

Planning and Development/Building Inspection Division
[Division Website](#)

Vision	Mission
Facilitate the creation of a city with a diverse and compatible mix of land uses that enhances the quality of life of the citizens of Jacksonville.	Provide sound planning services, a simplified regulatory and permitting process, and a shared citywide vision for our natural and built environment.

of New Housing Starts in Jacksonville: 476

Narrative The above graphic provides a quarterly total of all housing starts permitted in the city of Jacksonville by the Building Inspection Division for the past three years. The chart below provides a monthly as well as annual comparison of city residential permit activity for the last three full fiscal years, and can be used as an indicator of how well the local housing market is rebounding.
