AGENDA

Order of Agenda is Subject to Change

- 1. Call to Order - Chair**
- 2. Roll Call and Verification of Quorum – Chair**
- 3. Submittal of Speaker's Cards – Chair**
 - a)** A raised hand icon as well as waving at the screen will be acknowledged by Chair.
 - b)** For those attending in person, paper speakers' cards will be available.
- 4. Action Items:**
 - a)** Approval of Minutes from September 20, 2023, Tree Commission meeting – Chair
 - b)** Proposed Level 3 Project (Attachment A)- John November
 - i. Presentation
 - ii. Public Comment
 - iii. Vote
 - c)** Proposed Level 2 Project(s)
 - i. Hodges Blvd Level 2 (Attachment B)– Justin Gearhart
 1. Presentation
 2. Public Comment
 3. Vote

- ii. Sheffield Regional Park Level 2 (Attachment C)- Kathleen McGovern
 - 1. Presentation
 - 2. Public Comment
 - 3. Vote
- iii. McGirts Creek Preserve Restoration Level 2 (Attachment G)- Jennifer Hinton
 - 1. Presentation
 - 2. Public Comment
 - 3. Vote

5. Reports:

- a) Financial Report for Ordinance Tree Fund (15304), Charter Tree Fund (15305) and BJP (Attachment D) – Jose Regueiro
- b) Fund Status of 630-CITY, Remove & Replace and Level 2 Programs (Attachment E) – Justin Gearhart
- c) Status of Level 2 Tree Projects (Attachment F) – Justin Gearhart
- d) Parks Department Project Update – Kathleen McGovern/Jill Enz

6. New Business:

- a) Update regarding Urban Forest Management Plan Goals- Jonathan Colburn
- b) Annual Report Draft (Attachment H)- Justin Gearhart
- c) School Planting Update- Justin Gearhart

7. Public Comment:

- 8. Adjournment** – the next meeting is scheduled for Wednesday, November 15th as a Hybrid/Zoom meeting in Ed Ball Building, 10th Floor, Public Works Office, conference room 5.

TO: Peggy Sidman, Director/Council Secretary
Jacksonville City Council

FROM: Chris Flagg, Tree Commission Chair

DATE: October 18, 2023

SUBJECT: 2023 Tree Commission Annual Report

Some of the Tree Commission's duties include acting as a coordinator for programs, projects, and activities related to planting projects and the health of the tree canopy between all public and private entities and to review expenditure proposals and plans for planting projects.

The Commission was established by City Council enactment of 2017-397-E on July 25, 2017. Meetings are held on the third Wednesday of each month. The first meeting of the fiscal year 2023 for Tree Commission was held October 19, 2022. Since then, the Commission has:

- Planted 2962 Trees using the Tree Fund
 - Approved fourteen Level 2 Tree planting projects for a total of 2392 trees.
 - Planted 260 trees with the 630-CITY Planting Program where constituents may call in and request trees be planted in their public right-of-way.
 - Planted 310 trees with the remove and replace program, where dead, dying, hazardous trees are removed and planted with a healthy new tree.
- Completed a Strategic Planning process that led to the creation of nine goals for Tree Commission to help the commission better align with the duties tasked to them.
- Started discussion and planning of an Urban Forest Management Plan. This led to seven recommendations approved by the Tree Commission.

- Re-Designed the process and application documents for Level 3 Planting Program. This program is designed for non-profits to submit Tree Planting Projects, to be administered by the requesting organization. These proposed projects are presented to the Tree Commission for approval.
- Approved 8 new trees to the approved species list to better help add diversity of plantings.

Hodges Blvd Level 2

Scope of Work

Description:

A tree planting project has been requested for planting in the median of Hodges Blvd between Atlantic Blvd and Glen Kernan Parkway. This project will take place in City Council District 3 and includes the planting of a variety of shade trees that will serve as an aesthetic improvement and a heat reduction purpose. In addition, these plantings will help to filter and slow down stormwater runoff before reaching the city's stormwater management infrastructure. All trees selected were shade trees to enhance the city's canopy. This project includes the planting of 65 total trees, with no tree removal necessary. Pines are 25 feet apart, oaks 30 feet apart. To see a map of the planting plan, please see: <https://pg-cloud.com/JacksonvilleFL/?scenario=Hodges-Lvl-2>. All trees will be planted on public right of way areas within Duval County.

Approximate location of planting project within Duval County.

LEVEL 2 COMMUNITY ORGANIZATION TREE PLANTING PROGRAM

The form below provides individual citizens and organizations with the opportunity to suggest a location for a tree planting project within Duval County that proposes to use funds from the City of Jacksonville Tree Protection and Related Expenses Trust Fund. If a citizen or organization is interested in suggesting a planting location for the City to implement, then use this form.

Requirements to utilize this program:

1. The location of the proposed planting must be:
 - a. In Duval County; and
 - b. On public property, such as a road right-of-way; a local, state or national park; Duval County School Board property, etc.

Complete the following information below:

1. Name/title of project: Hodges Blvd Level 2
2. Legal name of organization/citizen making suggestion:
Justin Gearhart
3. Organization or citizen mailing address:
COJ
4. Contact phone number: (904) 255-4327
Contact e-mail: Jgearhart@coj.net
5. Location/address of planting project:
Hodges Blvd from Atlantic Blvd to Glen Kernan Parkway
6. Has project information been shared with the Council Member of the district? Yes
7. Rationale for project (include information about the public benefit of the project):
Filling in gaps in median to increase canopy and stormwater retention.
8. Description of project:
Filling in the gaps of the median with shade/canopy trees along Hodges Blvd.

If a citizen/organization is interested in proposing a project that they want to administer and implement, a more comprehensive application (Level 3) can be found at the following link: <http://www.coj.net/departments/public-works/tree-commission>.

****To Be Completed By City of Jacksonville/Public Works Staff Only****

Level 2 - Community Organization Tree Planting Program Staff Checklist

Total number of trees to be installed 65

☒ Project is to be planted on Public Land

Total number of trees to be removed 2

Project Title:

Hodges LV 2

☒ Project is located in Duval County

Activity		Complete
1	The species of trees are appropriately located.	JG
2	The number and placement of trees is appropriate.	JG
3	Trees being planted are approved pursuant to the 'Tree Commission Approved Tree Planting List.'	JG
4	Shade Trees are preferred; if non-shade trees are proposed, the use is appropriated/acceptable.	JG
5	Less than 25% of the total species of trees being planted are palms.	JG
6	The planting will not interfere with utilities or sight line requirements.	JG
7	The project does not include incidental landscaping. If so, the applicant must justify the reason for its inclusion.	JG
8	Construction required? Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> If yes, are costs reasonable?	JG
9	Irrigation installed? Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> If yes, are costs reasonable?	JG
10	The cost of the species of trees selected do not outweigh the benefits of the trees.	JG
11	Low maintenance plants are utilized.	JG
12	Location of plant material and irrigation (if applicable) has minimum adverse impact over time on infrastructure such as walks and roads.	JG
13	Species of trees being planted are beneficial to the City's tree canopy.	JG
14	The project provides unique benefit to the neighborhood, Council District, or City.	JG
15	The project has been reviewed with and meets the needs of the requesting entity.	JG
16	The Councilmember has been notified of the project.	JG

Prepared 10/12/23 LD

The City of Jacksonville has two separate laws that provide protection for certain trees and require mitigation for damage or removal of certain trees caused by the process of land development. Mitigation is required either through planting or replanting of a calculated amount of mitigation trees or through making a specified payment into the Tree Protection and Related Expenses Trust Fund codified by Sec. 111.760, Ordinance Code. These laws are Article 25 of the Charter of the City of Jacksonville and Chapter 656, Part 12, Subparts A & B of the Ordinance Code. Each provision has specific criteria for what is characterized as a "protected tree" and thus would require replacing through the development process of a site, or if a replacement is not made, how the "mitigation fee" is calculated for removal of trees without replacement. The mitigation fee that is paid by developers who are unable to replace the trees destroyed during construction, as required by both provisions, is placed in the Tree Protection and Related Expenses Trust Fund. Moreover, funds received from application of the Charter are held in Fund 15305 and funds received from application of the Ordinance Code are held in the Fund 15304.

CITY OF JACKSONVILLE TREE COMMISSION

**LEVEL 3 APPLICATION
COMMUNITY ORGANIZATION TREE PLANTING PROGRAM**

STAFF REPORT

Project Title: Mayport Naval Station Level 3

Staff Review by: Justin Gearhart

Applicant: The Public Trust for Conservation

Review Date: 10/09/2023

Application Submittal Date: 09/28/2023

A	DESIGN REVIEW	Yes	Yes w/ Conditions	No
A1	The selection of each tree species is appropriate for the site conditions found at each planting location.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
A2	The placement and spacing of trees are appropriate for the species selected.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
A3	Proposed tree species are on the "Tree Commission Approved Tree Planting List."	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
A4	Project emphasizes shade trees. If non-shade trees are proposed and exceed 50% of the total trees proposed for the site, the additional use of non-shade trees must be justified.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
A5	Palms are 25% or less of the total number of trees being planted. If palms exceed 25% of the total trees, the additional use of palms versus the use of other trees must be justified.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
A6	The locations of proposed trees do not interfere with utilities, drainage, pavement, structures, or required sight lines.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
A7	The project includes incidental landscaping. If yes, the applicant must justify the reasons for the inclusion of incidental landscaping.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
A8	The Schematic Planting Plan is complete: drawn to scale clearly showing a plant schedule and the location of existing and proposed trees.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	<p>Comments:</p> <p>Sand Live Oak is not on the approved species list but has been readily used on previous projects approved by Tree Commission. It is also fitting for the environmental conditions of the site.</p> <p>High Rise Live Oak is not on the approved species list but is a variety of Live Oak.</p>			

Project Title: Mayport Naval Station Level 3

B	COST REVIEW	Yes	Yes w/ Conditions	No
B1	The administrative costs are reasonable.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
B2	Design Consultant fees are reasonable.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
B3	Construction costs are reasonable.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
B4	The irrigation costs are reasonable.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
B5	The overall benefits of the selected trees outweigh the cost of the species of trees selected.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	Comments: No irrigation is proposed.			

C	MAINTENANCE AND IMPACTS REVIEW	Yes	Yes w/ Conditions	No
C1	Low maintenance plants are utilized, that will require minimum maintenance after the mandatory maintenance done by the Applicant.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
C2	The location of plant material and irrigation will have a minimum adverse impact, over time, on infrastructure such as sidewalks, roads, and utilities	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	Comments: The wetland species selected are located on wet sites of ditches and lakeside, so no issues are expected. The schematic plan is after several rounds of staff feedback to avoid any maintenance issues at a later point.			

D	PUBLIC BENEFITS REVIEW	Yes	Yes w/ Conditions	No
D1	The proposed species of trees will be beneficial to the City's tree canopy.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
D2	The Project provides a significant benefit to the neighborhood, Council District, or City.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
D3	The Project is in a high visibility area.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
D4	Project engages the community through volunteers, education or other public engagement.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
D5	The Project is aesthetically pleasing.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
D6	The Project will enhance a blighted area.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	Comments: The project is on a highly trafficked naval base, so the general public may or may not see these trees. However, many people will pass by and benefit. Volunteers may be present at ribbon cutting.			

E	PLAN-IT GEO OBJECTIVE CRITERIA REVIEW. Staff will utilize the Plan-It Geo Web Tool to evaluate the ranking of the proposed planting site based upon the following criteria. The ranking is not based upon the schematic design but rather on the ranking of the census track where the project is located.			
E1	Percentage of Census Tract covered by Urban Tree Canopy:	13%		
		Rank of Census Tract		
E2	Stormwater Benefits:	66	of	488
E3	Urban Heat Island:	459.5	of	488
E4	Socio-Economic Benefits:	234	of	488
E5	Overall equally weighted criteria:	383	of	488
	Comments: The calculations were determined from the average of the two census blocks that make up the naval base. There is a lot of open ground at the base, with more room on the base for many more trees.			

PUBLIC TRUST

Environmental Legal Institute of Florida

Greetings:

On behalf of the Board of Directors and members of the Public Trust, it is my pleasure to enclose our attached application. The Public Trust is bound to fulfill the commitments made in the application. I (John November) will act as the key contact between the City and the applicant. My email address is John@publictrustlaw.org and my phone number is 904-525-3042. Our mailing address is 2029 3rd Street N Jacksonville Beach, FL, 32250. Our FEID Number is 13-4300363. The Duval County Property Appraiser's Number for Naval Station Mayport is 168295-0000 and the address is 1576 Massey Ave, Jacksonville, FL 32227.

I look forward to working with the City on this project and future planting projects to help develop a more robust canopy on public properties throughout Jacksonville.

Respectfully Submitted,

John November
Executive Director & General Counsel

JACKSONVILLE TREE COMMISSION'S

Level 3

TREE PLANTING PROGRAM

Application

See the Level 3 "Application Instructions and Process Guide," ("Guide") available on the Tree Commission's website, for guidance for completing this Application. Definitions used in this Application and in the Level 3 Agreement are located in the Agreement.

1. Project Name: Naval Station Mayport Tree Planting
2. Applicant Name: The Public Trust Environmental Legal Institute of Florida Inc.
3. Key Contact Person: John November

- a. Phone Number: 904-525-3042
- b. Email Address: john@publictrustlaw.org
- c. Mailing Address: 2029 Third Street N, Jacksonville Beach, FL, 32250

4. Has the Applicant been a recipient of funds from the Tree Protection and Related Expenses Trust Fund ("Tree Trust Fund") for past tree planting projects? Yes
5. If yes, list each project completed in the last 3 years and currently in progress.

Sulzbacher Village

If yes, list past projects not successfully completed.

Huguenot Memorial Park

If yes, has the Applicant submitted all the required documentation now due from currently funded projects? Yes

6. Has the Applicant ever been on the Council Auditor's Non-Compliance List? No

If yes, please explain:

7. Project Partner Organizations, Businesses or other collaborating Entities:

N/A

8. Name of City Department or Public Agency having jurisdiction over Project Site.

Department of the Navy/Pentagon

Has the Applicant gained approval from the City Department or Public Agency to plant trees on the Project site?

Initial Project Support has been provided by the Commanding Officer of Mayport Naval Station. The letter of support and a draft gift letter are being submitted as Exhibit 3. The draft gift letter has been preliminarily reviewed by the City of Jacksonville's General Counsel's Office and the Mayport Naval Station Judge Advocate's office and a formal version of the letter will be submitted by Naval Station Mayport for Pentagon review and approval after the Tree Commission has provided their approval for the project. After Mayport Naval Station receives Pentagon approval for the project, the station will provide formal authorization for the planting project and then the Mayor's Budget Review Committee will provide the authorization to proceed with entering into the level 3 project agreement.

9. Name of City Council District and City Council Member where the project is located.

Council District 13, City Council Member: Rory Diamond

Have you shared information about the Project with the City of Jacksonville's District Council representative in writing? Yes

10. Anticipated number of volunteers participating in planting project and describe activities: We may have up to 10 volunteers participating in helping organize and support the ribbon-cutting ceremony at Naval Station Mayport at the conclusion of the installation of trees.

11. Other Project Funding Sources: List known and anticipated funding from other sources for this Project.

None		
Funding Source	Amount	Funds Collected or Committed?

12. Project Summary: Provide in the space below a discussion of the Project: Include the purposes of the Project; the socio-economic benefits, public benefits, environmental benefits, the project contribution to the tree canopy, and the rationale for the selected tree species and their location.

Use no more than one page:

This project is intended to create enhanced tree canopy, shade, and other important ecological services at Naval Station Mayport in northeast Duval County. This project will benefit Duval County residents that live on base, as well as the many visitors that enter Naval Station Mayport that will benefit from a more robust tree canopy. This project will create wildlife habitat and these trees will improve the appearance of Naval Station Mayport. Substantial consultation with Naval Station Mayport and City of Jacksonville staff has resulted in a schematic design with eight planting locations throughout the base. No existing trees will be removed because of the planting project and there is no irrigation system proposed for the project. All species of trees selected are salt-tolerant. This project will include a ribbon-cutting that will include some educational programming connected with the ceremony. This project will require a 2-Year Warranty from the landscape contractor planting the trees that includes routine watering for establishment.

Exhibit A-2. Narrative Project Scope - Naval Station Mayport Tree Planting

This project is intended to create enhanced tree canopy, shade, and other important ecological services at Naval Station Mayport in Northeast Duval County. This project will benefit Duval County residents that live on base, as well as the many visitors that enter Naval Station Mayport that will benefit from a more robust tree canopy. This project will create wildlife habitat and these trees will improve the appearance of Naval Station Mayport. Substantial consultation with Naval Station Mayport and City of Jacksonville staff has resulted in a schematic design with eight planting locations throughout the base. No existing trees will be removed because of the planting project and there is no irrigation system proposed for the project. This project will include a ribbon-cutting that will include some educational programming connected with the ceremony. This project will require a 2-Year Warranty from the landscape contractor planting the trees and includes routine watering for establishment.

The Public Trust staff will administer the planting project and provide managerial support. We will not have any volunteers participating in the actual planting or maintenance of the trees although volunteers may participate in the ribbon cutting ceremony and educational activities associated with the ribbon-cutting ceremony. The Public Trust has engaged Sarah Dark from the Cotleur & Hearing Landscape Architecture firm to act as Project Manager on this project and Cotleur & Hearing will be the Landscape Architects for the project. Per the requirements of Sec. 255.20, Florida Statutes, Sec. 287.055, Florida Statutes, and Chapter 126, Jacksonville Ordinance Code the Public Trust shall not be required to select the Landscape Architect through a competitive bid qualification process because the aggregate of the design fees will not come close to exceeding \$35,000 and the construction cost will be well under \$325,000. We will not know the landscape contractor until after we put the project out for bid after the project grant agreement has been executed and bids have been reviewed.

Exhibit D. Project Team

A. List of People and Entities Involved with the Project

1. Cotleur & Hearing Architecture Firm has been engaged as the Landscape Architects for the project.
2. Sarah Dark, who works for Cotleur & Hearing, shall be the Project Manager.
3. The Public Trust staff, John November Esq. (Executive Director & General Counsel) and Romy Vann (Conservation Director) will support the Sarah Dark in the management of the project and will provide legal and administrative support as well.

B. Roles, Responsibilities and Tasks

1. Cotleur & Hearing has been engaged as the Landscape Architect for the project to prepare conceptual plans, schematic plans, and construction drawings. The landscape architecture team at Cotleur & Hearing are also providing additional services for the project. This includes graphic design assistance by Michala Stewart for the conceptual design and the project application/presentation. Landscape Architects Nicole Plunkett and Don Hearing may provide project oversight and the signing/sealing of construction drawings, and Certified Landscape Inspector Gregg Byrick may provide assistance in reviewing the quality of trees planted and the health of trees during the warranty period.
2. Sarah Dark will be the Project Manager and coordinate the preparation of the construction drawings, will review the Public Trust's creation of the bid documents, and will provide oversight of construction and maintenance. Sarah Dark will provide professional project management quality assurance for the design, construction, maintenance, and warranty of the project.
3. John November and Romy Vann of the Public Trust will work with Sarah Dark to coordinate the preparation of the construction drawings, will prepare the bid documents, will support Sarah Dark and the City's review of bid documents and selection of a landscape contractor, and will support Sarah Dark in her oversight of construction and maintenance. John November shall coordinate the execution of the contract agreements with the City of Jacksonville and the landscape contractor. John November will work with Naval Station Mayport on the coordination of the offering and receipt of the "gift" from the City of Jacksonville to Naval Station Mayport. John November will be the main point of contact to act as a liaison between Naval Station Mayport, the City of Jacksonville, and the landscape contractor. John November and Romy Vann will provide general administrative support including billing to the City, coordination of inspections, and general coordination with all parties involved.

Exhibit B. Naval Station Mayport Project Performance Schedule:

- a) Upon approval of the Public Trust's Application to the Tree Commission, the proposed draft "Gift Letter" enclosed within Exhibit G shall be submitted to MBRC for execution and submittal to Naval Station Mayport.
- b) Once Naval Station Mayport/the Pentagon have formally accepted the tree planting as a "gift", Naval Station Mayport will provide formal authorization to plant trees on base.
- c) Upon receipt of this acceptance of the gift and authorization to plant trees from Naval Station Mayport, the Public Trust will finalize the level 3 project contract agreement with the City of Jacksonville.
- d) The Public Trust and Cotleur & Hearing will finalize the design for the preparation of construction documents within 30 days of the City and the Public Trust's level 3 agreement being executed.
- e) The Public Trust will put this project out for solicitation of bids within 30 days of the completion of the construction documents by Cotleur & Hearing.
- f) The Public Trust will receive bids within 20 days of sending the project out for bid to at least three qualified landscape contractors.
- g) The Public Trust will select the qualified low bidder, make a project award, and finalize the contract agreement with the landscape contractor within 30 days of contractor selection.
- h) The landscape contractor will complete the installation of the trees and the Public Trust will provide initial acceptance within 180 days of the planting contract being finalized with the landscape contractor.
- i) Maintenance of the trees by the landscape contractor will be performed for a period of two years following the initial acceptance if not extended to cover the warranty of any replacement trees.
- j) The Public Trust and Cotleur & Hearing will manage the inspection of trees every 6 months, in coordination with the City of Jacksonville staff, and will make maintenance payments to the landscape contractor upon completion of each inspection until the maintenance period has concluded.

Exhibit C. Naval Station Mayport Project Budget

The estimated administrative/project management fees for both the Public Trust and Cotleur & Hearing are enclosed as separate spreadsheets as Exhibit C(a) and Exhibit C(b). The total project construction estimate is included on the spreadsheet under Exhibit C(c). These spreadsheets include an accounting of the services rendered up until the time the application is being considered by the Tree Commission and the services and hours projected to be worked by both the Public Trust and Cotleur & Hearing after the application has been approved.

The total admin costs for the Public Trust are projected to be \$14,828. It is highly possible that actual administrative fees incurred will be less than this amount however we built in some time additional to what we expect to take administering the project for any potential unforeseen complications that may arise.

Cotleur & Hearings total projected design and project management fees are projected to be \$24,678 for the entire project. The total not-to-exceed for the project is \$31,107 for the entire project.

We received construction estimates from landscape contractors to get a firm handle on the likely installation and maintenance costs. The total estimated cost for the installation of the trees (including a 2-year warranty on all trees being planted) is projected to be \$289,562.12. If these same trees were being planted under the City of Jacksonville's continuous contract for the 2-year warranty, we project that the total construction/warranty cost would be at least an additional \$40,000. Thankfully, these savings help cover the additional administrative/design/management fees being paid to the Public Trust and Cotleur & Hearing.

During the time before the pre-project scope approval meeting, the Public Trust provided numerous services including gathering general support for the project from the Naval Station's staff and Commanding Officer and developing an understanding of the planting areas that would benefit from the planting. This also included a site visit and coordinating the scope submittal to the City of Jacksonville. Cotleur & Hearing participated in the site visit, helped develop the project scope submittal, and coordinated changes to the plan with the Public Trust. The Public Trust expended 22.5 hours that are not eligible for compensation as they were spent prior to the project scope was approved by City staff. The Public Trust spent \$840.00 covering Cotleur & Hearing's design time (8 hours) spent before the project scope was approved by City staff.

During the conceptual and schematic planning phase, the Public Trust provided numerous services including helping refine the conceptual plan by coordinating between Naval Station Mayport staff, identifying and providing navy design specifications and utilities, taking an additional site visit, and coordinating with City of Jacksonville staff. Cotleur & Hearing participated in the second site visit, helped develop the conceptual and schematic site plan submittals, and coordinated changes to the plan with the Public Trust. Cotleur & Hearing also created the schematic planting plans in AutoCAD. The schematic planting plan identifies the proposed tree locations, sizes, and quantities. A total of 8 planting areas have been identified at Naval Station Mayport.

During the application phase, the Public Trust led the development of all aspects and exhibits for the project application. This included gathering cost estimates for the cost of installation and maintenance for the project's trees. Cotleur & Hearing has collaborated and will continue to collaborate with the Public Trust to provide the necessary documentation for the Application phase of the project as it pertains to landscape architectural services, cost estimation, project performance and management and will collaborate on creating and delivering a presentation for the planting project to the Tree Commission.

Following approval from the Tree Commission, the Public Trust will help coordinate the execution of the gift letter to be delivered to Naval Station Mayport and the process following as described in the project application under Exhibit B until the project has been formally authorized by the Department of the Navy. The Public Trust will then enter into the Level 3 Project Agreement with the City.

The Public Trust and Cotleur & Hearing will prepare the bid documents (tree planting plans and construction specifications) incorporating the requirements of the approved Application and the Level 3 Project Agreement and will solicit bids from at least 3 qualified and experienced landscape contractors. The Public Trust will then enter into an agreement with the landscape contractor to install and maintain the trees for a period of two years. The Public Trust and Cotleur & Hearing will ensure the quality of the trees being planted, be present during and after installation, monitor construction, and maintenance during the tree establishment/warranty period, inspect each of the sites every 6 months and upon completion of the warranty period, submits reports to City staff and the landscape contractor, coordinate payments with the City and review the landscape contractor's invoices. Cotleur & Hearing and the Public Trust will inspect the completed work and provide certification letters for each completed planting area.

The landscape architecture team at Cotleur & Hearing are also providing additional services for the project. This includes graphic design assistance by Michala Stewart for the conceptual design and the project application/presentation. Landscape Architects Nicole Plunkett and Don Hearing may provide project oversight and the signing/sealing of construction drawings, and Certified Landscape Inspector Gregg Byrick may provide assistance in reviewing the quality of trees planted and the health of trees during the warranty period.

Captain Brian Binder
Commanding Officer
Naval Station Mayport
1 Massey Avenue
Mayport, FL 32228

Re: Letter of Offer

Dear Captain Binder:

The City of Jacksonville hereby conveys this Offer Letter (Offer) for the purpose of offering to the Department of the Navy (Navy) an in-kind gift from the City of Jacksonville (City) to plant trees at Naval Station Mayport. These trees are being offered for the enjoyment of all those who serve and visit Naval Station Mayport and to provide wildlife habitat, as well as other important ecosystem services.

The funding for these trees comes from the "Tree Protection and Related Expenses Trust Fund" under Section 111.760 of the City of Jacksonville *Ordinance Code*. On _____ the City of Jacksonville's Tree Commission (established by Section 94.106 *Ordinance Code*) approved the application of the Public Trust Environmental Legal Institute of Florida, Inc. (The Public Trust) for the City to provide funding to the Public Trust, a 501(c)(3) not-for-profit organization, to implement a planting project at Naval Station Mayport located within Duval County, Florida.

The estimated total value of the gift is \$300,000.00. The Public Trust has coordinated the tree planting design with the City of Jacksonville's Public Works and Landscape Maintenance Division along with Mayport Naval Station staff so that these trees will be located so that they have the best chance to thrive and reach maturity and longevity. The Public Trust has confirmed that all requirements of the Unified Facilities Criteria for Landscape Architecture (UFC 3-201-02) have been met. The City understands that the Secretary of Defense, the Secretaries of the Navy and other military services have authority to accept gifts for certain purposes under 10 U.S.C. § 2601 and the regulations prescribed thereto.

The City of Jacksonville is pleased to convey this Offer, which is made for the purpose of enhancing Naval Station Mayport as a result of this tree planting. The City recognizes and fully supports the critical role played by Naval Station Mayport in this nation's defense. We look forward to implementing this tree planting initiative in collaboration with the Navy at the earliest possible time and stand ready to discuss details of the in-kind gift.

The point of contact for this project for the City of Jacksonville is _____,
_____, at _904-xxx-xxx_ and by email at XXXXX@COJ.NET.

Respectfully Submitted,

XXXXXXX, City of Jacksonville

Subj: LETTER OF GENERAL SUPPORT FOR THE POTENTIAL PLANTING PROJECT

1. Thank you for your most recent correspondence of 24 October 2022 outlining the proposed tree-planting plan by the City of Jacksonville's Public Trust for Naval Station Mayport. I believe the proposed tree-planting plan would help improve the environment of Naval Station Mayport. I look forward to continuing to work with the Public Trust and our partners at the City of Jacksonville.
2. My point of contact for discussion of this case is LT Andrew D. Brown, JAGC, USN, Station Judge Advocate, Naval Station Mayport, who may be reached at COMM (904) 270-6289 extension 1803.

Contribution Deductibility:
YES
Advance Ruling Ending Date:
DECEMBER 31, 2009

Dear Applicant:

We are pleased to inform you that upon review of your application for tax exempt status we have determined that you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code. Contributions to you are deductible under section 170 of the Code. You are also qualified to receive tax deductible bequests, devises, transfers or gifts under section 2055, 2106 or 2522 of the Code. Because this letter could help resolve any questions regarding your exempt status, you should keep it in your permanent records.

Organizations exempt under section 501(c)(3) of the Code are further classified as either public charities or private foundations. During your advance ruling period, you will be treated as a public charity. Your advance ruling period begins with the effective date of your exemption and ends with advance ruling ending date shown in the heading of the letter.

Shortly before the end of your advance ruling period, we will send you Form 8734, Support Schedule for Advance Ruling Period. You will have 90 days after the end of your advance ruling period to return the completed form. We will then notify you, in writing, about your public charity status.

Please see enclosed Information for Exempt Organizations Under Section 501(c)(3) for some helpful information about your responsibilities as an exempt organization.

Jacksonville Environmental Group: City Settlement A Win For Tree Canopy

By LINDSEY KILBRIDE • JUL 27, 2017

CREDIT JENNIFER COCHRAN / FLICKR

A Jacksonville environmental nonprofit says its recent settlement with the city is a win for foliage and government transparency.

The Public Trust Environmental Legal Institute filed [suit](#) two years ago claiming a special tree fund wasn't being spent on trees.

Exhibit F

CORPORATE RESOLUTION CERTIFICATION

The undersigned, Secretary of The Public Trust Environmental Legal Institute of Florida, Inc., a Florida 501 c 3 nonprofit corporation ("*Corporation*"), does hereby certify that the following Resolutions were adopted by the Board of Directors of the Corporation on September 19, 2023:

RESOLVED THAT John November, the Executive Director of the Corporation ("*Authority*") is hereby authorized and empowered to execute on behalf of the Corporation any and all Agreements between the City of Jacksonville, Florida ("*City*") and the Corporation for the purpose of receiving funds from the City for a tree planting project related to the Jacksonville Tree Commission's Level 3 Community Organization Tree Planting Program ("*Project*"), and to execute any and all documents necessary in connection with the Project.

FURTHER RESOLVED THAT in addition to and without limiting the foregoing, that the Authority of the Corporation be, and hereby is, authorized to take, or cause to be taken, such further action, and to execute and deliver, or cause to be delivered, for and in the name and on behalf of the Corporation, all such instruments and documents as the Authority may deem appropriate in order to effectuate the Grant Agreement and any documents or instruments executed in the accomplishment of any action or actions authorized as stated herein shall be deemed to be conclusive approval thereof by this Corporation and the binding act and obligation of this Corporation.

DATED: September 19, 2023

Patricia Dodson
CORPORATE SECRETARY

**JACKSONVILLE TREE COMMISSION'S
LEVEL 3 TREE PLANTING PROGRAM AFFIDAVIT FORM**

BEFORE ME, the undersigned authority, personally appeared John November, who was sworn and says:

1. My name is John November and I am the Executive Director of the Public Trust Environmental legal Institute of Florida, Inc. a Florida non-for-profit corporation ("Applicant") and I have personal knowledge of the matters stated herein.
2. The Applicant is an Eligible Applicant, as defined in the Jacksonville Tree Commission's Level 3 Tree Planting Program Instructions document.
3. The Applicant is in compliance with the terms of all existing City agreements to which it is a party.
4. The Applicant is in compliance and will comply with all federal, state, local laws, rules, regulations and ordinances, as the same may exist from time to time, applicable to it.
5. If the application is approved for funding, the Applicant will execute a Grant Agreement between the City of Jacksonville and the Applicant, in substantially the same form as the Grant Agreement provided on the Tree Commission's webpage of the Public Works Department of the City of Jacksonville.
6. **The Applicant is familiar with the Jacksonville Tree Commission's Level 3 Tree Planting Agreement including all the information and duties, and if chosen for funding will abide by the requirements of the Agreement.**

ONE CITY. ONE JACKSONVILLE

McGirt's Creek Preserve Restoration **Level 2 Tree Planting**

The McGirts Creek Park is owned, managed, and protected by the City of Jacksonville. McGirts Creek Park is a 500-acre nature preserve that was acquired as part of the Preservation Project Jacksonville, whose purpose is to restore, enhance, and protect environmentally sensitive areas throughout the City of Jacksonville (Duval County). The area is located in a floodplain along both sides of McGirts Creek.

Other tributaries enter McGirts Creek along this section, forming the headwaters of the Ortega River.

The City proposes to restore at least 50 acres of wetlands within the Dunnam Property in the southern part of McGirts Creek Park to the enhance ecological services provided by wetland habitats along

McGirts Creek. The Dunnam Property was chosen for restoration because it can be easily accessed and is bordered by undeveloped wetland forest. Restoration of this area would create more wildlife habitat and provide a wildlife corridor for moving between the undisturbed forested wetlands that border the Dunnam Property. The restoration project is also expected to improve water quality of the Ortega River. The University of North Florida (UNF) conducted a habitat and restoration assessment to develop restoration recommendations. The UNF habitat assessment study indicated that the McGirts Creek Park area and flood plain contained hydric soils and was most likely a mixed hardwood-pine forest before its conversion to a slash pine plantation. This assessment and other site visits by the Service and City of Jacksonville personnel to McGirts Creek indicated that the wetland floodplain could be enhanced by the removal of planted pine trees and invasive species, and by re-planting native species. UNF concluded that the restoration of McGirts Creek Park should be relatively simple and would increase habitat services provided by McGirts Creek and its floodplain.

Proposed restoration activities include the removal of invasive plant species, thinning of slash pine to 10 to 60 trees per acre, and re-planting with a mix of flood-tolerant native species. Thinning will be completed in accordance with a Scope of Work that was developed by the Florida Division of Forestry. This Scope of Work includes the removal of all diseased pines and all sand pines. All timbering will be

ONE CITY. ONE JACKSONVILLE

done in accordance with Best Management Practices to minimize potential impacts to water resources, including water quality and wetland habitats. However, some road improvements and / or the construction of temporary roadways may be necessary to provide access for thinning and restoration activities. Additionally, furrows will be graded to create more natural topography. Harvested wetland areas will be reforested with native, flood-tolerant hardwood species. Tree species may include loblolly bay (*Gordonia lasianthus*), sweetbay (*Magnolia virginiana*), swamp bay (*Persea palustris*), Pond Pine (*P. serotina*), pond cypress (*Taxodium ascendens*) and other flood-tolerant species appropriate to the wetland system. Following restoration, the survival of planted trees will be monitored. The presence of invasive plants will also be monitored, and follow-up treatments will be conducted, as needed. Once the restoration project is completed, the McGirts Creek Dunnam Property will be opened to the public for passive recreation and education activities. Accordingly, some clear cutting and construction may be undertaken in the park near but outside of the restoration area(s) to create trailheads, parking, trails, and bridges. Such developments will be designed and constructed in a manner that minimizes impacts to natural resources and wildlife.

LEVEL 2 COMMUNITY ORGANIZATION TREE PLANTING PROGRAM

The form below provides individual citizens and organizations with the opportunity to suggest a location for a tree planting project within Duval County that proposes to use funds from the City of Jacksonville Tree Protection and Related Expenses Trust Fund. If a citizen or organization is interested in suggesting a planting location for the City to implement, then use this form.

Requirements to utilize this program:

1. The location of the proposed planting must be:
 - a. In Duval County; and
 - b. On public property, such as a road right-of-way; a local, state or national park; Duval County School Board property, etc.
2. The number of trees requested may not exceed 200.

Complete the following information below:

1. Name/title of project: McGirts Creek Preserve Restoration
2. Legal name of organization/citizen making suggestion:
Jennifer Hinton, Preserve and Waterfront Manager, COJ Parks
3. Organization or citizen mailing address:
214 N. Hogan Street, Jacksonville, FL
4. Contact phone number: 904-255-7947
Contact e-mail: jmhinton@coj.net
5. Location/address of planting project:
McGirts Creek Preserve, Feldman Drive, RE# 016058 0000
6. Has project information been shared with the Council Member of the district? No
7. Rationale for project (include information about the public benefit of the project):
Planting native trees will improve the ecological value of the preserve park for wildlife. The preserve park will be open to the public for recreation and environmental education.
8. Description of project:
The City will restore forested wetlands at the McGirts Creek preserve park by planting native tree seedlings. This project will enhance the preserve park, providing a unique recreational experience for park visitors and providing quality habitat for local wildlife.

If a citizen/organization is interested in proposing a project that they want to administer and implement, a more comprehensive application (Level 3) can be found at the following link: <http://www.coj.net/departments/public-works/tree-commission>.

Sheffield Regional Park – Level 2 Tree Planting

**3659 New Berlin Rd.,
Jacksonville, FL 32226**

*This is a Level 2 Tree Planting Project requested as part of citizen request and staff request for **Sheffield Regional Park** located at 3659 New Berlin Rd., Jacksonville, FL, 32226. Sheffield is a 385 acre regional park (formerly a dairy farm) that has been in design since the acquisition. The upcoming phase of design includes field expansion, a loop trail, a beach creation, and pickleball courts. The proposed tree plantings were designed with these future improvements in mind and will serve to complement and provide buffers, screening, and shade to existing and future amenities. The proposed trees will also define the perimeter park areas and provide buffer for areas that will remain naturalized. Soils and hydrology of the site vary, and trees were selected based on performance of existing trees and trees that will be sustainable in the current conditions.*

LEVEL 2 COMMUNITY ORGANIZATION TREE PLANTING PROGRAM

The form below provides individual citizens and organizations with the opportunity to suggest a location for a tree planting project within Duval County that proposes to use funds from the City of Jacksonville Tree Protection and Related Expenses Trust Fund. If a citizen or organization is interested in suggesting a planting location for the City to implement, then use this form.

Requirements to utilize this program:

1. The location of the proposed planting must be:
 - a. In Duval County; and
 - b. On public property, such as a road right-of-way; a local, state or national park; Duval County School Board property, etc.
2. The number of trees requested may not exceed 200.

Complete the following information below:

1. Name/title of project: Sheffield Regional Park
2. Legal name of organization/citizen making suggestion:
Citizen request and staff request
3. Organization or citizen mailing address:
214 N. Hogan St. Jacksonville, FL 32202
4. Contact phone number: 904-255-9606
Contact e-mail: kmcgovern@coj.net
5. Location/address of planting project:
Sheffield Regional Park 3659 New Berlin Rd
6. Has project information been shared with the Council Member of the district? yes
7. Rationale for project (include information about the public benefit of the project):
To provide screening and shade for existing park amenities and future improvements. To help define perimeters of pedestrian access vs. vehicular access.
8. Description of project:
Large shade trees and a few medium/small canopy trees interspersed throughout the park in areas that will benefit from receiving shade, screening, and define park space. To enhance habitat and provide wildlife value.

If a citizen/organization is interested in proposing a project that they want to administer and implement, a more comprehensive application (Level 3) can be found at the following link: <http://www.coj.net/departments/public-works/tree-commission>.

Level 2 - Community Organization Tree Planting Program Staff Checklist

Total number of trees to be installed 86

Project Title:

Total number of trees to be removed 0

SHEFFIELD REGIONAL PARK

☒ Project is to be planted on Public Land

☒ Project is located in Duval County

Activity	Complete
1 The species of trees are appropriately located.	<input checked="" type="checkbox"/>
2 The number and placement of trees is appropriate.	<input checked="" type="checkbox"/>
3 Trees being planted are approved pursuant to the 'Tree Commission Approved Tree Planting List.'	<input checked="" type="checkbox"/>
4 Shade Trees are preferred; if non-shade trees are proposed, the use is appropriated/acceptable.	<input checked="" type="checkbox"/>
5 Less than 25% of the total species of trees being planted are palms.	<input checked="" type="checkbox"/>
6 The planting will not interfere with utilities or sight line requirements.	<input checked="" type="checkbox"/>
7 The project does not include incidental landscaping. If so, the applicant must justify the reason for its inclusion.	<input checked="" type="checkbox"/>
8 Construction required? Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> If yes, are costs reasonable?	<input checked="" type="checkbox"/>
9 Irrigation installed? Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> If yes, are costs reasonable?	<input checked="" type="checkbox"/>
10 The cost of the species of trees selected do not outweigh the benefits of the trees.	<input checked="" type="checkbox"/>
11 Low maintenance plants are utilized.	<input checked="" type="checkbox"/>
12 Location of plant material and irrigation (if applicable) has minimum adverse impact over time on infrastructure such as walks and roads.	<input checked="" type="checkbox"/>

Activity		Complete
13	Species of trees being planted are beneficial to the City's tree canopy.	✓
14	The project provides unique benefit to the neighborhood, Council District, or City.	✓
15	The project has been reviewed with and meets the needs of the requesting entity.	✓
16	The Councilmember has been notified of the project.	✓

Jacksonville Tree Commission
Wednesday September 20, 2023, – 9:30 AM
For approval October 18, 2023
Via Zoom Platform & In Person

**Commissioners
Present:**

Curtis Hart (Chair)
Susan Fraser
Rhodes Robinson
Nina Sickler
Chris Miller

Staff:

Public: John November, Public Trust
Carol Register, COJ
Scott Sauder, JEA
Mike Zaffaroni, Liberty Landscape
Paul Davis, COJ
Susan Kelly, DIA
Susan Caven, COJ
Jameka Smith, COJ
Jennifer Grable, COJ
Lisa Grubba, Greenscape
Nancy Powell, Scenic Jax
Michael Leoni, COJ
Jeff Lucovsky, COJ
Aaron Hallett, COJ
Jill Enz, COJ
Jonathan Johnston, COJ
Tracey Arpen

Advisors:

Susan Grandin, OGC
Justin Gearhart, City Arborist
Jonathan Colburn, Urban Forestry Manager

1. **Call to Order** – Chair
2. **Roll Call and Verification of Quorum** – Chair
3. **Submittal of Speaker's Cards** – Chair
 - a) A raised hand icon as well as waving at the screen will be acknowledged by the Chair.
 - b) For those attending in person, paper speakers' cards are available.
4. **Action Items:**
 - a) Minutes from August 16, 2023, Tree Commission Meeting
 - i. Approved
 - b) Minutes from August 10, 2023, Urban Forestry Management Plan Subcommittee
 - i. Approved

c) Proposed Level 2 Projects

i. District 7 and 10 Corridors-

1. Mr. Gearhart presented the project.
2. Public Comment
3. Vote

i. Approved (Mr. Robinson motion, Ms. Sickler second)

d) Plantings at schools

- i. The Tree Commission expressed desire to re-visit planting at schools.
- ii. Jill Enz and Parks to send their joint use agreement with schools to Public Works for review.
- iii. Agreed that an update would be provided during next month's meeting.

e) Presentation to City Council

- i. The Tree Commission tasked Mr. Gearhart with updating the annual report to be made to City Council.

f) Fund balance and encumbrance report for 15(F) (Ordinance Tree Fund), 15(N) (Charter Tree Fund) and BJP (Attachment A) – Mr. Gearhart

g) Fund Status of 630-CITY, Remove & Replace and Level 2 Programs (Attachment C) – Mr. Gearhart

h) Status of Pending Level 2 Tree Projects (Attachment B) – Mr. Gearhart

5. New Business

a) Lisa Grubba talked about getting Dr. Ed Gilman involved with the Tree Commission.

- i. It was decided that anyone interested in being involved with the Urban Forestry Management Plan Subcommittee should email Mr. Gearhart.

b) A conversation was held regarding Mr. Buck Pittman's email to the Tree Commission

- i. It was agreed that the Pre-App should be considered but measuring its effectiveness would be necessary.

6. Public Comment

7. Adjournment – the next Tree Commission meeting is scheduled for Wednesday, October 18th, 2023, at 9:30am and will be a Hybrid/Zoom meeting in Ed Ball Building, 10th Floor, Public Works Office, conference room 5.
