 | who is his boss since Frank is now charged with |
| 7 | security at UNF, and President Delaney concurs |
| 8 | that he would have no issue with this. |
| 9 | CHAIRMAN SCHMITT: Discussion? Just a point |
| 10 | of clarification. |
| 11 | The requirements for the fifth member are |
| 12 | not the same as the requirements for the City |
| 13 | Council appointees. But I believe what you're |
| 14 | saying is he would meet or exceed even those |
| 15 | requirements. |
| 16 | MR. SCHEU: Yeah. I went back and checked |
| 17 | that, and I think what it says if I can find |
| 18 | it. I've underlined it, but now |
| 19 | MR. KEANE: "Community and business |
| 20 | experience" is the words they use. |
| 21 | MR. SCHEU: But, also, I think it applies to |
| 22 | both the fifth trustee and the council. The only |
| 23 | difference is that the fifth trustee can be a |
| 24 | recipient of the pension. That's the only |
| 25 | difference. |
| | |

| 1 | But all of the educational or community, all |
|----|---|
| 2 | those requirements apply to both of them. And |
| 3 | I'll be glad as soon as I can find it, I'll be |
| 4 | glad to read it to you. |
| 5 | CHAIRMAN SCHMITT: Any other discussion on |
| 6 | this? |
| 7 | MR. TUTEN: Well, the only comment I was |
| 8 | going to say, reading this real quick, he's never |
| 9 | been on the advisory committee or anything, has |
| 10 | he? |
| 11 | MR. KEANE: (Shakes head.) |
| 12 | MR. TUTEN: Okay. I mean, he's got the |
| 13 | education and the background. I have no problem |
| 14 | with that. But, once again, we're looking for a |
| 15 | new director, hopefully an assistant director, |
| 16 | and other things involved with the pension plan, |
| 17 | and having somebody come in cold turkey I have |
| 18 | no doubt he has the intelligence and the |
| 19 | background and all that good stuff. |
| 20 | But as far as knowing what really goes on |
| 21 | here and what we're looking for and how the whole |
| 22 | fund works and the members and all that, from the |
| 23 | outside, just knowing Rick and his background, |
| 24 | he's the better fit, in my opinion, you know. |
| 25 | But we're obviously not going to vote for |
| | |

| 1 | anybody today. So do we know to interview Mr |
|----|---|
| 2 | how do you pronounce his name, Mackesy? |
| 3 | CHAIRMAN SCHMITT: Mackesy. |
| 4 | MR. TUTEN: I mean, is that what the Board |
| 5 | wants to do? When is Adam going to be back? |
| б | MR. SCHEU: I think he said November 28th, |
| 7 | and I would anticipate that we take this up at |
| 8 | our regular December meeting. |
| 9 | CHAIRMAN SCHMITT: And I would encourage |
| 10 | if you would like to meet with him between now |
| 11 | and then, I would definitely encourage that. |
| 12 | I know Sheriff Mackesy from his time at the |
| 13 | sheriff's office. I have a great deal of respect |
| 14 | for him. I think he would be fantastic on the. |
| 15 | Board. His experience, not just at the sheriff's |
| 16 | office but the other entitles that he's been |
| 17 | involved in, I think would be a great asset to |
| 18 | us. |
| 19 | MR. TUTEN: Well, I mean, whatever you guys |
| 20 | want to do. If you want to bring him in or |
| 21 | whatever beforehand, that's fine with me. |
| 22 | MR. SCHEU: I first got to know Frank years |
| 23 | ago when we served on the Hubbard House Board |
| 24 | together, and we both were young and learning and |
| 25 | stuff. And he has developed a lot of leadership |
| | |

capacity.

MR. TUTEN: Well, I have no problem with it. And I want to state something on the record, sort of let's just get this over with and out of the picture. You know, and it's been perpetuated by the media and by certain members of the council and the general public. The pension fund Board of Trustees is out of

the benefits business --

MR. SCHEU: Correct.

MR. TUTEN: -- so if it's a retired policeman or retired fireman or retired astronaut, it doesn't matter.

We're looking for someone who could help with the administration of this fund, with keeping this fund running the way it's supposed to with investments, et cetera, et cetera.

There's still this overtone from certain people that the Board is still trying to slide one of theirs into this fifth spot, like we did so well with our buddy, Sheriff Glover here, allegedly.

23 So can we just put that to rest once and for 24 all? Because as we've noticed, we don't have 25 people jumping through hoops to sit here, even

| 1 | though we're done with the tough stuff. |
|----|--|
| 2 | So I just want to get that out there, that |
| 3 | we're looking for the best person to help run |
| 4 | this fund with the rest of this Board. We're not |
| 5 | looking for someone who's a, quote, crony, to |
| 6 | help us enhance our benefits because we're done |
| 7 | with that. |
| 8 | MR. SCHEU: Well said. And that's very |
| 9 | important that we're not about benefits anymore, |
| 10 | except to pay them |
| 11 | MR. TUTEN: Well, sure. |
| 12 | MR. SCHEU: and get somebody to get them |
| 13 | pay. But that's one reason from Frank's |
| 14 | management experience, I think he would be ideal |
| 15 | for this position. |
| 16 | I don't agree that just because you're a |
| 17 | former policeman or fireman you shouldn't be the |
| 18 | fifth trustee. I don't think that that's I |
| 19 | think you're looking for people who know the |
| 20 | community and have experience and management. |
| 21 | CHAIRMAN SCHMITT: I think that's a great |
| 22 | point. And you touched on some of the other |
| 23 | things related to governance. |
| 24 | We have five members on this Board. We also |
| 25 | have an executive director. We have a |
| | |

| 1 | controller. We have a treasurer. We have a |
|----|---|
| 2 | pension advisor. We have money managers. |
| 3 | There's a lot of oversight. Part of that |
| 4 | oversight is to have individuals on this Board |
| 5 | who have the management experience who can assist |
| 6 | with that oversight. There's a lot of checks and |
| 7 | balances in there. It's not just one person can |
| 8 | do it all or do nothing. |
| 9 | It's a concerted effort amongst all with |
| 10 | that oversight. And I think if we add somebody |
| 11 | like Undersheriff Mackesy to that team, that |
| 12 | could only benefit us. |
| 13 | MR. SCHEU: Thank you. |
| 14 | MR. KEANE: Mr. Chairman, for the record, is |
| 15 | he nominating him right now? Is this going to be |
| 16 | a motion? |
| 17 | MR. SCHEU: I nominate him, but |
| 18 | CHAIRMAN SCHMITT: I don't think we need a |
| 19 | motion. |
| 20 | MR. SCHEU: Well, I'll move it, then I'll |
| 21 | move to defer the motion. |
| 22 | MR. KEANE: That's what I'm saying, we need |
| 23 | to get a motion and second before |
| 24 | MR. TUTEN: I'll second. |
| 25 | MR. SCHEU: And then I'll move that it be |
| | |

| 1 | deferred until the December until the next |
|----|---|
| 2 | regular meeting when the four of us are |
| 3 | available. |
| 4 | It's just like I thought with Mr. Townsend. |
| 5 | I don't think it would be fair to Adam to do it |
| 6 | today either. |
| 7 | MR. KEANE: Just trying to keep the record |
| 8 | straight. |
| 9 | COUNCILMAN HAZOURI: Mr. Chairman, just for |
| 10 | my edification. |
| 11 | So is Mr. Townsend out, or are you-all |
| 12 | looking at both of them now? I didn't hear a |
| 13 | second awhile ago and I didn't know. |
| 14 | CHAIRMAN SCHMITT: Right. We did not vote |
| 15 | on Mr. Townsend again because we didn't have a |
| 16 | second. |
| 17 | COUNCILMAN HAZOURI: Right. So you're just |
| 18 | considering one person now? |
| 19 | CHAIRMAN SCHMITT: That's what it looks like |
| 20 | because we're not going to get a vote on Rich |
| 21 | Townsend, it looks like. |
| 22 | So the new nomination, which we've had a |
| 23 | motion and a second to accept, and the deferral |
| 24 | on the vote until our next meeting. |
| 25 | So that's what we have. |
| | |

The Townsend nomination is still MR. KEANE: 1 before you. It was just not moved today. 2 3 CHAIRMAN SCHMITT: Okay. 4 MR. KEANE: It didn't die. MR. SCHEU: Well, it died for lack of a 5 6 second. 7 MR. KEANE: His motion to approve it today died for lack of a second. The application is 8 still pending. That's what I'm saying. 9 COUNCILMAN HAZOURI: That's what I was 10 wondering. 11 CHAIRMAN SCHMITT: Okay. So point of 12 clarification, that is still available. 13 MR. SCHEU: 14 Sure. MR. KEANE: That's what we're trying to get 15 16 straight here. 17 CHAIRMAN SCHMITT: Okay. So that nomination is still available. It hasn't been completely 18 closed out, but we don't have a second to vote on 19 20 it today. 21 This new proposal is for Undersheriff 22 Mackesy, with the vote moved to -- or deferred 23 until the next meeting. 24 MR. SCHEU: Yes, sir. 25 MR. TUTEN: Can we -- with Adam, if for some

| 1 | reason he comes up with someone, can we relay to |
|----|---|
| 2 | him to have maybe bring that people to the |
| 3 | meeting with the sheriff? That way we can talk |
| 4 | to him at the same time, and then we'll just make |
| 5 | our final vote. We all know Rick, so that's not |
| 6 | a problem there. |
| 7 | MR. KEANE: Sure. We'll take care of that. |
| 8 | MR. SCHEU: Thank you. |
| 9 | CHAIRMAN SCHMITT: Any further discussion on |
| 10 | that item? Can we vote on the proposal and the |
| 11 | deferral? |
| 12 | All in favor? |
| 13 | (Responses of "aye.") |
| 14 | CHAIRMAN SCHMITT: Opposed? |
| 15 | (No responses.) |
| 16 | CHAIRMAN SCHMITT: Passes. |
| 17 | MR. KEANE: The deferral passed? |
| 18 | CHAIRMAN SCHMITT: Correct. |
| 19 | MR. KEANE: Let's keep the record straight |
| 20 | here. |
| 21 | CHAIRMAN SCHMITT: Okay. The next item is |
| 22 | the a motion to hire a search firm. Let's |
| 23 | skip over that for a second and discuss the |
| 24 | motion to appoint Executor McCague as Interim |
| 25 | Plan Administrator. |
| | |

That's my motion. And Beth is 1 MR. SCHEU: here. 2 3 Beth, would you stand up? 4 MS. McCAGUE: Certainly. I think she's met the Chair. 5 MR. SCHEU: 6 CHAIRMAN SCHMITT: Yes. 7 MR. SCHEU: I don't think she's met 8 Mr. Tuten yet. I have. 9 MR. TUTEN: 10 MS. McCAGUE: How are you? I would just like to say, in a 11 MR. SCHEU: way, I felt this was providential. When Beth and 12 I met last week on something entirely unrelated, 13 she said that she had something else to talk 14 about, and that was that she thought she could 15 bring some gifts and leadership acting as the 16 interim administrator for the Police and Fire 17 Pension Fund. 18 I was very surprised but grateful. And I've 19 20 known Beth for 25 or 30 years. By coincidence, 21 my secretary that used to work at First Union was 22 Beth's secretary 30 years ago. So she's trained 23 us both without our really knowing it. 24 Beth has -- as you've seen from her bio, she 25 has been a leader in banking since she first went

| 1 | to work for Atlantic Bank. I remember as a young |
|----|---|
| 2 | lawyer working with Beth along the way. |
| 3 | COUNCILMAN HAZOURI: Borrowing money? |
| 4 | MR. SCHEU: Yes. |
| 5 | Well, back in those days they taught young |
| 6 | lawyers that are representing banks that you |
| 7 | needed to go walk the offices so you got to meet |
| 8 | everybody. You don't do that anymore, but that's |
| 9 | the way they used to do it. |
| 10 | But she the thing that makes her |
| 11 | particularly adept to this interim appointment is |
| 12 | her managerial experience. |
| 13 | If you look at her résumé, she managed the |
| 14 | Wealth Management Department for well, I get |
| 15 | First Union and Wachovia mixed up, but it was |
| 16 | Wachovia, I believe. |
| 17 | And she then advised one of the greatest |
| 18 | in terms of her management, that and her |
| 19 | experience managing, she was the Jacksonville |
| 20 | President for Atlantic, I believe. |
| 21 | MS. McCAGUE: And First Union. |
| 22 | MR. SCHEU: And First Union. She was the |
| 23 | head of the entire statewide operations for First |
| 24 | Union in Tennessee. |
| 25 | She also so the management type stuff is |
| | |

| 1 | really what we need. We need someone again, |
|----|---|
| 2 | we don't we're not negotiating benefits |
| 3 | anymore. We need someone that can manage the |
| 4 | organization that has experience with that. |
| 5 | But the thing that really sold me also was |
| 6 | her long relationship with the president of |
| 7 | Wachovia Corporation, reported directly to that |
| 8 | person to improve the quality of services |
| 9 | nationwide for Wachovia in their operations. |
| 10 | And she was in charge of that for how many |
| 11 | years? |
| 12 | MS. McCAGUE: Four years. |
| 13 | MR. SCHEU: Four years. And as you see from |
| 14 | the bio, Wachovia and I remember the |
| 15 | advertisements on TV that Wachovia was uniformly, |
| 16 | year after year, acknowledged as the Number 1 in |
| 17 | customer service for all the banks in the |
| 18 | country. |
| 19 | So that means that for our members, she will |
| 20 | make them, number one, know what we're doing and |
| 21 | be glad that they know what we're doing and that |
| 22 | we're doing a good job of it. |
| 23 | Finally, this isn't about John. John and I |
| 24 | have a good relationship. We didn't know each |
| 25 | other before until the task force got going. |

But John, for one reason or another, pick 1 your poison, he has become a lightening rod. And 2 3 until we can move on, we're not going to get our work done. We're going to be talking about the 4 5 things that you just alluded to, Rich. 6 So it seems to me if we can get a capable, 7 qualified, recognized community leader, it will change the emphasis on what our public 8 credibility is. Rightly or wrongly, that's just 9 the way it is. 10 I do not see John just walking away, saying 11 good-bye and never turning back. We're still 12 going to need John's help. 13 So I would think that if we do approve Beth, 14 John, hopefully, would make himself available on 15 a consulting arrangement that wouldn't be, quote, 16 full time; but as we needed him or Beth needed 17 18 him, I assume that John would be willing to help 19 out as a consultant. He's always said that he would be willing to do that. 20 21 So I think the time is right for an interim director. Hopefully we will find a new permanent 22 23 director in the next three to six months, using 24 the search processes that the chairman, I think, 25 wants to do. And it just gives us a breath of

| 1fresh air. I think this will be very well-received in the community and by our participants.3participants.4Thank you.5CHAIRMAN SCHMITT: So the motion is to appoint Ms. McCague as Interim Plan7Administrator. | MR. SCHEU: Yes. And the implication would be that you would negotiate a contract with her as the chairman of the Board, and we would ratify that. She has indicated that she would be willing to start December 1. And just like we did with John's consulting | 17 | arrangement. Do you see it as again, as a |
| 20 be that you would negotiate a contract with her 21 as the chairman of the Board, and we would ratify 22 that. She has indicated that she would be 23 willing to start December 1. 24 And just like we did with John's consulting | 18 | contractual employee? |
| as the chairman of the Board, and we would ratify that. She has indicated that she would be willing to start December 1. And just like we did with John's consulting | 19 | MR. SCHEU: Yes. And the implication would |
| that. She has indicated that she would be willing to start December 1. And just like we did with John's consulting | 20 | be that you would negotiate a contract with her |
| 23 willing to start December 1.24 And just like we did with John's consulting | 21 | as the chairman of the Board, and we would ratify |
| 24 And just like we did with John's consulting | 22 | that. She has indicated that she would be |
| | 23 | willing to start December 1. |
| 25 contract, we authorized you, and then we ratified | 24 | And just like we did with John's consulting |
| | 25 | contract, we authorized you, and then we ratified |

it so he could get started and that she could get 1 started too. 2 But it's not a volunteer. You would have to 3 4 negotiate a contract. 5 CHAIRMAN SCHMITT: We might need a contract committee chair. 6 7 MR. SCHEU: Well, I'm happy to serve in whatever way that you want me to. And I would 8 certainly get the help of the General Counsel's 9 office. 10 CHAIRMAN SCHMITT: 11 Okay. MR. TUTEN: What length of time is she 12 looking -- I feel weird saying this because she's 13 sitting right there. 14 But what length of time is she willing to 15 stay, or is she, in her mind, prepared to stay or 16 expecting to stay three months, six months, nine 17 months? 18 19 MS. McCAGUE: May I speak? 20 CHAIRMAN SCHMITT: Yes. MS. McCAGUE: I'm not at the main table. 21 22 Thank you very much, and thank you for 23 considering me. 24 The intention is to step in to help, to give 25 some breathing space to the organization, to help

with the search for the permanent director. 1 And so as Bill said, you know, in my mind that 2 3 probably would be three to six months. 4 I talked with the company that I currently 5 work for, and they are very willing to support me in this community service effort to allow me to 6 7 leave for six months, and then they would consider bringing me back in. 8 So I told Bill from the beginning, I'm not 9 vying for the permanent job. I think you need a 10 different skill set than I have for the long-term 11 job; but for the interim, to step in and help. 12 As you've all said, for whatever reason, 13 there is a credibility issue with this fund, and 14 I believe I can help with that, and that is not a 15 long-term position. But I'm happy to stay for 16 17 three or -- I would be very happy to stay for six 18 months. And as I said to Larry yesterday, this fund 19 is an important fund. The director of this --20 21 this is an extremely good job. And I'm very sorry that the woman was that targeted and hired 22 23 for the position decided not to take the 24 position. 25 But that's not to say that there aren't many

people who have the experience, both technical 1 and strategic experience, that you-all need to go 2 3 forward on the long-term basis. 4 This is a great job, and I'm sure you'll 5 have many qualified candidates who would be 6 willing to make a very long-term commitment. 7 So six months is the answer. And, you know, I would think we could have everything in place 8 by then. But my goal is to help here. So I 9 would not leave the organization in a lurch if it 10 was not -- six and a half months or whatever. 11 MR. TUTEN: Okay. 12 MR. GLOVER: Well, Beth, what about if it 13 turns out to be nine? 14 MS. McCAGUE: I can live with nine months. 15 Frankly, I could live with a year. But beyond a 16 year, I think we would have to look at each other 17 18 and say, Well, why is it we don't have a 19 permanent director in place? There's something else going on. 20 21 Yeah. I wouldn't push COUNCILMAN HAZOURI: 22 that. 23 MR. SCHEU: I might say, and you've probably 24 been through this too, when they asked me to be 25 the interim president of Columbia Seminary, those

| | 17 |
|----|---|
| 1 | searches for the president had taken the last |
| 2 | two had taken about six months each. They said |
| 3 | it might be 18 months. So really what and it |
| 4 | ended up being about six months nine months. |
| 5 | But the real answer is that you pray or the |
| 6 | shorter side than the longer side. |
| 7 | MR. GLOVER: No, I think the answer was |
| 8 | appropriate. If we can't find somebody within a |
| 9 | year, something else is going on. |
| 10 | So I would support it with the year maximum. |
| 11 | And I think that's fitting and proper for this |
| 12 | Board. |
| 13 | I would like to also add that, you know, the |
| 14 | notion that John has been a lightening rod, I |
| 15 | would say that the position that John holds has |
| 16 | been in the news significantly, and the fact that |
| 17 | he has been the lightening rod is unfortunate |
| 18 | because I always thought this Board acted |
| 19 | appropriately in every situation. Even with all |
| 20 | of the controversy, we acted in the best interest |
| 21 | of the fund. |
| 22 | So I don't want to shift this: We're acting |
| 23 | now because we want to get John out of here. |
| 24 | That's not why I'm acting. I'm supporting it |
| 25 | because I think this is the best way to go during |
| | |

this transition period.

But we don't want to shift that we're reacting to sometime public opinion and media pressure. So if you're in these kinds of positions, sometime there will be what we call in the common vernacular, heat.

But we've not done anything illegal. We've not done anything inappropriate. And as a matter of fact, I would challenge anybody to say this Board has acted not only appropriately but courageously with all of this going on.

MR. TUTEN: I would like to back up the sheriff for just a second.

First of all, Beth, I do want to thank you for being out here. This is the part -- I brought this up to Lynn, the previous applicant, who was from Fort Lauderdale who turned us down.

18 And I understand what you're saying, Bill. 19 John has been a lightening rod. But to be truthful, to back up sort of what the sheriff was 20 21 saying, if you remember, right after the alleged financial audit came out, which was then changed 22 23 to a financial investigation of the pension fund, 24 the paper, local paper, had an opinion piece that 25 basically said, in no short words, John, the

Board, the entire pension fund, was corrupt. 1 I've got the article still if you want to see it. 2 3 That's aside, I don't think that necessarily 4 pushing John to the side and having a new face is 5 going to change that attitude. And I'm saying this as a warning to you, like I did to Lynn who 6 7 was here. I think there might be a period of goodwill, 8 but at the end of the day, the public perception, 9 because of things that have been printed, said, 10 et cetera, is that fire and police make too much 11 money, their pensions are too rich, the Board has 12 been covering up for them and the select few 13 favorites to get all these crazy, \$5 million 14 policemen out there. 15 And my question to you is, are you prepared 16 17 for that sort of scrutiny? Is that something 18 that you're prepared to live with? It may not

take a month or two or three before they start 19 looking at you and saying, Well, why is she 20 21 really wanting to do this? Is she part of the grand corruption at the pension office? And I 22 23 don't mean to be -- this is not an attack on you. 24 MS. McCAGUE: I understand. But this is just the way it is. 25 MR. TUTEN:

| 1 | And I want to make sure that you know what you're |
|----|---|
| 2 | getting into, even if it's for a temporary basis, |
| 3 | because like you said, you made a point of, this |
| 4 | is a good job. |
| 5 | MS. McCAGUE: Very good job. |
| 6 | MR. TUTEN: We had a search last time that |
| 7 | we had about 28 people that actually passed |
| 8 | whatever. Only two of them had pension fund |
| 9 | experience. |
| 10 | I've asked a lot of very smart people, Why |
| 11 | did we not attract more pension professionals? I |
| 12 | think I already answered that question with the |
| 13 | first opening part of my statement. |
| 14 | My fear is even if we hire a headhunter, |
| 15 | somebody that targets specifically pension |
| 16 | professionals, they're going to Google |
| 17 | Jacksonville Police and Fire Pension Fund and |
| 18 | what they're going to see is a hailstorm of |
| 19 | criticism, unfunded criticism, accusations. |
| 20 | As the sheriff is saying, if we're corrupt, |
| 21 | where's Larry's cohorts to come put me in |
| 22 | handcuffs and take me to jail? Where is all this |
| 23 | illegal activity taking place? |
| 24 | Why isn't someone showing up to shut us down |
| 25 | because of all this illegal activity? It's a lot |
| | |

of unfounded rumors, a lot of accusations with no substance.

And I don't -- if I sound serious, I am. I don't want you to have any misconceptions that it's not just John. It's not just this Board. It's every single person involved with the police and fire departments that have been put under the microscope for years now, unfairly, as the blame for the city's financial woes, for the reason the city can't pave its streets or can't whatever it is.

And you're going to be stepping into it, 12 whether it's three months, six months, nine 13 Make no mistake. You are going to be 14 months. the current tip of the sphere. John might be a 15 consultant and stay on the side, but understand 16 17 something. You're going to be the face of this 18 pension fund. You're the one that's going to be attached to any and everything that comes down 19 the pike, and I just want you to be comfortable 20 21 with that. That's it.

MS. McCAGUE: Well, I said this was a good job. I didn't say it was an easy job. And I don't think the temporary post is an easy job. MR. TUTEN: Oh, I don't think you do at all.

| 1 | I just want you to be sure that you understand |
|----|---|
| 2 | what's coming. |
| 3 | MS. McCAGUE: And I appreciate that. |
| 4 | And building the confidence of all the |
| 5 | constituencies in the community would be my |
| б | highest priority. |
| 7 | And there are steps to take that the |
| 8 | governing board here as already begun to take in |
| 9 | reviewing the consulting agreements and reviewing |
| 10 | of the policies and procedures. And I think the |
| 11 | answer ultimately is that we just be as open and |
| 12 | transparent and gain back the confidence. It |
| 13 | doesn't happen overnight, but I have confidence |
| 14 | in this Board. |
| 15 | And I have no understanding and no belief |
| 16 | that there's anything other than above-board |
| 17 | activities that have gone on here. |
| 18 | But I'm looking forward. I'm not looking |
| 19 | backward. I'm looking forward. |
| 20 | CHAIRMAN SCHMITT: Councilman, you want to |
| 21 | comment? |
| 22 | COUNCILMAN HAZOURI: Thank you. |
| 23 | Just from my own perspective about Beth, |
| 24 | first of all, I was surprised. I didn't even |
| 25 | know that she would be interested in something |
| | |

| 1 | like that. I've known Beth since mayor's days. |
|----|---|
| 2 | And so she has a great work ethic, but also she's |
| 3 | very transparent and she has a wonderful |
| 4 | relationship with the community. |
| 5 | I feel like I'm washing laundry in front of |
| 6 | John, and he and I go back to the Jaycees. And |
| 7 | it's not a reflection on him. It's a reality, as |
| 8 | you were talking about awhile ago. |
| 9 | And, John, just pretend I'm not saying |
| 10 | anything, because I love you anyway, and I know |
| 11 | it doesn't matter. I mean, you've been through |
| 12 | so much. |
| 13 | But having talked to Lynn before and |
| 14 | thinking that she's almost there and she's not |
| 15 | here, and some of the stuff that she reads on the |
| 16 | Internet about what's going on, I think what |
| 17 | you-all have done as a Board this is me |
| 18 | speaking and what the Council did already in |
| 19 | changing the pension fund, you don't have to be |
| 20 | an apologist here, and I wouldn't. |
| 21 | You-all still have work to do to take care |
| 22 | of the old business, addressing those needs, the |
| 23 | forensic investigation and whatever else is out |
| 24 | there. |
| 25 | But to me, while it's not behind us, it |
| | |

certainly is not ahead of us anymore. We know what needs to be done. We know what needs to be addressed.

Beth brings, I think -- talking to the editorial board, she's out in the community. It's going to be a little bit different than what perhaps John has done. She's more into the community. And I think that's important for this Board to know that when they see Beth, they see the pension board or whatever, the bank before that.

And her involvement, I think, would add a lot of credibility to what we're trying to do. And with your new additions that you have on the Board and coming on the Board, I think, again, adds more credence to what you're trying to accomplish, what we would like to see.

18 It's a fresh approach, but you've still got 19 your same job that you need to do and we all 20 recognize that.

I'm excited for her. And I hope that when someone looks at -- on this national search looks at this body and see the work that's out there that maybe Beth can participate, but she'll have a month or two behind her to kind of get a handle

| 1 | on what has taken place other than what she's |
|----|---|
| 2 | read, and what will be taking place. |
| 3 | And I think that you'll see more acceptance |
| 4 | of wanting to come to Jacksonville. You know, |
| 5 | you can't keep putting these parade of horribles |
| 6 | out there and then everyone says, Well, I'm not |
| 7 | going to Jacksonville, look at them, you know, |
| 8 | they have a smokestack there that smells, they |
| 9 | have tolls there. |
| 10 | You know, you can eradicate all that stuff, |
| 11 | but you do it with leadership. And I think |
| 12 | that's what Beth is going to bring. With you as |
| 13 | chairman and with the new Board members, that's |
| 14 | what you're going to get. |
| 15 | And I'm exited for this Board, quite |
| 16 | frankly. And I've been here five months and |
| 17 | we've talked all the time. I'm getting a handle |
| 18 | of it, even though I know I'm just a liaison. |
| 19 | But I look at it now you know, I've seen |
| 20 | the press. I know how that works. But you can't |
| 21 | keep going back and trying to be an apologist to |
| 22 | what they put in the paper because you're not |
| 23 | going to be able to erase any of that. |
| 24 | Good, bad or ugly, it's there. Now you have |
| 25 | to move forward and they have to see us, see this |

| 1 | Board, rather, the trust fund, move forward, not |
|----|---|
| 2 | with just the investments, but and also at the |
| 3 | same time, your police and fire. |
| 4 | Your people that you represent have to know |
| 5 | that you are hiring someone, on as temporary |
| 6 | basis as it is, that's going to not replace John, |
| 7 | because I know he's loved by the rank and file. |
| 8 | It's not replacing him. It's time he's |
| 9 | retiring. I'm sure he wants to retire. |
| 10 | You're not here, John. I'm just talking |
| 11 | about you. |
| 12 | But, you know, that he's ready to retire. |
| 13 | He's not and he has stayed on and I give him |
| 14 | credit for doing that, but those arrows keep |
| 15 | coming and you can't avoid it. And it's going to |
| 16 | keep coming. |
| 17 | And when John leaves, it's not going to |
| 18 | end be the end all to end all, but it does |
| 19 | show that you-all are moving forward and you're |
| 20 | not going to be lingering and saying, Well, look |
| 21 | at all these problems you've got you know, |
| 22 | you've got in front of you. |
| 23 | I think Beth recognizes them. I think we |
| 24 | all do. But I feel like this is not just a |
| 25 | breath of fresh air, but it's one that's going to |
| | |

add credibility to this Board. It's going to 1 have credibility by the rank and file. 2 3 And I know they have a fear of what's 4 happening. I see it. I see it in teachers, that 5 they're ready to rock and roll and leave. And I 6 think if they get that security back and you-all 7 can give that to them, the new Board can and Beth can, that all is not rotten in Denmark, that 8 there's some good things happening and you-all 9 are going to continue to make it happen. 10 And I think you need to let the rank and 11 file know that, look, John -- just because John 12 leaves, that doesn't mean there is not someone 13 who is going to be able to replace him one day. 14 But he's done his job, and now you move on. 15 Whether you're a mayor, whether you're president 16 or whether you're governor, it's not going to 17 18 stop because that person leaves office. It's 19 going to continue and you build on the successes 20 that you had. 21 And I'm excited about it. I'm just speaking as a citizen, but also as a council person. 22 So I 23 know. I've had to listen to some of the stuff on 24 the council that I don't like to hear because I 25 don't think they're privy to some of the stuff

| 1 | that I hear here. And I try to tell some of them |
|----|---|
| 2 | the same thing. |
| 3 | I said, you know, Don't prejudge some of |
| 4 | things that's going on unless you're there to |
| 5 | listen and see. And I think Scheu tells them the |
| б | same kind of thing. And that makes a big |
| 7 | difference. |
| 8 | MR. SCHEU: Just for clarification, as a |
| 9 | look at the agenda, "A search firm to assist with |
| 10 | the selection of a new Executive Director; motion |
| 11 | to appoint Beth McCague as Interim Plan |
| 12 | Administrator." |
| 13 | It's my intention that she be the Interim |
| 14 | Executive Director and Plan Administrator. And I |
| 15 | want to get the naming right. |
| 16 | So that would be an appropriate amendment to |
| 17 | my motion, to make it Interim Executive Director |
| 18 | and Plan Administrator. I think that's the way |
| 19 | to word it. |
| 20 | CHAIRMAN SCHMITT: Any discussion or |
| 21 | questions? |
| 22 | MS. McCAGUE: Thank you. |
| 23 | CHAIRMAN SCHMITT: And just to touch a |
| 24 | little bit of what was said by the councilman, |
| 25 | we, the Board, really appreciate that we've got |

you as liaison --1 COUNCILMAN HAZOURI: Thanks. 2 3 CHAIRMAN SCHMITT: -- sticking to the facts 4 and presenting those facts to the other council 5 members. It's so easy for them to only read 6 certain articles and get the totally wrong 7 impression that's based on opinions, nothing to do with facts. 8 So it's refreshing to see somebody go to 9 them with the facts. 10 COUNCILMAN HAZOURI: Thanks. 11 CHAIRMAN SCHMITT: And I, for one, really 12 appreciate that. 13 14 COUNCILMAN HAZOURI: And I appreciate our relationship. 15 CHAIRMAN SCHMITT: So the motion is to 16 17 appoint Ms. McCaque as Interim Executive Director and Plan Administrator, effective December 1, 18 19 assuming that we can work out contract 20 negotiations with her. 21 Basically, the exact same thing that we have 22 with Mr. Keane, the amount. The hourly rate will 23 most likely be different, but that's what I 24 understand. I just want to say just do it 25 MR. TUTEN:

| | J- |
|----|---|
| 1 | month to month. I mean, like I say, it could be |
| 2 | three, it could be six, it could be nine. I |
| 3 | don't want to lock somebody after a six-month |
| 4 | deal, have somebody fall into our lap three |
| 5 | months from now. You know, as far as the cost |
| 6 | from our perspective. Just whatever she's |
| 7 | comfortable with. |
| 8 | CHAIRMAN SCHMITT: I believe that's what we |
| 9 | have now, is month to month. |
| 10 | Any further discussion? |
| 11 | (No responses.) |
| 12 | CHAIRMAN SCHMITT: All in favor? |
| 13 | (Responses of "aye.") |
| 14 | CHAIRMAN SCHMITT: Opposed? |
| 15 | (No responses.) |
| 16 | CHAIRMAN SCHMITT: Unanimous. |
| 17 | MR. SCHEU: Can I just make a I want to |
| 18 | thank you-all for this. And I think the |
| 19 | community would be well-served, the fund would be |
| 20 | well-served by this. Thank you. |
| 21 | Councilman Hazouri and Rich alluded to this |
| 22 | forensic, whatever it was. It was more like a |
| 23 | mat that you walk on. It's about worth that |
| 24 | much. |
| 25 | I don't think we need a motion, but I think |

1 there might be a spirit of the Board when we ask our councilman liaison to ask the Council to 2 3 really look at time records and everything else 4 as to why they're paying this guy \$85,000. 5 I think we need to say to the Council, the 6 work that was done by that consultant basically 7 was cutting clippings from the newspaper, cutting clippings from the task force board. There was 8 some, I don't want to say that; but it is 9 embarrassing to me as a citizen that the City 10 Council would spend \$85,000 to pay that 11 consultant for that quality of work. 12 And I think that's what you were alluding to 13 and you were alluding to. I think it would be 14 15 appropriate for your finance committee or rules committee or whoever would do it, to really take 16 17 a look and say, you know, was this money well 18 spent? 19 COUNCILMAN HAZOURI: Mr. Chairman. 20 CHAIRMAN SCHMITT: Yes. 21 COUNCILMAN HAZOURI: I think Larry knows when we had that Sunshine meeting at the Board 22 23 Room, Larry was really having to respond to 24 everything because he was by himself. 25 MR. SCHEU: I was there.

COUNCILMAN HAZOURI: You were on the conference call.

And I brought this up to Mr. Gulliford. You know, it was done before I became a councilman. But I did mention to him that I didn't -- and I'm not -- and I wasn't taking sides on the issue because -- I mean, I read what you read and I agree with a lot of what you said. The way it was done; how much of it is truth and fiction? You know, I don't know what's nonfiction or fiction. I don't know, but I'm asking after hearing all this stuff what is and what isn't.

But I think you remember when I said to him, Larry, I said, Why did you-all do this as the sole source? And they said, Well, he was the best one out there. We heard he was the best one out there.

Well, to me, that's still -- I mean, that's not what we're about as public officials. And I get criticized one time for the Sunshine thing. But that's not -- you don't do it intentionally.

But when you have -- and I have the same issue with JTA that I'm liaison with. They're letting out a million-dollar contract and they said, This is the only one that can do this.

Well, how do you know that, you know? 1 And they didn't. They just assumed that no one else 2 3 could do that particular job. Then if that's what Mr. Gulliford and others 4 5 thought, then shame on them because whether they 6 ended up getting that project or not, it should 7 have been out on the streets and it should have -- you should have enumerated what you 8 wanted them to look at. 9 And we called it a forensic --10 MR. SCHEU: Audit. 11 COUNCILMAN HAZOURI: -- audit, and then it 12 changed over to the forensic investigation, 13 because it really wasn't an audit per se. 14 So I will reiterate that again to them, and 15 hopefully one day maybe you can come to the 16 17 council at the beginning of a meeting and address not just to the finance committee, but to 18 the council itself, because I think it needs to 19 be -- because you'll get some demagoguery on it, 20 21 and without rhythm or reason. The same thing about the ten people that 22 23 were out there that Larry -- I called Larry right 24 after we had a rules committee meeting and I 25 said, They said that there are ten more people

applying for this job. 1 Well, Larry hadn't heard anything and he 2 3 didn't know if anybody had heard anything. HR didn't give him anything, but yet one of the 4 5 councilman got it. And that's not the way you do business. 6 7 You know, you-all are the ones that look at it and we expect them to bring those, or however 8 you-all get them, to anybody that's applying, and 9 it shouldn't be one person finding out by calling 10 or however they got it. 11 And I feel -- you know, I feel like I -- I 12 said, I'm not going to defend the Board, but I'm 13 not going to defend us for doing things that 14 aren't really the way they should be done. 15 And when he -- you know, I said that I 16 called Larry. And I said, Larry, do you-all have 17 these things? He said, I don't know anything 18 about it. 19 And for HR not to give them to you -- and, 20 21 of course, they're right on the cusp. But hopefully the second go-round of hiring 22 23 somebody -- you-all were. 24 But for the same reason she didn't end up coming is exactly what you said awhile ago. 25 You

| 1 | know, it just got a little bit too much. And |
|----|---|
| 2 | that's where I hope Beth can kind of open the |
| 3 | doors up and let them see that it's not you're |
| 4 | not walking into Charlotte's Web or something and |
| 5 | being trapped. It's not like that. |
| 6 | And I will share that with them. And this |
| 7 | national search, when you discussed it, I like |
| 8 | how you're going to do that. |
| 9 | CHAIRMAN SCHMITT: I've got on the agenda |
| 10 | here a little bit later talking about the |
| 11 | response to that report. So we can talk about |
| 12 | that more a little bit later. But I want to get |
| 13 | back on track with the current agenda items. |
| 14 | We just passed the motion for hiring the |
| 15 | Interim Executive Director. Relating to that and |
| 16 | to be connected to that is the consulting |
| 17 | agreement with Mr. Keane. |
| 18 | It expires November 30. So I would like to |
| 19 | have a motion and a second to that amendment and |
| 20 | further discussion. |
| 21 | MR. SCHEU: I would like to just suggest |
| 22 | that we look at the rates and amounts, because |
| 23 | he's not going to be performing at the same level |
| 24 | of service. It would be more of a true |
| 25 | consultant. And whatever you negotiate is going |
| | |

| 1 | to be fine, but I do think it's not going to be |
|----|---|
| 2 | as fulsome as it was. And I'll leave that in |
| 3 | your I think we should leave that to your |
| 4 | discretion, but I do think it's going to be a |
| 5 | different role. |
| 6 | CHAIRMAN SCHMITT: Right now I'm looking for |
| 7 | a motion. |
| 8 | MR. SCHEU: I move we authorize you to |
| 9 | negotiate an appropriate consulting agreement |
| 10 | with Mr. Keane and consulting with Beth to see |
| 11 | she's not going to know right away, but she could |
| 12 | be of help to you on that. |
| 13 | MR. GLOVER: Why don't we call it the |
| 14 | Transition Agreement? |
| 15 | MR. SCHEU: Sure. That's great. |
| 16 | MR. GLOVER: And I'll second it. |
| 17 | CHAIRMAN SCHMITT: And in discussion on the |
| 18 | Transition Agreement, what would you-all like to |
| 19 | see as parameters to that? |
| 20 | MR. TUTEN: I think financials are pretty |
| 21 | easy to figure out. |
| 22 | Me, personally, what I would like to see |
| 23 | and this is where John comes in there needs to |
| 24 | be some sort of and this isn't just for Beth, |
| 25 | but for the future director too. |
| | |

I mean, we all know that an audit's due and 1 the budget is due and all that, but there really 2 3 needs to be a visible framework or -- you know, we've had the job duties printed up in the past, 4 5 but I want an official framework form detail of what the duties are for the director. 6 7 You know, John, obviously, you can help us with that. 8 It would help Beth, I think, immensely, you 9 know, This is what has to be done, needs to be 10 done. You know, you delegate, et cetera. 11 Because I think a lot of the confusion comes in 12 as to, you know, what the job duties are expected 13 of this new director. 14 I want the person not to have any confusion 15 as to, This is what your job entails, to the T. 16 17 You know, and hopefully, John, we'll get to work 18 on that because I think that will also help us in the future when we interview with these people, 19 we can give them this list and say, This is what 20 is your job; you're going to be a liaison to the 21 council on occasions, to the media; you're going 22 23 to have to draft ordinances; you're going to have 24 to review state law, federal law. You're not 25 going to be able to hand it off to somebody.

You know, I think that was one of the things 1 with Lynn, who interviewed here, I -- she wasn't 2 3 taken aback, but I think she was probably a little surprised at just how much more work was 4 5 involved here with John's position than it was 6 down in her spot because she came, she had a 7 staff of two, and most of the other stuff was, you know, transitioned out to the city and they 8 handled a lot of the stuff. Whereas for here, 9 it's a lot more involved. 10 And I think it would help Beth to kind of 11 get a feel for, you know, what's going to be 12 expected of her besides just the media relations 13 and the PR stuff and all that good stuff. 14 That's 15 just me. MR. SCHEU: As it relates to the consultant 16 17 of the Board, the transition, rather, I mean, she hasn't had a chance to even think about it. 18 19 Just so you have kind of a sense of the matter, it would be like -- as you step into 20 21 this. And I do think we ought to clap for -- we made an important decision, so I would like to 22 23 say thank you. 24 (Applause) 25 MR. SCHEU: She's going to give us some --

you have a rough idea, I'm sure, of what the need 1 is. 2 3 MS. McCAGUE: Well, it is a rough idea. So 4 thank you for your comments, Mr. Tuten, about 5 what exactly the role and responsibilities are of 6 this position. 7 But it would be very important to have that listing, you know, Okay, what is due this month 8 in terms of the funds' meeting all the legal 9 requirements of the fund? I'm sure you-all have 10 that down and that is the process going on right 11 12 now. But the institutional knowledge that's in 13 John Keane's head, you know, we can't pull out 14 all at once. But he will certainly need to be 15 available because at this point I don't know what 16 I don't know. And I would love to have him 17 available to me and to the fund to answer those 18 19 questions. 20 But I thank you for stepping into the role. We need to look at what needs to be done right 21 now, and communication is a piece of that. 22 But 23 what needs to be done from the legal standpoint and then what do we need to do so we will be 24 25 meeting all the requirements now and what we need

| 1 | to do to start building the fund and building the |
|----|---|
| 2 | confidence in the community. |
| 3 | But if I'm Interim as Interim Director, I |
| 4 | would expect to be at your support to be the |
| 5 | director and to do what needs to be done. |
| б | CHAIRMAN SCHMITT: There is a job |
| 7 | description for the Interim Executive Director. |
| 8 | The application process listed many, many |
| 9 | responsibilities of that position. |
| 10 | I don't like to get to a point where it's |
| 11 | almost like a checklist and then if it's not on |
| 12 | that checklist, they think it's not their |
| 13 | responsibility. |
| 14 | I like to be a little more all encompassing |
| 15 | with that position, saying, You will do what is |
| 16 | necessary as Executive Director to lead the fund |
| 17 | in a manner appropriate for the best interest of |
| 18 | the members. |
| 19 | MR. TUTEN: Well, yeah. I understand what |
| 20 | you're saying. No, I'm not looking for her to |
| 21 | come in every day and sign her name to the |
| 22 | checklist that she accomplished. |
| 23 | I'm looking for the you know, when you |
| 24 | become a fireman, you've got to squirt water, |
| 25 | you've got to raise ladders, you've got to know |
| | |

| 1 | how to use the extinguishers. That's my job |
|----|---|
| 2 | description. That's being a fireman. |
| 3 | That's what the the point I'm trying to |
| 4 | get with John, is that he gives here that part of |
| 5 | the job outside of the, you know, what you're |
| б | talking about, make sure that she understands |
| 7 | that's what needs to be done. This is how I do |
| 8 | it. This is how you may want to do it, that type |
| 9 | of thing. It's not really formal per se, but |
| 10 | it's still vital to the job. |
| 11 | CHAIRMAN SCHMITT: So, again, parameters to |
| 12 | the transition with Mr. Keane. |
| 13 | Do we want to lengthen the number of hours? |
| 14 | Do we want to make it specific on, does he come |
| 15 | to the office? Do we contact him? How do we |
| 16 | want to do that? |
| 17 | MR. SCHEU: I think that's a managerial |
| 18 | issue and leave that in the discretion of the |
| 19 | Interim Executive Director. She could use her |
| 20 | discretion with the chairman and working with |
| 21 | Mr. Keane. |
| 22 | MR. TUTEN: Yeah. I think it's up to Beth. |
| 23 | I mean, I think she'll kind of know she is |
| 24 | obviously going to have to talk to John for |
| 25 | awhile because, I mean, you know, there are some |
| | |

things that need to be done, like we said, before 1 John was supposed to leave, I think, ten times 2 3 aqo now. I'm not sure, you know. We're in the 4 middle of stuff all the time. We're always going 5 to be in the middle of stuff. 6 So she needs to be caught up, et cetera, et 7 cetera, et cetera. So, I mean, if she wants to meet every Tuesday and Thursday, if that's okay 8 with John; if he's Monday, Wednesday, that's -- I 9 let them decide what they want to do. 10 MR. SCHEU: Yeah. Just looking at the 11 agreement right here, we could use this same 12 I mean, he's -- Number 5, he's going to 13 form. have -- performance of the Fidelity bond. 14 He's 15 not going to be doing the same sort of stuff. He shall report to the Board of Trustees. 16 17 I think you've got to insert the Interim 18 Executive Director in there. But he's going to report to her and he'll assist her in issues that 19 she raises. He'll advise her on an as-needed 20 21 basis. And I think you can follow this pretty easily without a whole lot of changes. 22 23 MR. TUTEN: And I want to make the statement, too, that, you know, as far as I'm 24 concerned with Beth, as long as you need John 25

| 1 | around, that's up to you, you know. I don't |
|----|---|
| 2 | expect somebody to come in right away. |
| 3 | Now, I will make the obviously cynical |
| 4 | statement that what's I see the future, a |
| 5 | Times-Union headline: "Why is the Police and |
| 6 | Fire Pension Fund paying for two directors at the |
| 7 | same time?" I can see it coming in the future. |
| 8 | MR. SCHEU: We're not doing that. |
| 9 | MR. TUTEN: But take as long as you need |
| 10 | with him and that's fine by me, you know. |
| 11 | MR. SCHEU: She's got to exercise managerial |
| 12 | judgment, is what she's got to do. |
| 13 | CHAIRMAN SCHMITT: And one important |
| 14 | component of this is whether Mr. Keane would |
| 15 | entertain the idea of continuing on as |
| 16 | consultant. |
| 17 | MR. KEANE: Sure. I want a maximum time of |
| 18 | six months. I've been trying to retire, |
| 19 | regardless of what The Times-Union says, for four |
| 20 | years. And so by setting a maximum of six |
| 21 | months, that's going to force this process to |
| 22 | continue on. |
| 23 | MR. SCHEU: And just so it gets reported |
| 24 | correctly, I want to inform that this is not six |
| 25 | months as an executive director. |
| | |

It's six months as a consultant, as needed, 1 by the interim executive director. There's no 2 3 ifs, ands or buts. We're not hiring two executive directors. We're getting institutional 4 5 knowledge. I want that absolutely clear. 6 MR. KEANE: You can say all that. It will 7 not appear in print that way. MR. TUTEN: I know it's coming. I know it's 8 9 coming. That way -- well, there has to 10 MR. SCHEU: 11 be integrity. I trust the press. I don't always agree with the press. But they've got a job to 12 do, and I trust that they have integrity. And 13 14 that's how they keep their credibility, is being factual and accurate. 15 MR. TUTEN: That's why he's a preacher. 16 17 Seriously, I'm coughing. 18 CHAIRMAN SCHMITT: I'm more concerned and confident that we will get it right, so I just 19 want to make sure. This consulting contract with 20 21 Mr. Keane, the amended contract, is for a maximum of six months, as determined by the interim 22 23 executive director as needed up until six months. 24 MR. SCHEU: Correct. 25 CHAIRMAN SCHMITT: Any further discussion on

1 that? MR. GLOVER: I just say take the appropriate 2 3 time and get it right. If he comes as a result 4 of that, we have to end the position and you have 5 to just get it right. That's all I say. 6 MR. KEANE: We need a motion and a second. 7 MR. SCHEU: So moved. CHAIRMAN SCHMITT: Motion? 8 MR. TUTEN: Motion. You second the motion? 9 MR. SCHEU: I'll second the motion. 10 CHAIRMAN SCHMITT: All in favor? 11 12 (Responses of "aye.") 13 CHAIRMAN SCHMITT: Opposed? 14 (No responses.) 15 CHAIRMAN SCHMITT: Motion passes. Would you like to take a five-minute break? 16 17 MS. MANNING: Larry, before you do that, 18 real quick, we need to -- there were a few 19 changes made to his original contract -- explain what's in effect. So we need to finalize that. 20 21 That goes back to the October meeting. Remember, 22 there was some wording. So we can finish that 23 and move on. 24 CHAIRMAN SCHMITT: Thank you, Debbie. 25 MR. SCHEU: I move that we ratify the

| 1 | contract that currently ends November 30. |
|----|--|
| 2 | CHAIRMAN SCHMITT: So the motion is to |
| 3 | ratify the contract currently in place with |
| 4 | Mr. Keane that currently expires November 30. |
| 5 | That's the motion. |
| 6 | Do we have a second? |
| 7 | MR. TUTEN: Second. |
| 8 | CHAIRMAN SCHMITT: Any discussion? |
| 9 | All in favor? |
| 10 | (Responses of "aye.") |
| 11 | CHAIRMAN SCHMITT: Opposed? |
| 12 | (No responses.) |
| 13 | CHAIRMAN SCHMITT: Motion passes. |
| 14 | Thank you, Debbie. So we will adjourn for |
| 15 | five minutes. |
| 16 | (A break was taken; thereafter, the Board |
| 17 | meeting continued as follows:) |
| 18 | CHAIRMAN SCHMITT: Just want to remind you, |
| 19 | please speak up for the benefit of the court |
| 20 | reporter so she can hear you. |
| 21 | THE REPORTER: Thank you. |
| 22 | CHAIRMAN SCHMITT: Before we get to the next |
| 23 | item on the agenda, I just want to take a second |
| 24 | here to introduce the next board member. He will |
| 25 | be replacing Dr. Herbert. |
| | |

| 1 | Richard Patsy, if you would like to |
|----|---|
| 2 | introduce yourself. |
| 3 | I'm Rick Patsy, and as I said earlier |
| 4 | (inaudible) and if the City Council votes the way |
| 5 | I think they will, then I'll be replacing |
| 6 | Dr. Herbert on the Board sometime the first of |
| 7 | January. |
| 8 | I'm currently the APB for Pensions and |
| 9 | Investments for CSX. I've been there for six and |
| 10 | a half years now. I currently serve on the City |
| 11 | of Jacksonville's Employee Retirement System |
| 12 | Board. |
| 13 | That's been roughing the last 20 years I've |
| 14 | been involved with pensions, mostly on the |
| 15 | investment side. I'm looking forward to it. I |
| 16 | really do. |
| 17 | CHAIRMAN SCHMITT: Thank you. |
| 18 | MR. PATSY: Thank you. |
| 19 | CHAIRMAN SCHMITT: And just a point, |
| 20 | Mr. Scheu will have to be leaving the meeting to |
| 21 | catch a plane. We'll still have a quorum at that |
| 22 | point, but a little after 11, Sheriff Glover will |
| 23 | have to leave and we'll have to switch the |
| 24 | meeting to a workshop. So I'm trying to get to |
| 25 | all the items that we have to vote on before |
| | |

| 1 | then. |
|----|---|
| 2 | MR. KEANE: Mr. Chairman, taking up New |
| 3 | Business, 2015-11-1, that's a motion to hire a |
| 4 | search firm. |
| 5 | As Councilman Hazouri pointed out, they have |
| 6 | one more application they haven't sent over here. |
| 7 | I've asked them to send all applications over |
| 8 | here, send them out to the Board members so you |
| 9 | can look at them. There may be something in |
| 10 | there you can find before we go to this |
| 11 | nationwide search. |
| 12 | CHAIRMAN SCHMITT: And having gone through |
| 13 | this process once already now, it is very, very |
| 14 | time consuming for all the Board members. |
| 15 | I think our time could be better spent |
| 16 | focused on the business of the Board and hire a |
| 17 | search firm to go through those applications and |
| 18 | as well as open up that search nationwide |
| 19 | specifically for individuals with pension |
| 20 | experience. |
| 21 | It's fairly expensive, but we can get it |
| 22 | done in a timely manner. I'm thinking 60 to 90 |
| 23 | days. And, again, would allow us to remain |
| 24 | focused more on the administration of the funds |
| 25 | instead of the personnel issues. |

| 1 | MR. SCHEU: I'll move. |
|----|--|
| 2 | MR. TUTEN: Second. |
| 3 | CHAIRMAN SCHMITT: A motion and second. |
| 4 | Further discussion? |
| 5 | MR. SCHEU: I learned that there's I |
| б | don't have the names written down. I've got them |
| 7 | in my office in North Carolina. There are two |
| 8 | search firms that really are preeminent in this |
| 9 | area. I guess I can send those to you can I |
| 10 | send those to you by email? |
| 11 | MR. GREIVE: Probably send to staff. |
| 12 | MR. TUTEN: Well, we can also with the |
| 13 | ten that are still over there, can we just maybe |
| 14 | give them to the search firm and let them review |
| 15 | their qualifications? If they like them, they |
| 16 | can put them in there. If they don't, then |
| 17 | CHAIRMAN SCHMITT: And it's probably the |
| 18 | same two firms that I'm aware of. |
| 19 | MR. SCHEU: I'll send those to you as soon |
| 20 | as I get back. |
| 21 | CHAIRMAN SCHMITT: Any further discussion? |
| 22 | MR. KEANE: The motion is? |
| 23 | CHAIRMAN SCHMITT: The motion is to hire a |
| 24 | search firm to assist in the search for a new |
| 25 | executive director of the pension fund, by |
| | |

| 1 | Mr. Scheu, seconded by Mr. Tuten. |
|----|--|
| 2 | MR. KEANE: Thank you. |
| 3 | CHAIRMAN SCHMITT: All in favor? |
| 4 | (Responses of "aye.") |
| 5 | CHAIRMAN SCHMITT: Opposed? |
| 6 | (No responses.) |
| 7 | CHAIRMAN SCHMITT: Passes. |
| 8 | The next item on the agenda is the motion to |
| 9 | confirm the five members of the financial |
| 10 | advisory committee. I think there are six names |
| 11 | on that list. |
| 12 | MS. MANNING: There are. |
| 13 | CHAIRMAN SCHMITT: So we will send all six |
| 14 | of those names for confirmation. |
| 15 | Now, I'm trying to remember specifically |
| 16 | what the agreement says regarding the investment |
| 17 | committee. I believe we can have more than five. |
| 18 | MR. KEANE: Five. |
| 19 | MR. SCHEU: Five is it. |
| 20 | CHAIRMAN SCHMITT: Five. Okay. |
| 21 | MR. KEANE: The bottom five attended the |
| 22 | briefing and training that Mr. Klausner had. |
| 23 | Jeffrey was unable to attend. |
| 24 | MR. GREIVE: Mr. Chair, you may want to |
| 25 | reach out to Mr. Bernardo to see if he's |
| | |

| 1 | interested in still being on the advisory |
|----|--|
| 2 | committee. He's since been nominate for |
| 3 | replacing Mr. Patsy at the city (inaudible). |
| 4 | CHAIRMAN SCHMITT: So that may drop us down |
| 5 | to five. |
| 6 | MR. KEANE: As a matter of form, if you do |
| 7 | the bottom five, we can send them on to the City |
| 8 | Council and kick that in. |
| 9 | CHAIRMAN SCHMITT: Do we have a motion to |
| 10 | send these five names to the City Council for |
| 11 | confirmation? |
| 12 | MR. TUTEN: I'll make a motion. |
| 13 | MR. GLOVER: Second. |
| 14 | CHAIRMAN SCHMITT: Further discussion? |
| 15 | (No responses.) |
| 16 | CHAIRMAN SCHMITT: All in favor? |
| 17 | (Responses of "aye.") |
| 18 | CHAIRMAN SCHMITT: Opposed? |
| 19 | (No responses.) |
| 20 | CHAIRMAN SCHMITT: Vote passes. |
| 21 | MR. SCHEU: In paragraph 22 of the agreement |
| 22 | with the city, it says that the Financial |
| 23 | Advisory Investment Committee is five persons |
| 24 | (inaudible). |
| 25 | MR. KEANE: And we just did. |
| | |

| | [|
|----|---|
| 1 | CHAIRMAN SCHMITT: The next item on the |
| 2 | agenda. |
| 3 | MR. KEANE: The resignation letter from |
| 4 | Dr. Herbert. We will show that received as |
| 5 | information, Mr. Chairman, to keep the items |
| 6 | going. |
| 7 | The next item, the Board has already handled |
| 8 | by authorizing me to take that action. |
| 9 | The next item is a News Release that you |
| 10 | issued following your meeting over at the City |
| 11 | Hall. |
| 12 | CHAIRMAN SCHMITT: And I will have a |
| 13 | discussion on this. I know it's for |
| 14 | informational purposes. |
| 15 | These are basically my notes from the |
| 16 | meeting with Councilman Gulliford. And we're |
| 17 | working on a response to each of the items in the |
| 18 | opinion report that was released by Mr. Siedle, |
| 19 | but there are a few points in here I just wanted |
| 20 | to make while we have this in front of us. |
| 21 | One of them we talked about already is the |
| 22 | management of the plan includes not just this |
| 23 | Board, but a fund treasurer, controller, a trust |
| 24 | company, independent auditor, actuary |
| 25 | professional, pension consultant, professional |
| | |

money managers and, of course, attorneys. 1 This is not something that we take lightly. 2 3 It's something that is structured intentionally to have a lot of governance and oversight, and we 4 5 take those responsibilities very seriously. 6 I handed out three documents when I met with 7 Mr. Gulliford, and just to go over a few of them 8 very quickly. The first one is a graph, and it's just a 9 visual to show just kind of from a common sense 10 perspective, if you have a payroll at one level, 11 and in this case, almost, you know, over \$70 12 million and rising year after year, and you only 13 contribute a small portion, \$10 million, year 14 after year to a pension plan, common sense will 15 tell you in 20 to 25 years, you are not going to 16 17 have enough money in that pension plan to fund those retirees. 18 That's really the bottom line in all of 19 this, and it relates to the condition of the 20 21 unfunded liability is the level of funding does not -- did not and has not made any sense 22 23 compared to the total payroll. 24 No matter how you slice it, no matter how 25 much you think investments enter into it, you

cannot cover that gap between what payroll is and the amount that is going into a pension plan -over an extended period of time you cannot fund that gap with pension returns, investments returns, when the salaries are at the level. It's just not possible.

11

On then the next two are just a summary of that, and I think I'll point out on that, again, we look at the city contribution is a percentage of payroll. We're going back to go 1990, and this is for the last 25 years.

Historically, up until about 2000, it's been 12 below or capped at about 20 percent of payroll. 13 And, again, just from a basic financial 14 perspective, when you're funding a pension fund, 15 only putting in 20 percent of what the employees 16 17 are earning is not enough to sustain a pension fund. It's just basic economics. 18 It's impossible. 19

And now we're seeing the effects of that. And to coincide with that, starting in 1995 and 13 years in a row, the mileage rate was lowered, and they want to argue that there's no correlation. I don't understand how they can't see the correlation when you continue to lower

| 1 | the amount of revenues that come in and then |
|----|---|
| 2 | continue to lower the funding that you pay into a |
| 3 | pension plan. |
| 4 | It's directly related. And it's a direct |
| 5 | correlation. And it's pretty easy to see. Year |
| 6 | after year, as the mileage rate continues to |
| 7 | decrease, and the unfunded liability of this |
| 8 | pension plan continues to be increased. |
| 9 | COUNCILMAN HAZOURI: I just want you to know |
| 10 | before I leave here that in 1991, we were 102 |
| 11 | percent funded. |
| 12 | CHAIRMAN SCHMITT: I was going to point that |
| 13 | out. |
| 14 | COUNCILMAN HAZOURI: That's when it was |
| 15 | considered totally funded as well. |
| 16 | Ed Austin and I |
| 17 | MR. SCHEU: Did you know the mayor then? |
| 18 | COUNCILMAN HAZOURI: He was a fine mayor. |
| 19 | MR. TUTEN: Yeah. It must have nice to have |
| 20 | a lot of retires not making much of a pension |
| 21 | back then. |
| 22 | COUNCILMAN HAZOURI: We hired 300 new police |
| 23 | officers too on top of that. |
| 24 | MR. TUTEN: They couldn't afford to leave, |
| 25 | but thanks, Mayor. |
| | |

CHAIRMAN SCHMITT: And you can see the investment returns on there. And if you make any comparisons to other pension plans, the returns of this pension fund are usually in the upper at least half, if not the upper percentile in pension fund returns.

Combine that with the assumption rate that was used for many of those years, finally going down to 7 percent in 2013, having that higher assumption rate all those years only masked the true unfunded liability during all those years.

Now, dropping it down to 7 percent, which is more along the lines of where it should be, creates a more true look at what the actual unfunded liability is. And those are the things I wanted to point out on that.

17 MR. SCHEU: On the return rate, John may 18 know the answer to this. If you look at 2012, 19 2013, 2014, the PFPF investments rate, 18 of the (inaudible), does that -- is that what the 20 so-called forensic consultant -- did he -- he 21 didn't quote those numbers, did he? 22 23 MR. HOLMES: No. 24 MR. KEANE: No. 25 MR. SCHEU: So where did he drag his numbers

| 1 | out of, magic? |
|----|---|
| 2 | Because our actual returns were 18 |
| 3 | 1/4 (inaudible) 10.73. |
| 4 | So he didn't call you, did he? |
| 5 | MR. HOLMES: He did. And I gave him the |
| 6 | second quarterly report which showed the plan in |
| 7 | the top third, the top 15 percentile. |
| 8 | What he tried to do was or what was shown |
| 9 | was performance for different pieces that were |
| 10 | underperforming over discrete time periods. |
| 11 | MR. SCHEU: Thank you. |
| 12 | CHAIRMAN SCHMITT: Any other comments on |
| 13 | that? I just want to show that for information |
| 14 | purposes. |
| 15 | MR. KEANE: Mr. Chairman, since we're going |
| 16 | to lose the quorum shortly, there are three items |
| 17 | that need to be voted on. |
| 18 | Down under Investment Reports starting with |
| 19 | 2015-11-12, the Addition to the Investment Policy |
| 20 | Statement. |
| 21 | CHAIRMAN SCHMITT: We'll take that one up |
| 22 | next. |
| 23 | MR. KEANE: Dan. |
| 24 | MR. HOLMES: The Investment Policy |
| 25 | Statement. I was asked by the chairman and by |
| | |

John to make an amendment to the Investment Policy Statement regarding review of fees and aggregating fees across the investment managers common to both the city's plan and the police and fire plan under the possibility of doing that in conjunction with amending the investment policy to reflect the new ordinance.

The whole investment policy is a fairly massive document. And so I don't have the final product. Next month I'll have a redline version for you.

But as I mentioned before, the language is stating basically that this Board will conduct an annual review of fees. Part of that annual review of fees will be an opinion regarding the unreasonableness of the fees and also providing perspective so you get an idea about whether they are reasonable and what others pay in that area.

And, finally, a statement that says that the Board will make every effort to aggregate the assets of both plans where managers are common and get a lower break point; therefore, a lower fee for both plans.

24 Speaking of the audit, that was something 25 that was mentioned that we had started doing last

| 1 | year. And more recently Joey and I have been |
|----|---|
| 2 | working on further reducing fees with a couple of |
| 3 | the managers. Because of consolidation of the |
| 4 | city's plan, that gives benefits to this plan as |
| 5 | well. |
| 6 | CHAIRMAN SCHMITT: And just for |
| 7 | clarification, this is not something new that |
| 8 | we're doing. We just documenting now and making |
| 9 | it officially part of the policy? |
| 10 | MR. HOLMES: Exactly. |
| 11 | MR. TUTEN: Dan, can I ask a question? |
| 12 | CHAIRMAN SCHMITT: Go ahead. |
| 13 | MR. TUTEN: One of the many accusations from |
| 14 | this audit sorry, investigation was the |
| 15 | fact that we paid too much in fees. |
| 16 | Is there a way as a consultant that you can |
| 17 | compare the fees that we pay to other pension |
| 18 | plans around the country as an average? You |
| 19 | don't need to get specific, every fund or every |
| 20 | investment, but or just to make a comment now |
| 21 | as far as, in relative terms, we do pay more than |
| 22 | other pension plans pay as far as investment |
| 23 | management fees go? |
| 24 | MR. HOLMES: I can't make that statement, |
| 25 | and here's the reason why. |
| | |

Depending on asset size, you may pay higher 1 or lower compared to other plans. And then in 2 3 addition to that -- well, I can tell you that you 4 pay lower than what the managers normally charge 5 because we've negotiated the fees down. The fee -- the list of fees compared to the 6 7 universe average is of -- you can call it the rack rate, but basically the manager's stated 8 fees are significantly lower than those -- than 9 the universal stated fees. 10 And what we're done is we've looked at fees 11 in conjunction with the manager's style. So we 12 adjust for style and we adjust for account size 13 and we adjust for the type of investment vehicle, 14 15 whether it be a separate account, a mutual fund or -- something along those lines. 16 And so all but maybe one or two of the 17 18 managers are about top quartile in terms of 19 With regard to one existing database, managers. that is accurate. Showing what stated fees are, 20 21 I don't know of any such one. What was cited in the audit was something 22 23 from 2004, but there was no information there

showing how that information was applied. So I don't know the origin of the estimate about

24

1 overpayment for fees. MR. TUTEN: Correct. Just curious. 2 3 MR. KEANE: Mr. Chairman, that information 4 Mr. Holmes gave to Ted Siedle and told them, This 5 is the published fee; there is how much they say 6 they're going to charge; this is how much we're 7 paying because we were already getting those discounts, and he went off and said something 8 else. We did that study for him. 9 CHAIRMAN SCHMITT: And that will be part of 10 the response, the office's response. 11 MR. GREIVE: Mr. Chairman, if I may, while 12 we're on the topic of fees, just yesterday the 13 city retirement system, we adopted two --14 Pinnacle and Brown, both of whom you share in 15 common with us. 16 The few weeks ago I had passed along to 17 staff for discussion with your law firm to do the 18 same for this month. I don't know if it made the 19 20 agenda here today, but if not, the December 21 meeting will be fine. 22 But we negotiated the -- because we're 23 consolidating assets of the city, adding more 24 money to them; and as you'll see later, we 25 suggested doing the same here with the money that

| 1 | the city will be sending you in a few weeks for |
|----|---|
| 2 | the contribution for the year just have become |
| 3 | successful, but Dan will talk more about that. |
| 4 | MR. HOLMES: The specific language that will |
| 5 | be included is as follows: |
| 6 | "The Board shall review investment |
| 7 | management fees on an annual basis. As part of |
| 8 | such fee review, the investment consultant shall |
| 9 | provide perspective and opinion as to the |
| 10 | reasonableness of such fees. Where investment |
| 11 | managers are retained by both the City of |
| 12 | Jacksonville Police and Fire Pension Plan and the |
| 13 | City of Jacksonville Retirement System, the Board |
| 14 | shall make every effort to aggregate assets |
| 15 | between the two for purposes of fee calculation." |
| 16 | MR. KEANE: That's the motion. |
| 17 | MR. SCHEU: I'll move unless you already |
| 18 | did. |
| 19 | CHAIRMAN SCHMITT: I have a notion. |
| 20 | MR. TUTEN: I'll second it. |
| 21 | MR. SCHEU: And with the caveat that this is |
| 22 | something we're looking at already. You're |
| 23 | already looking at the fees. This is just the |
| 24 | document clarify it formally. |
| 25 | CHAIRMAN SCHMITT: Any further discussion? |
| | |

All in favor? 1 (Responses of "aye.") 2 3 CHAIRMAN SCHMITT: Opposed? 4 (No responses.) 5 CHAIRMAN SCHMITT: Passes. 6 MR. KEANE: We have this other 7 recommendation. Do you have that ready or do you want to wait till we get to the big report? 8 MR. HOLMES: I'll wait until we get to the 9 10 big report. The last item that's going to 11 MR. KEANE: require a vote, then, is the Renewal Professional 12 Service agreement for Dr. Scott Baker. 13 All the -- the majority of our professional 14 contracts are from October 1 through September 15 16 30, two years later. Three are not: The attorney, the actuarial, and the medical 17 18 director. They are January. We don't know how 19 they ever got out of sync, but we're going to get them back in sync with this. 20 CHAIRMAN SCHMITT: And Dr. Baker does the 21 assessments for those applying for disability. 22 MR. KEANE: As well as all the new 23 24 applicants. 25 MR. SCHEU: There's no change, no economic

| 1 | change? |
|----|---|
| 2 | MR. KEANE: Economic terms are the same. |
| 3 | MR. SCHEU: I'll make a motion. |
| 4 | MR. TUTEN: Second. |
| 5 | CHAIRMAN SCHMITT: Any further discussion? |
| 6 | (No response.) |
| 7 | CHAIRMAN SCHMITT: All in favor? |
| 8 | (Responses of "aye.") |
| 9 | CHAIRMAN SCHMITT: Opposed? |
| 10 | (No responses.) |
| 11 | CHAIRMAN SCHMITT: Passes. |
| 12 | MR. KEANE: Mr. Chairman, that's the only |
| 13 | thing that's going to take a vote. |
| 14 | MR. HOLMES: Before we lose the quorum, |
| 15 | we've got a recommendation. |
| 16 | MR. KEANE: Okay. |
| 17 | MR. HOLMES: So in December, beginning in |
| 18 | December, the city is going to contribute \$153 |
| 19 | million to the system. |
| 20 | We're proposing that that by we, I'm |
| 21 | talking about Joey and myself. We've looked at |
| 22 | this. And we're proposing that that 153 million |
| 23 | be contributed to the following managers: |
| 24 | In large-cap value equity, Eagle. It's |
| 25 | \$22.5 million. Obviously there's more you |
| | |

| 1 | know, more dollars behind it, but I'll give John |
|----|--|
| 2 | the schedule. |
| 3 | Brown Investment Advisory, \$14.4 million. |
| 4 | Pinnacle, \$15.1 million. So that's \$52 million |
| 5 | in equity. In international equity, \$17 million |
| 6 | to the International Equity Index Fund. |
| 7 | And then in Fixed Income, an additional |
| 8 | \$29.8 million that goes to the fixed income index |
| 9 | point. |
| 10 | That's a parking spot for further manager |
| 11 | recommendations that we are in the process of |
| 12 | making. And I'll give do you need specific |
| 13 | numbers for motions. |
| 14 | MR. KEANE: No, that's good enough. |
| 15 | This is going to happen when we get the |
| 16 | city's check here in a couple weeks. So we're |
| 17 | bringing this to you so that when we get the |
| 18 | money, it can immediately be disbursed. |
| 19 | CHAIRMAN SCHMITT: Do we have a motion? |
| 20 | MR. SCHEU: I'll move it. I have a |
| 21 | question, though. |
| 22 | CHAIRMAN SCHMITT: Go ahead. |
| 23 | MR. SCHEU: And this falls within the |
| 24 | allocation parameters of our policy? |
| 25 | MR. HOLMES: It does. |
| | |

| 1 | CHAIRMAN SCHMITT: We have a motion. Do we |
|----|---|
| 2 | have a second? |
| 3 | MR. TUTEN: Second. |
| 4 | CHAIRMAN SCHMITT: Just to expand on that |
| 5 | just a little bit, the investment parameters and |
| 6 | the allocation percentages are bordered some |
| 7 | of the facets are included in how to invest these |
| 8 | funds; also based on the amount of risk that we |
| 9 | want to take within those categories, I assume? |
| 10 | MR. HOLMES: It's the allocation is |
| 11 | within the permissible ranges around the target |
| 12 | asset allocation as being spread between both |
| 13 | stocks and bonds. It's being spread between both |
| 14 | U.S. and International Equities. |
| 15 | And so it's being more diversified. It's |
| 16 | basically along the lines of asset allocation |
| 17 | being your investment plan. |
| 18 | MR. SCHEU: And I think I heard you say that |
| 19 | the international was going to go into an index. |
| 20 | MR. HOLMES: The index. |
| 21 | MR. SCHEU: So that's passively managed, so |
| 22 | that fee should be lower? |
| 23 | MR. HOLMES: Yes, exactly. |
| 24 | MR. SCHEU: And the general fund is doing |
| 25 | the same? |

MR. GREIVE: 1 Yes. CHAIRMAN SCHMITT: And we have about 24, 25 2 3 percent in index funds? 4 MR. HOLMES: It's about, oh, approximately 5 20 percent the last time I checked. 6 CHAIRMAN SCHMITT: Any further discussions 7 on that? 8 (No responses.) CHAIRMAN SCHMITT: All in favor? 9 (Responses of "aye.") 10 CHAIRMAN SCHMITT: Opposed? 11 (No responses.) 12 Passes. 13 CHAIRMAN SCHMITT: MR. GREIVE: Mr. Chair, if I could elaborate 14 for a moment. 15 16 You know, as Dan and I were thinking about 17 where to allocate the money, you know, we're operating with a couple of minor handcuffs in 18 that within fixed income, within bonds, where the 19 \$29.8 million is being allocated to the index 20 21 account, I think in an unconstrained world, we 22 probably would have allocated with something 23 more -- more high-yield, global bond exposure. We don't have that tool in the tool kit 24 25 right now (inaudible) for over a year. I've

supported that discussion.

1

2

3

4

5

6

7

8

9

23

24

25

Within real estate, we would have made a bigger allocation, we would have made an allocation in real estate as part of this \$57 million had we had the tool.

But right now the Board is operating with the constriction that Principal is not taking any money. JP Morgan is not taking any money. And you don't have any other options.

10 So as you think about what's next on the 11 portfolio on the investment side, you may want to 12 give some thought to adding a noncore 13 valued-added type real estate shop so that when 14 you have these types of events going forward, you 15 have an extra tool in the tool kit to allocate 16 money to. That's on the real estate side.

And on the fixed income side, you should give some consideration to global credit, high-yield stuff. Not that you want to have a big exposure on any of that by any means, but having some, just having that tool in the tool kit would be good. That's just my two cents.

MR. SCHEU: Dan, if the Federal Reserve does start increasing the interest, that would tend to have a down-bearing on the value of the funds,

1 the bonds. MR. HOLMES: Correct. 2 3 MR. SCHEU: So has that already been put 4 into play in the market? 5 MR. HOLMES: I think a lot of that -- yeah. I think a lot of that has been discounted in the 6 7 market already. I think there will be -- or we, our firm, thinks there will be a near-term bump. 8 I don't think it's going to be -- we don't think 9 it's going to be as big as everybody fears it 10 will be. And, you know, longer term, like I 11 said, it's already priced in. 12 I think there's also going to be a series of 13 (inaudible) over the next couple of years. 14 MR. GREIVE: And then just going back to my 15 16 point, to answer your question. As interest rates rise, it impacts 17 18 government bonds more negative than it impacts 19 corporate-type bonds. So that's one of the 20 theories that I have, is that things that have 21 historically been deemed safe, government bonds. 22 The first step would be, you know, the 23 environment facing us the next five to ten years, 24 as we think about our fixed income portfolio, you may want to try to reduce government bonds 25

| 1 | exposure. You don't have to go high yield, but |
|----|--|
| 2 | more corporate-type bonds. |
| 3 | COUNCILMAN HAZOURI: Thank you. |
| 4 | Happy Thanksgiving to everybody. |
| 5 | (Councilman Hazouri leaves the Board |
| 6 | meeting.) |
| 7 | MR. KEANE: And then the public records |
| 8 | update, Mr. Chairman. |
| 9 | CHAIRMAN SCHMITT: All right. On the agenda |
| 10 | is 2015-11-8. There was a question presented to |
| 11 | the Board regarding fees paid to the Klausner Law |
| 12 | Firm. |
| 13 | One in particular was an email that was sent |
| 14 | to former Chairman Bussells in reference to |
| 15 | discounting the month of I believe it was |
| 16 | April 2014. They discounted that, sent \$5,000, |
| 17 | but it was actually in excess of \$5,000, and they |
| 18 | also said they would discount an additional |
| 19 | \$20,000. |
| 20 | That discount did not show up on any of the |
| 21 | invoices because Mr. Klausner actually sent a |
| 22 | check for \$20,000 in May of 2014. That check |
| 23 | was, in fact, deposited and I have a copy of it, |
| 24 | if anybody would like it, showing the funds |
| 25 | actually coming into the Police and Fire Pension |
| | |

| 1 | Fund account for the full \$20,000 discount. |
|----|---|
| 2 | I just want to present that as informational |
| 3 | purposes, clear up any questions on the |
| 4 | discounted \$20,000 legal fee invoice. |
| 5 | MR. KEANE: We will show that received as |
| б | information, Mr. Chairman. |
| 7 | CHAIRMAN SCHMITT: The next item has to do |
| 8 | with frequent flyer mileage; again, another point |
| 9 | that was brought to the Board. |
| 10 | The policy regarding employees using their |
| 11 | own credit card to purchase airline tickets for |
| 12 | business travel, fund travel. |
| 13 | The Board currently does not have a policy |
| 14 | in place and, therefore, there is no policy |
| 15 | violated. |
| 16 | I asked Devin to check into this a little |
| 17 | bit, and what he found was that the city also |
| 18 | does not have a policy preventing city employees |
| 19 | who purchase airline tickets on their personal |
| 20 | credit card that are traveling on city business |
| 21 | to use the frequent flyer miles that are earned |
| 22 | for those flight purchases. |
| 23 | So he also checked with the State of |
| 24 | Florida. And I'm not sure Devin, which entity |
| 25 | within the state had this policy? |
| | |

The governor's office, Code of 1 MR. CARTER: Ethics. 2 3 CHAIRMAN SCHMITT: Under the -- there's a 4 Code of Ethics under the governor's office. 5 Their policy is on, "The frequent flyer miles earned through 6 7 state business travel, employees may sometimes be required to travel on state business, require 8 them to spend evenings and weekends away from 9 their homes and family, the per diem -- reimburse 10 employees out-of-pocket flyer expenses. 11 "As a matter of general policy, any frequent 12 flyer miles, bonus miles, awarded to an employee 13 as a result of state-reimbursed travel, may be 14 15 used for personal use by the employee." So that's one of the options for policy. 16 In 17 a draft here -- I don't expect us to vote on this this month -- but I wanted to present this 18 19 information for you-all to review, and we can vote on it next month if we want to actually 20 21 implement a specific policy related to frequent flyer miles on the purchase of airline tickets 22 23 with a personal credit card for business travel. 24 MR. SCHEU: I also asked the General 25 Counsel's Office to look into this. They

| 1 | couldn't find anything in any department, and |
|----|---|
| 2 | they looked. And so there really is no policy. |
| 3 | In the City Finance Department where Steve |
| 4 | Durden thought that would be addressed, they |
| 5 | didn't have anything. |
| 6 | So I think seeing what the state does is |
| 7 | helpful, but I think this is good to bring this |
| 8 | to us. |
| 9 | MR. KEANE: This is our current policy that |
| 10 | you have here, and what we're going to present to |
| 11 | you next month is take the words from the |
| 12 | governor's office and move them over there so |
| 13 | that you can see that. |
| 14 | CHAIRMAN SCHMITT: My intention for bringing |
| 15 | it this month is to give you-all a chance to |
| 16 | review it. |
| 17 | MR. TUTEN: Well, you know, I mean, you |
| 18 | can't monatize frequent flier miles. That's the |
| 19 | whole thing. I mean, the truth of the matter is, |
| 20 | it's not going to apply to the Board. It's going |
| 21 | to apply to the director. |
| 22 | Well, that's, in my opinion, a perk to |
| 23 | attract, hopefully, someone this time around and |
| 24 | say, Look, you know, if you do travel, you know, |
| 25 | it's not a lot, but it's something. |
| | |

| 1 | But at least they know that if there is |
|----|--|
| 2 | scrutiny, this is what the law is, this is what |
| 3 | our plan is, and then that will be the end of |
| 4 | that. |
| 5 | MR. SCHEU: And it's just not unusual in any |
| 6 | other place. |
| 7 | MR. TUTEN: No, it's not. Of course not. |
| 8 | MR. DARAGJATI: Mr. Chairman, just for the |
| 9 | record, we looked into this and the IRS has |
| 10 | actually looked at this issue and it's not |
| 11 | considered principal income. It's not income for |
| 12 | the flyer miles. |
| 13 | CHAIRMAN SCHMITT: Okay. Copies of those |
| 14 | are available for anybody who would like them. |
| 15 | Please let the record show that Trustee |
| 16 | Scheu has to leave the meeting and catch a |
| 17 | flight. We thank you for your attendance. |
| 18 | MR. KEANE: Safe travels. |
| 19 | MR. SCHEU: Thank you. |
| 20 | MR. KEANE: Happy Thanksgiving. |
| 21 | (Mr. Scheu leaves the Board meeting.) |
| 22 | CHAIRMAN SCHMITT: We have the |
| 23 | Administrative Reports, the next item is the |
| 24 | budget, 2014-11-1. Should be 2015-11-1. 2014 is |
| 25 | last year's. |
| | |

| 1 | MR. CARTER: Yes, that's last year's. |
|----|--|
| 2 | Pretty much I presented this report because |
| 3 | I didn't have one at the last meeting because we |
| 4 | were currently in the middle of audit. |
| 5 | And this is based on the year-end results. |
| 6 | I put some notes out beside a quarterly meeting, |
| 7 | two meetings that pretty much caught our |
| 8 | attention. |
| 9 | For example, Number 1 (inaudible) was over |
| 10 | budget based on the DROP engagement that we have |
| 11 | performed. |
| 12 | 2: Pretty much was for the (inaudible) |
| 13 | hired for medical. |
| 14 | 3 was for ITT development upgrades |
| 15 | (inaudible) for pension reform, and which we're |
| 16 | still currently working on. |
| 17 | And 4 was for the lawsuit settlement. |
| 18 | And for the money manager fees, pretty much |
| 19 | we're on the budget by at least a million, but I |
| 20 | won't have that actual figure probably until the |
| 21 | next meeting. And what I plan on doing is |
| 22 | presenting the schedule showing what was the |
| 23 | actual for the fiscal year. |
| 24 | CHAIRMAN SCHMITT: We'll show both of those |
| 25 | for informational purposes. |
| | |

| 1 | Anybody have any comments for discussion? |
|----|---|
| 2 | (No responses.) |
| 3 | CHAIRMAN SCHMITT: We'll move on to the next |
| 4 | item, which is the Summit Flash Report. |
| 5 | MR. HOLMES: Okay. The performance in |
| 6 | October for both the market and the plan was |
| 7 | significantly better, both from an economic |
| 8 | standpoint as well as the capital markets |
| 9 | standpoint. |
| 10 | So briefly giving you the economic |
| 11 | background, what we saw were positive events in |
| 12 | both payroll numbers, wage gains and financial |
| 13 | performance. |
| 14 | So first of all, more jobs were created than |
| 15 | expected during the course of the month. As a |
| 16 | result, the unemployment rate now has dropped to |
| 17 | 5 percent, which is the lowest level since April |
| 18 | of 2008. |
| 19 | In addition to that, one thing that we have |
| 20 | not seen in quite some time is wage growth. And |
| 21 | so for the 12 months ending in October, the |
| 22 | hourly earnings grew by 2 1/2 percent, which is |
| 23 | getting up towards the Feds' target. |
| 24 | In addition to that, we saw the GDP number |
| 25 | come in at 1.5 percent annualized rate during the |
| | |

third quarter. It's positive. It's on the backs 1 of a 3.8 percent GPD number for the second 2 3 quarter. 4 So as a result, it's now giving the Fed 5 reason to raise rates at the December meeting. 6 And so that's what the market's anticipating with 7 about 70 percent of participants in the survey saying they think they'll raise -- the Fed will 8 raise in December. 9 So you put all that together, you also put 10 together basically no change of interest rates, 11 so what we saw in October were basically flat 12 returns for bonds and stronger returns in stocks, 13 especially international stocks, given the fact 14 that the Chinese market had a recovery during 15 16 October. 17 So the same way that August and September were risk-off periods, October as very much of a 18 risk-on period. 19 20 The S&P was up almost 8 percent, 7.6 21 percent -- I'm sorry. 8.4 percent. I was on the wrong line. 22 23 S&P was up 8.4 percent for the month. 24 Small-cap stocks up over 5 percent. EAFE up

almost 8 percent. Merging markets up almost 10

25

| 1 | percent. And then, finally, MLPs were up as |
|----|---|
| 2 | well, almost 10 percent as well. |
| 3 | So the bottom line is it will reverse a lot |
| 4 | of the setbacks that we saw in early parts of the |
| 5 | quarter, or at least starting to reverse that. |
| 6 | For the system, for the plan, you see the |
| 7 | Flash Report before you. For the month of |
| 8 | October, the plan was up 5.3 percent on a rounded |
| 9 | basis. That's on a gross-of-fees basis. |
| 10 | Calendar year-to-date is off 18 basis |
| 11 | points, a little bit below the benchmark. On a |
| 12 | net basis, it's off 49 basis points, calendar |
| 13 | year-to-date. |
| 14 | And for the trailing one-year period, the |
| 15 | plan is up 63 basis points, whereas on a net |
| 16 | basis, it's up about 30 basis points. |
| 17 | Longer-term returns continue to be competitive. |
| 18 | In terms of some of the big turn-arounds |
| 19 | since the last quarter, at least September, MLPs, |
| 20 | as we mentioned before, were up 9.8 percent. |
| 21 | That was just for the index. |
| 22 | For your MLP managers, they were up 9.4 and |
| 23 | 10.2 percent respectively. So a good turn-around |
| 24 | there for their performance during the course of |
| 25 | the month. Real estate was also positive. |
| | |

So basically what you had in the quarter, you had real estate being up the most out of all the asset classes, and you had bonds up between 3 and 4 percent. And then you had bonds up a little over 1 percent. Everything else was negative. Both domestic and international equity indices were negative.

So you see the reversal here. Your total equity portfolio during the course of the month was up 7.7 percent. The international portfolio, again, was up 7.7 percent.

Fixed income was up about 9 basis points. And then real estate -- that's a preliminary number because not all the managers have priced the portfolio. A couple of the managers only price on a quarterly basis as opposed to a monthly basis.

So that return represents Pinnacle -- I'm
sorry, Principal more than anything else. Then
finally the MLPs.

In terms of individual managers, the comeback of Brown slowed down a little bit. They underperformed the benchmark during the last month and three months. But as we had mentioned before over the last year, the markets turned,

assets have moved back into sustainable growth 1 companies, and you see that Brown's performance 2 3 has picked up accordingly. 4 They still have more to go to be positive to 5 the index since inception, but we think they're well on their way. 6 7 In addition to that, Pinnacle had a tough quarter. Their return turn-around during the 8 course of the month, they were up over 10 percent 9 for the month as well. 10 Finally with regard to manager turn-arounds, 11 Baillie Gifford also was a manager that had 12 underperformed their benchmark during the course 13 of the quarter and then had a low negative return 14 15 during the course of the quarter. That was primarily attributed to the fact that 15 percent 16 of the portfolio was invested in China, Chinese 17 stocks. 18 19 That turned around and you can see that they were up 9.7 percent during October. And so 20 21 calendar year-to-date, they are still behind, but since September, they are in front of their 22 23 index. The bottom line is that they will move in and out of favor. And then we also had the 24 extremely volatile period over the past, say, mid 25

| 1 | year through October. So we expect some of that |
|----|---|
| 2 | volatility to continue. |
| 3 | Any questions with regard to managers or |
| 4 | performance? |
| 5 | CHAIRMAN SCHMITT: What about Sawgrass? |
| 6 | MR. HOLMES: Sawgrass. They are a quality |
| 7 | growth manager. Sustainable growth is rotating. |
| 8 | They're behind their benchmark for the last 12 |
| 9 | months and since inception. We still think that |
| 10 | they're a quality manager. They still continue |
| 11 | to be in our top tier, but recent performance has |
| 12 | pulled them down. |
| 13 | And it hasn't been that they've |
| 14 | underperformed during the entire period. They |
| 15 | just have had a bad 12 months and it's pulled |
| 16 | their longer-term periods down. |
| 17 | Joey and I are both looking at the portfolio |
| 18 | towards possible consolidation, just to |
| 19 | streamline the manager lineup and also look for |
| 20 | possibilities to reduce fees the same say we did |
| 21 | at the city's plan. And so we're looking at |
| 22 | GAMCO along those lines and possibly Sawgrass or |
| 23 | Brown. |
| 24 | CHAIRMAN SCHMITT: Any other comments? |
| 25 | MR. KEANE: Received as information. |
| | |

| 1 | CHAIRMAN SCHMITT: Received as information. |
|----|---|
| 2 | MR. TUTEN: Dan, how much longer do you |
| 3 | think it will be until you're done with the |
| 4 | investment plan summary? |
| 5 | MR. HOLMES: I'll have it for December. And |
| 6 | depending on I'm not currently scheduled to be |
| 7 | here for December, but |
| 8 | CHAIRMAN SCHMITT: So, Dan, if I could |
| 9 | interrupt for just one second. We're going to |
| 10 | have to switch for a workshop because we just |
| 11 | lost the quorum. Sheriff Glover has to leave the |
| 12 | meeting. So we will end this meeting. We'll |
| 13 | show it adjourned at 11:09 and readjourn as a |
| 14 | workshop. |
| 15 | (Mr. Glover leaves the Board meeting.) |
| 16 | CHAIRMAN SCHMITT: Go ahead. |
| 17 | MR. HOLMES: Okay. Thanks. |
| 18 | The third or the yeah. The third |
| 19 | Thursday of December I'm going to be at a meeting |
| 20 | down the Gainesville. So depending on the |
| 21 | meeting in December for your Board, I possibly |
| 22 | can come up later that day if the meeting is on |
| 23 | Friday and take care of a lot of this in person. |
| 24 | MR. TUTEN: John can try to work out the |
| 25 | details of that meeting. |
| | |

MS. MANNING: We're already scheduled for 1 the 17th, but in the morning and he can't do it 2 3 then. So we need to be -- then we've got the 4 holiday. Friday is the 18th. If you want to 5 make it the next day. MR. TUTEN: That's fine with me. 6 7 MR. GREIVE: It's a Friday, what we're used 8 to. MR. KEANE: You're going to be in 9 Gainesville Thursday morning? 10 MR. HOLMES: Yeah. And then I'll drive up 11 Thursday afternoon. I mean, if your meeting was 12 Thursday afternoon, I can drive from Gainesville 13 up here for Thursday afternoon or I can stay over 14 and do it Friday morning. Whatever works for 15 16 your schedule. CHAIRMAN SCHMITT: Well, are we needing a 17 18 workshop to go through this or do we need it as 19 part of the actual meeting? 20 MR. HOLMES: It would be to adopt the --21 well, I'm going to give you a redline version of the investment policy. 22 23 CHAIRMAN SCHMITT: Okay. MR. HOLMES: If there are questions, I would 24 25 like to be here to answer the questions for

| 1 | points of clarification or explanation. It's |
|----|---|
| 2 | hard to do that over the phone, and I would |
| 3 | rather not send one of my assistants to do it. |
| 4 | I'd rather be here in person so that we get it |
| 5 | done. |
| 6 | CHAIRMAN SCHMITT: Can we do it during the |
| 7 | meeting on Friday, the 18th? |
| 8 | MR. KEANE: Right. And then once approved, |
| 9 | then you can vote on it and he goes back and |
| 10 | formalizes it. |
| 11 | CHAIRMAN SCHMITT: But if possible, I would |
| 12 | like to get that out to the trustees ahead of |
| 13 | time so we can review it and have our questions |
| 14 | ready. |
| 15 | MR. HOLMES: Exactly. |
| 16 | MS. MANNING: So 9:00 on the 18th? |
| 17 | CHAIRMAN SCHMITT: Yes. 9:00 on Friday, |
| 18 | December 18th. |
| 19 | MR. HOLMES: And I won't keep you because I |
| 20 | have to get back for our Christmas party that |
| 21 | night. |
| 22 | CHAIRMAN SCHMITT: Okay. Any other comments |
| 23 | on the Summit Flash Report? Has that already |
| 24 | posted on the website? |
| 25 | MS. MANNING: (Nods head.) |
| | |

CHAIRMAN SCHMITT: It's already on the 1 website. 2 3 The last item I show on the agenda is the 4 Records Retention project. Any update on that? 5 MS. MANNING: Well, we met with another We have an estimate. We have a cost from 6 firm. 7 them, and I gave you the brochure so we can kind of look it over and we can have another meeting 8 with them if need be. 9 CHAIRMAN SCHMITT: Again, for clarification 10 on the record, these are not the financial 11 records of the fund. These are not the member 12 records. The financial information is all in the 13 14 accounting system that -- it's actually the 15 city's accounting system. The financial reporting systems, all of those records are 16 electronic. 17 These records are copies of various reports 18 and pieces of information that have been sent to 19 20 the fund over the years by money managers and the 21 pension consultant. They're not the actual financial records of the fund. 22 23 Any other discussion or comment on that? 24 (No responses.) 25 CHAIRMAN SCHMITT: Any other items for the

1 good of the order? 2 MR. GREIVE: Mr. Chair, if I may just ask a 3 question. 4 Regarding the actuarial evaluation for 5 10/1/15, how is that coming along? Do you have 6 any drafts yet? 7 MR. CARTER: It's coming along great. I spoke with Jarmon on it. It should be ready by 8 then. 9 MR. GREIVE: By December 31st. So at the 10 next meeting, I take it? 11 MR. CARTER: Hopefully, but at least by 12 December 31. I spoke with him yesterday about 13 it. Auditors will be here on-site next week. 14 15 MR. GREIVE: Okay. So worst case scenario, 16 we'd have to have some kind of a separate meeting after the holidays. 17 18 MR. CARTER: Exactly. MR. GREIVE: We'll cross that bridge when we 19 get there. 20 21 MR. CARTER: Yes. 22 CHAIRMAN SCHMITT: Any other items? 23 It is 11:14. We are adjourned. 24 (The workshop meeting concluded at 25 11:14 a.m.)
