

Program Name:**Out of School Suspension - Alternative to Truancy and Out of School Suspension (ATOSS) Centers****Department Name: Jacksonville Children's Commission**

Prepared By: Gloria R. Lockley and Deatrice Smith

Date: **January 15, 2015**

Contact Info: 904 390-2477

Type Allocation: City Direct Delivery Competitive Bid Legislative Award **Program Strategy:** Keeping Kids Safe and Productive**Program Summary:**

Provide an alternative to the current out of school suspension model and truancy centers and keep truant and suspended juveniles in a structured and supervised environment. There are five Alternative to Truancy and Out of School Suspension (ATOSS) Centers across the city. Students are closely monitored and required to keep their school work current. In addition, the centers serve all students picked up throughout the day for truancy. Short-term, this approach will dramatically reduce the numbers of students unsupervised throughout the school day, improve academic outcomes and reduce crime in surrounding neighborhoods. Long-term, it will reduce crime and lower the dropout rate of at-risk students. Current projections show that the centers can serve 27,000 students annually.

Program Overall Status:

Five (5) Alternatives to Truancy and Out of School Suspension (ATOSS) Centers reopened on November 14, 2014. All centers will be staffed with a social worker and a teacher. At each site, the social worker conducts groups focusing on communication skills, anger management, self-esteem, character traits, forgiveness, goal setting, self-control, truancy, etc. All students (100%) work on Compass Odyssey and/or school based assignments throughout the day. The ATOSS staff engages students in character education group activities to provide them additional resources and supports for making appropriate behavioral choices.

In December, **150** students were projected (referred) to attend the program. **90** students enrolled in the program. Monthly daily student participation total = **197 students**.

Successes: 1) Student participation in the ATOSS program has positively impacted the school's daily attendance as students are not marked absent who participate in the program. 2) All sites successfully reopened on November 14, 2014.

Challenges: 1) Ensuring that schools send assignments for students participating in the ATOSS program. 2) Ensuring that the action codes for suspensions are consistently entered into the Student Information System.

Program Providers – Where there are multiple agencies working together, please specify each agencies role. If type other than those illustrated below, please add to legend type below.

Types: D\$=City direct funded provider PT = Partner or subcontracted provider – NO FUNDING
