

**Planning and Development / Building Inspection Division**  
[Division Website](#)

Vision	Mission
Facilitate the creation of a city with a diverse and compatible mix of land uses that enhances the quality of life of the citizens of Jacksonville.	Provide sound planning services, a simplified regulatory and permitting process, and a shared citywide vision for our natural and built environment.

**# of Building Permits Issued in Jacksonville: 5,253**

**Narrative** The above graphic provides a total of all building permits issued for all building activity conducted in the city of Jacksonville by the Building Inspection Division for the past three years. The graph below provides a monthly as well as annual comparison of city building permit activity for the last three full fiscal years, and can be used as an indicator of how well the local economy is rebounding.
